Take out the saddle rod and pour a tablespoonful of the common, everyday "servant girl's delight," by dealers alled keresene oil, into the hole where the rod was. In nearly all machines the opening through the suddlepost tube communicates directly with the inside of the crank shaft bearing, and hence the kerosene will ran directly on the shaft.

Of course, if your frame isn't built that way don't do it, but squirt the oil in through the oil hole. Having filled the bearings with the deadly kerosene, spin the shaft until the oil which runs out is no longer black- it may be necessary to repeat the operation two or three times-then wipe the parts thoroughly, applying a few drops of your regular oil, and the bearing will be all

The safest way after drenching the bearings and running them thoroughly is to lay the machine on its side until the kerosene has run out, which it will do in a few minutes, though if you can leave it in a reclining position over night so much the better.

vithout a strenuous and severe conflict. As the result of that tremendous and carnest struggle the victory remained with S-mator Quay. In the end it was clear and unmistakable. Let it be freely and unreservedly acknowledged. Twenty-four hours before the convention met Governor Hastings, on distinct pledges and assurances, had a majority of the delegates. But it is the heaviest artillery on the day of the buttle that counts, and Senator Quay, with his great resources, succeeded in overturning that anajority and making me of his own. The vote on temporary chairman was the cracial test, and the nominal majority was thirty. Of this number six were contestants who had no valid claim, but who came in under the compromise. Reducing the analysis to its plainest terms, Senator And the granger jumped lightly to the Quay had twelve more than one-half the convention.
