After Biggens was ejected \$125, while medium and new makes may get down to about \$50. The novelty for made during the past thirty years for the by friends, who persuaded him to leave bext season will be an adjustable gearing which can be attached to all first class wheels. The invention will enable the the sacred trust imposed upon them by tempted this in the church, but after this rider to change the gear wheel from about the immortal Lincoln and the maseifish the matter will be looked into and the 58, the rate for hill riding, to about 85 for level road riding. The change can be made while the rider is on the wheel, and it is said, the improvement has a number of other points. The new gear is expect-

Make Cows Pay. What is the use of keeping cows unless you can make money with them? No other business would

stand a waste of from 25 to 50 per cent, and the dairy business will not. You waste that much butter by pan skimming. Get a SAFETY HAND SEPARATOR and save it. Send for circulars.
