like the machete, which the Cubansare now using in their fight for liberty. Every country has a sword of its own, but Cuba is the one place whose only sword and only instrument of war has been her reaping hook or cane knife.

If she frees berself from Spain the mest decisive part of the work must be done with the machete. A Caban leader, in giving to the

writer his estimate of the chances of the Cubans, said that the conflict ringed very largely on how many of the people in cane fields had good machetes.
