From the Herald, Boston, Mass.

"Just about two years ago or a little more, a ministerial friend came to see me. I was sick in bed and could hardly move, and he was something like old Job's comforter, although not quite. He had much regret and commiscration which was a very poor halm for a sick man. But the best thing be did say was this: "Did you ever see Pink Pills?" I said, "Who do you not recent restor of St. Mark's Epissopal themes at home of Rev. C. J. Freeman, A. B., Ph. D., for recent restor of St. Mark's Epissopal themes at his has swept over Boston, Pr. Freeman has been frequently heard from through the various newspapers and although a resident of compatatively recent date he has excreed much possibly recent date. The possible he was a very poor in England to investigate the troublesome question of the vice of great cities.

The last presched before cultured audiences

The last presched before cultured audiences

and taken hine or ten rockes or paint was decidedly better. Yes, I was certainly improving, and after eight months of Pink Pills I could get about. The numbers of the last limb was nearly come the paints in the

The has preached before cultured audiences in the old world, as well as to the rough pionern in the mining nowas of the Rocky mountains, and his auterances as well as his writings have been in the line of progress and liberality, well-seasoned with practical common sense. Dr. Freeman has written this paper in letter which will be read with much interest. He says:— "Some five years since I found that deep safely say I was never in a better state bealth than I am to-day, and that I attributed

"Some five years since I found that deep study and excessive literary work, in addition to my ordinary ministerial duties, were undermining my health. I detected that I was unable to understand things as clearly as I usually did; that after but little thought and atmy I suffered from a dull pain in the head and great weariness, and all thought and study became a trouble to me. I lest appetite, did not reliab ordinary food, after eating suffering mute pains in the chest and back. There was contracted of the stomach, and the most of my food accented, to tarre to sour water, with most cickly and suffering in vonsiting up such soar water.

such sear water.

At this time I consulted several physicians.
One said I was run down, another said I had chronic indigestion; but this I do know, that with all the prescriptons which they gave me I was not improving for in addition. I had I was not improving; for in addition, I had pains in the regions of the kidneys, a very shage. Ever, so much so that I was very much like a yellow man, was depressed in spirits imagined all sorts of things and was daily becoming worse and felt that I should soon become a confirmed invalid if I did not soon understand my complaints. I followed the advice of physicians most severely, but with all I was completely unable to do my ministerial duty and all I could possibly do was to rea and try to be thankful. After eighteen months' treatment I found I was the victim of severe pulpitation of the heart, and was almost affisid to walk across my room. Amid all this I was advised to take absolute rest from all mental work. In fact, I was already unable to take any duty for the reason was not improving for in addition. I had

It is perhaps true that masing in the country told me of a very acute dispases are not to be traced to funny example of this trait in "our litthe same, but it may be safely stated tle ones." A large party of chaldren were sent up to the schoolroom one afttigst there is a distinct deterioration of vital forces in those who are constantly ernoon to amuse themselves, and after a subjected to the impure atmosphere of time two ladies made an excursion from hadly vertilated rooms. The cause of the drawing room to see how they were the sickening sensation which comes over as upon entering an atmosphere getting on. The youngsters were "play acting," and the scene in which they contaminated with many breaths or of were engaged was that of a fashionable the gradual deterioration of the vital forces which follows confinement in such wedding. Away from the group of performers stood in a corner a tiny girl of an atmosphere is not known. For a number of years prior to 1888 the view prevailed that the discomfort and dandole with her and ask the reason of her solitude. "Oh, hush!" said the tiny ger to health and life in badly ventilated rooms were bargely due to organic matters contained in the air expired, mite, who could scarcely speak plainly. and that the increase in carbonic acid due to respiration has but little effect in in to be born'd."-London Sketch. producing the bad results. Recently, however, several experimenters have concluded that the organic matters in the exhaled breath are not harmful, at recent introduction is, as stated, the proleast to animals." duction of an imitation beadwork on fabrics of various kinds by means of

Referring to recent experiments on the subject, Dr. Shrady says: "The rewhat is known as glass powder, or "diamantine," the result being patterns snitz justify the conclusion that the discomfort felt in crowded, ill ventilated rooms is not due to excessive carbonic acid or to bacteria or in most cases to dosts of any kind, but is in reality due to excessive temperature and unpleasant ofers. Nothing in these experiments shows the cause of the unpleasant, musty odor of an unventilated room, and attention is called to the curious fact that cases of failting in growded rooms usually occur in women and are connected, the authors think, with diffective respiratory action due to tight lacing. Finally these investigations, the authors declare, go to prove that some of the theories upon which modern systems of ventilation are based are either without foundation or doubtful, and that the problem of securing comfort and health in inhabited rooms requires the consideration of the best methods of preventing or disposing of dust of various kinds, of regulating temperature and moisture and of carrying off poisonous gases derived from heating and lighting apparatus rather than of simply diduting the air to a certain standard of proportion of earbonic

Get Their Licenses. There is an ancient law in Rhode Island, whick, however, is almost forgotten, requiring clergymen to take out a license before efficiating at marriages. The other day Father O'Hare and Mr. Stewart, the Episcopal rector of Auburn, went to the town clerk for this Beense. At first the town clerk was much puzzled what to do, as he had no proper license blanks, but he finally got over the difficulty, and the clergymen | livered with weight Bismarck was, of departed. After they had got on a street | course, most celebrated. 66 H, I am so nervous! No one ever suffered as I do! There isn't a well inch in my whole body! I honestly think my lungs are diseased, my chest pains me so; but I've no cough. I'm so weak at my stomach, and have indigestion horribly. Then I have palpitation, and my heart hurts me. How I am losing flesh! and this headache nearly kills me; and the backache!-why, I had hysterics yesterday!

"There is that weight and bearing down feeling all the time; and there are pains in my groin and thighs. I can't sleep, walk or sit. I'm diseased all over. The doctor? Oh! he tells me to keep quiet. Such mockery!"

An unhealthy condition of the female organs can produce all the above symptoms in the same person. In fact, there is hardly a part of the body that can escape those sympathetic pains and

a perfection of misery when there is positively Lydia E. Pinkham's Vegetable Compound acts promptly and thoroughly in such cases, strengthens the muscles, heals all inflammation, and restores the organ to its normal condition. Druggists are selling carloads of it. Mrs. Pinkham, at Lynn, Mass., will gladly and freely an-

swer all letters asking for advice. Mrs. E. Bishop, 78 Halsey Street, Brooklyn, N. Y., suffered all the above described miseries. Now she is well. Lydia E. Pinkham's Vegetable Compound cured her. Write her about it.

A prominent actress writes; ". . . You cannot imagine the fear-ful condition I was in when I first wrote to you. I was simply of no use to myself or anyone else. I had worked hard, and my nervous system was shattered from female complaint and traveiling constantly. I ran the gauntlet of doctors' theories, till my health and money were rapidly vanishing. . . I'm all right now, and am gaining flesh daily. I follow your advice faithfully in everything. Thank you ten thousand times for what your knowledge and Lydia E. Pinkham's Vegetable Compound have done for me."

If in doubt, write to Mrs. Pinkham for advice.
