NERVOUSNESS

Is the Wail of the Nerves for Food.

People with Weak, Flabby Nerves are the Ones who Suffer. They may be Relieved by Building up their Nerves with a Nourishing Nerve Food.

An Interesting Interview with a Prominent Phy-1 sician and a Case in Point Cited.

From the Journal, Kirksville, Mo.

Heary Gehrke is a thrifty and prosperous German farmer living four miles south of Ballion, in this (Adair) county, Mo. Mr. Gehrke has a valuable farm and he has been a resident of the county for years. He is very well-known hereabouts and well respected wherever he is known. Last week a reporter of the Jaurnal stopped at Mr. Gehrke's and while there became much interested in Mrs. Gehrke's account of the benefit she had not Gehrke's account of the benefit she had not metalian.

TO THE FARMERS.

To the farmers, more than to any ther body of our citizens, Mr. Bryan and his free coinage party appeal for otes, with the assurance that a silver ! andard will benefit the farmer, even every one else should suffer.

Now, we ask the farmer, how is a over standard to benefit him? How program offer to the country? Mr. s free coinage to sell his product? How Bryan says "if you will compel the s a fifty-cent dollar or any other dollar Government to coin into silver dollars, a sell his wheat and corn if our wage at the ratio of 16 to I, silver bullion, free of charge to the owners of the bull-

States to look carefully at the facts, based upon Government statistics, has had absolutely nothing to do with We ask them further, to study | ion to the mint, will they not? What farmers of this country will examine silver, as proposed by Mr. Bryan, not only will not benefit them, but will

his wheat and corn now at a profit is that, by allowing foreign mills and factories to supply for our consumption articles which under the McKinley law our mills and factories supplied, of bushels, is consumed in this country than when in 1892, for instance, our wage earners had steady employment at full wages. Let us see if this

In 1892, with every mill and factory running on full time, with every honest man who wished to work steadily the mine owners to buy your crops. A employed, the consumption of domesten-acre farm would produce enough tic wheat in the United States amount-ed to over 386,000,000 bushels, and the consumption in farm products of all consumption of corn to nearly two biltions of bushels-to be exact, 1,983,551,-

In 1885, with the deadly Wilson law rely on the men who work for wages killing the purchasing power of our and who receive in payment for their wage earners, the home consumption daily, weekly or monthly toll over two of wheat has fallen to 315,000,000 bush- and a quarter billion dollars a year. els, and of corn to 1,184,000,000 bushels. They are the people who make your

In that brief time the population of profits when they have the money to the United States had increased 5,000,- buy food, as they made them in 1892, 0.00, yet this entarged population of and who make your losses when they haven't the money, as is the case now. 70,000,000 consumers was able to buy 70,000,000 bushels less of wheat and for these wage earners? How does he 800,000,000 bushels less of corn than our 65,000,000 people bought and consumed plan to give them more work? What is his scheme to increase their purchas-
