Barbara's maiden name was Haner, ud she was born on Dec. 3, 1766, in Lancaster, Pa. Her family moved to Frederick, Md., when she was a child, and in 1806 she married John Casper Freitchie. One of her relatives now living in Frederick is authority for the following statement:

"Barbara was intensely patriotic, and in September, 1862, when the Union soldiers drove the rebels out of silk flug in her hand. Owing to her advanced age (nearly 96) she attracted a great deal of attention, both officers and privates breaking ranks to shake her by hand. will say, that I was under his treatment for 10
months for my hearing. It was Catarrh of
the middle Ear, and like yourself, could hear
some days better than others, could hear better in noise. My hearing was very much improved by the treatment, and have no doubt,
but that he can help you. Dr. Salm appears
to be an honest man, and he will tell you the
truth, whether he can help you or not. If I
were you, I would certainly consult him. I
was longer afflicted than you. My hearing
was bad in one car for about 35 years, and in was bad in one car for about 35 years, and in the other for about 24 or 25 years. Hoping that your hearing will be entirely restored, ISAAC PIERSON. Bedford, Bedford Co., Pa.

After the Country Doctors Had Given Him Up as Incurable, Dr. Salm Cured Him, I must truly say that Dr. Salm has treated me well, and I have improved wonderfully under his skillful treatment, even after our country doctors all gave me up as incurable. REV. J. D. LEISTER, SWALES, PA. Yours came to hand to-day. Dr. Saim treated my 13 year old boy for Catarrh in the head, and cured him in six months. I don't know whether he can cure you or not, but on examination he will tell you the truth. I know a man here, that he examined, and he told him that he could not be cared. I know other people, that he has done a great deal of rood, in other cases.

Dr. Salm Snatched Her From Her Grave.

You asked me why I did not come back last mouth. The medicine Dr. Salm gave me helped me so much, that I thought it was not necessary to return at present, but, however, if I need any further treatment he is my physician. He cured me of scrofula, about one steian. He cured me of scannight say, from year ago, snatched me, you might say, from the grave. This is saying a good deal, but it Mus. A. E.
