was scarcely far enough ahead of him to warrant his attitude. So he rebelled against the colonel's authority and proclaimed his independence. This lasted three days, and then the colonel regained his ascendency in a

manner altogether unusual among the powers of the world. While so little older than the major, he was a good deal larger and stronger, though it must be added in justice to the latter, not a whit more courageous. He did not use his superior strength to coerce his former follower into renewed allegiance; but the day that Tout Sykes, the bully of the school, attempted to take by force the major's top. knocked him down, and was proceeding to administer a severe thrashing, suchdenly the colonel appeared on the in front of the bunk, engaged him in battle.
