

FRENCH ARMY MEDICAL PINK PILLS

One Case from the Third N. Y. Cavalry and one from the 5th Michigan Cavalry.

There are Five Hundred Thousand Veterans Still Living and a Great Many have This Affliction.

Contracted in the War.

A SUBJECT OF INTEREST TO SOLDIERS.

H. B. KNOWLTON, Fifth Michigan Cavalry, Tells of the Effects of Army Life.

From the News, Westport, Mich.

There are few pleasures derived in this part of the country than the one along the coast. I have lived in the State of Michigan for thirty years, and in the War of the Rebellion in Company D, Third New York Cavalry, and was a good soldier. I contracted this disease in the summer of 1862, while on duty in the trenches near the city of New Orleans. I was then a private in the Third New York Cavalry, and was one of the men who were sent to the hospital at New Orleans. I was there for several months, and during that time I contracted this disease. I was then a private in the Third New York Cavalry, and was one of the men who were sent to the hospital at New Orleans. I was there for several months, and during that time I contracted this disease. I was then a private in the Third New York Cavalry, and was one of the men who were sent to the hospital at New Orleans. I was there for several months, and during that time I contracted this disease.

Mr. Knowlton is a man fifty-five years of age and served three years in the war, being a member of Company F, Fifth Michigan Cavalry. He has lived in Allegan, Michigan, since the war, and is one of the substantial farmers of the county. His farm, which contains one hundred and eighty-five acres, being a valuable property. He was working in the field when he contracted this disease. He had been in the field for several days, and was working very hard. He had been in the field for several days, and was working very hard. He had been in the field for several days, and was working very hard. He had been in the field for several days, and was working very hard.

A Cuban Rhapsody.

This is Your Opportunity.

On receipt of ten cents, cash or stamps, a generous sample will be mailed of the most popular Catarrh and Hay Fever Cure (Ely's Cream Balm) sufficient to demonstrate its great merit. Full size 50c.

ELY BROTHERS,
156 Warren St., New York City.

Poor Henry's Stupidity.

"Yes," said Mrs. Fiveo'clock, "the family are most interesting. John dances divinely, Tom sings like an angel, David is a famous football player, and Susanna paints beautifully and does the reading club."

"Oh, Henry! well, he's rather dull, you know. He only works and supports the others."

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the liver and kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as "the very best blood purifier and nerve tonic." Try it. Sold for 50c or \$1.00 per bottle at Snyder's drug store, Somerset, or at Brallier's drug store, Berlin.

Kneading Machine.

Much of the labor of breadmaking may be obviated by a kneading machine, designed principally for family use, and which will enable every house to indulge at will in the "best biscuit," or a loaf of bread as soft and tender as that of the baker. It is made of sheet iron, and is simple in construction, and is operated by a hand crank. It is made of sheet iron, and is simple in construction, and is operated by a hand crank. It is made of sheet iron, and is simple in construction, and is operated by a hand crank.

What Do You Know?

A Great Deal Depends on Knowing the Right Thing. Somerset.

Do you know all about your kidneys? Do you know their real functions? A school boy writes in composition: "We could not live without kidneys." He might add, "so could I live without them." The man who says "so could I live without them" is a fool.

Much to Comment It.

The committee on counties and townships has decided to report favorably to the State House of Representatives a bill requiring county auditors to meet monthly to pass upon bills before paid. It strikes us that it is a pretty good sort of measure. Under the present system the auditors meet only once a year, and then their work is altogether in the nature of a review of what is past. They may find that injudicious expenditures have been made, but they are not to be faulted for it. They are not to be faulted for it. They are not to be faulted for it.

The Grand Remedy.

Mr. R. B. Grove, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but got no relief; spent many nights sitting up in a chair, was induced to try Dr. King's New Discovery, and was cured by use of two bottles. For just three years he has been attending to business, and says Dr. King's New Discovery is the greatest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for coughs, colds and consumption. It doesn't fail. Trial bottles free at Snyder's drug store, Somerset, or at Brallier's drug store, Berlin.

AUDACIOUS KISSANE.

The Rogue and Forger Was Typical Soldier of Fortune.

The hero of the following story, Kissane, had been a prominent business man in Cincinnati. He was tried with others and acquitted on the charge of kidnapping the stout Martha Washington to secure insurance, and afterward was sent to the penitentiary for a large bank robbery.

Margaret's Sacrifice.

The little children were talking of Lent and of what they would each give up for the season of fasting and repentance.

Candies and cake went on the list of sacrifices.

Little Margaret, aged two and a half years, was an infant listener.
