# Vitality?

Every breath you breathe, every heart be t, every motion of your hand, takes force. The measu e of force we call vi ality. If this is lacking, there is loss of flesh, lack of resistive power, a tendency to catch disease easily, es ecially a tendency to Consumption. For low vitality nothing is better than Scott's Emu sion. It supplies force by furnishing the nourishing, strengthening elements of food in an easily digested form; enriches the blood, and builds up the system. When ordinary food is of no avail, Scott's Emulsion wil supply the body with all the vital e ements of life. Two sizes, 50 cts. and \$1.00. All

druggists. If you will ask for it we will send you a book telling you all about Scott's Emulsion. Free.
