A few weeks ago we had about concluded that the usual spring amusement season was to be allowed to pass by formance that always takes place about primary election time. We have grown accustomed to these annual proceedings in the county-the destruction of the "machine," the overthrow of the "ring" the pulverizing of the "bosses," the cries, the roarings and the bellowings, and, later on, the gurgle of the smothered noise. But last week our fears were shown to be groundless. The old, well known political acrobats appeared upon the scene and the readers of their outpourings were once more treated to a sight of such familiar phrases as "damnable piece of bossism," "daring rascality," Seoterie of political tricksters," "political desperadoes," etc. No, we are not to be deprived of our usual spring amusement; the annual comedy and farce is to be reacted.

It must be gratifying to the Republicans of the county to know that they will be represented in the next State Convention by Hon. E. D. Miller, John W. Mostoller and James M. Cover. Three more thorough and representative Republicans would be hard to find.
