Special Notice.

Dr. J. P. Hunter, an eminent practi tioner of Allegheny City, will have charge of Dr. H. S. Kimmel's practice, charge of Dr. H. S. Kimmel's practice, during the latter's absence in California.

All of Dr. Kimmel's patients can rest assured that their calls will be promptly and efficiently attended to.

Jumbo, the famous 4-year old steer weighing 5,000 pounds, 8 feet tall, and 12 long was killed at Wichita, Kansas, on Twine open for inspection at our store, Monday. He had massive horns fifteen J. B. HOLDERBAUM, inches in circumference and six feet Somerset, Pa. across, with perfect curves.

A Double Track Tunnel.

From the time the Pitisburg and Connellsville Railroad, now part of the Baltimore and Ohio system, was constru over the Alleghanies, the maintenance of way department has had a great deal of trouble with what is known as Falls Cut. twenty two miles west of Cumberland on the mountain grade. This cut is through a spur of a mountain, and the earth and stones forming the sides have always Section t. Re it enacted by the Senat shown a tendency to slip. So threaten ing did the danger become some years ago that heavy timbers were used as braces, and as time wore on these timbers were increased in number, until the cut now almost has the appearance of a wooden tunnel. There have been nume fires, caused by sparks from the locom tives, and constant watch has to be kept at this cut for fear of either a fire or a caving-in of the mountain. Such an accident will entirely close the Pittsburg division for t' rough traffic, as the topo graphy is such at that point as to rende it impossible to hastily construct another

Within the past six months, however, Chief Engineer Manning has prepared plans, to entirely obviate the trouble at this point, and at the same time make some needed changes in the slignment of the road and also prepare it for a second track, when it shall be decided to extend the double track from Connellsville to Cumberland.

Mr. Manning's plans include a 530-foot double-track tunnel thirty feet wide, involving 20,000 cubic yards of excavation, the construction of 3,000 cubic yards of bridge masonry and three modern steel bridges, one a span of 80 feet and two with spans of 60 feet each. The improvement changes about a mile of the line at that point, and one or two very bad curves are eliminated. From the way the work is now progressing it is expected that it will be completed about the 1st

A Disappointed Crowd.

A large crowd gathered to witness the advertised game of base ball between Uniontown and Somerset, on the home grounds, Thursday afternoon. Rain fell at intervals and retarded the progress of the game, which was called at the close of the fifth inning in accordance with an agreement made in order to permit the visiting team to return home the same afternoon. Score 10 to 5 in favor of the visiting club. There was more or less dissatisfaction expressed by the spectators, many of whom are of the opinion that they bought a "gold brick," since they paid gate money to wifness a game of balf and were dismissed when the game was only a little more than onehalf played out. The public will not tol-

erate this kind of conduct long. The Uniontown club is composed of : gentlemanly set of young fellows, most of whom are college boys on their sum mer vacation, and they know the Nation-Crawford, play, and to say that the crowd was delighted with the former's performance but mildly expresses their sentiment. It was painfully apparent

Uniontown defeated Meyersdale in a hotly contested game Wednesday after-Saturday afternoon Meyersdale and Berlin crossed bats on the grounds of the latter, but the game broke up in a row at the end of the 3d inning, Meyersdale re-

decisions by the ampire. From the reports we have received from responsible parties, we have no hesitation in recommending any of our numerous subscribers who are in want of a good stove or range, to try "Garland"
