Opinions expressed publicly through this newspaper by people in the commoner walks of life who live in some distant State lack the interest which is attached to opinions held by residents of the Western part of Pennsylvania. The former have always a suspicious hald about them which is absent in the latter. To put it plainly, the reader would sooner believe the statement of a man living in Greensburg, Pa., 'than the statement of a resident of Woonsocket, R. I., and when the Greensburg citizen courts inquiry, the experience which follows can certainly be depended upon. Mr. Amos Eisaman, painter, whose office and shop is at 331 W. I never felt better than I have since I took the pills last winter. 1804, My kidneys have been weak and have troubled me more or less ever since I was a boy, but the last few years very severely. The pains through my loins were often so severe that I could not get around to my business, and to do any work necessitating stooping or lifting was entirely out of the question. The secretions were irregular, frequent and distressing, and on standing deposited a heavy sediment. I had doctored a great deal, but without getting any satisfactory results. When I saw Doan's Kidney Pills recommended so highly, I thought I would try them, and I got a box at a drug store. I felt so much better after the first box Opinions expressed publicly through
