A Woman's Heart.

The wife of a clergyman tells the story of her suffering with neuralgia of the heart, with the hope that her experience may indicate to others the way to regain

Few bodily afflictions are more terrible than heart disease. To live in constant dread and expectation of death, sudden, instant death, with last larewells unspoken, is for most people more awful to contem-plate than the most severe lingering illness. The slightest excitement beings great suffering and danger to people so affl Such was the experience of the wife of

such was the Experience of the war of a well-known clergyman. She tells her story for the sake of doing good to othera. "I feel," she said, speaking carefully and weighing her words, "that Dr. Williams' Pink Pills for Pale People relieved me of a lifetime of sickness and sorrow, and I cheer-

fully recommend them."

This grateful woman is Mrs. Warnsley, wife of the Rev. C. E. Warnsley, who lives on West Sheridan Street, Greensburg, Ind.

She continued:

"My heart became affected after the birth
of my youngest child, about six years ago.

"The pain was constant. Frequently it
grew so severe I would be forced to cry out.

"I could not endure any excitement. "It would increase the pain so I would scream and fall down in a state of collapse. In this condition I was helpless.

"These spells would come on me at

home, in the street, or anywhere I might be.
"I could not sleep at night. I are very little.
"Different doctors were called in. They said I had neuralgia of the heart, resulting from nervous prostration.

THE GOOD BEAR.

Santiago, Who Lives In Newton, Likes to The most popular bear within many miles of Boston at this moment is unquestionably Santiago.

Santiago lives in glorious state in Norumbega park, a suburban pleasure ground in Newton, on the Charles river, just at the western edge of greater Boston, and his specialty-that in which he excels all other known bears of history, eacred or profane-is drawing loads of children in a cart.

No mere goat or pony or Turks island donkey can hope to equal the majesty of Santiago's mien as he am-

Santiago is a fine black western bear. Except for the heat, which annoys him terribly, he is just as happy as any bear alive. To draw a light wagon about is no such hardship, particularly when there are candy and nuts in plenty by

It was no easy task to teach Santiago to pull the cart. His owner, John T. Henson, is a famous animal dealer and circus beast kindergartner. He knows all about training animals, but he had the tussle of his life with Santiago. That was because Santiago, like other headstrong people didn't know what was good for him. Now he is really fend of his wagon and of the children he draws, particularly when they feed him candy, and you couldn't keep him away from his wagon and gay little harness if you tried. - New York World.

It is their business to know the regular patrons of fare banks, and if the man who employs them has been forced to close up his old place and open a new one it is their duty to circulate the tip. "A good outside man spends his time rants and picks up acquaintances wherever he can. After working up to the subject of gambling he invites his new friend to go around to a little place that is run honestly and safely. One of the best dressed lonngers on Broadway, whose face has long been familiar to paraders on that street, is a puller in for a cambling house. He was a barkeeper a few years ago and there made a lot of acquaintances who are his stock in trade. He spends money as freely as a wine agent, and I have no doubt that he brings many thousands of dollars to the man who runs the gambling bouse."

"There is another common misapp hension in the minds of some people in reference to the state funds. After the urer stood exactly in the same relation to the banking institution that any other depositor did. The bank used the state funds just as it used the funds of any private depositor. There was no state as a depositor and any private and becomes soft and spongy after that individual. The state treasurer required bonds from these banking institutions and relied entirely on these what should be dorn with the funds in London this class is one in 30. after they were so deposited.
