The American navy should be American-built, and every vessel in it should be for service and not for show. The Spanish vessels, if saved, would, to a greater or less extent, be floating relies or movable curiosity shops. So far as that goes, the disappointment to American swill be great, but we think that all good patriots would rather have five staunch American built war vessels added to our navy than the five ships that Admiral Cervera lost in his attempt to get out of Schley's battle.

New York, Nov. 9,-Theodore Roosevelt, the Republican nominee, according to indications, probably carried the state by a plurality over Augustus Van HIS PLURALITY ABOUT 125,000 Wyck of about 20,000. The total Republican vote, when received, will probably show a falling off, as compared with that for Governor Black in 1896, of about 14 per cent. In the mumeipality of New York the old-time Democratic majority was approximated, Van Wyck's vote being about 80,000 candidate. This latter result was helped in some measure by the result in the boreugh of Brooklyn (Kings county), which, in 1896, gave Black, Republican, a plurality of 23,682, but

Brooklyn is the home of Judge Van Wyck, but this fact does not wholly explain the practical reversal of pluralities, which, it is possible, is attributable to the lukewarmness of the friends of Jacob Worth, who was deposed from the chairmanship of the county commayoralty contest last year. The returns from many counties up the state are incomplete, and in some cases are missing altogether. The indi-

figures at Land, point to a Republican plurality in the count es above the Harof about 103,000, to offset which the Lemocrats can produce only the 80,000 plurality of Greater New York. The soldier vote will not be consted until Dec. 1, but it is not likely that the bailets from the camps will materially alter the result. There would seem to be the greater probability that the majority for Roosevelt will be increased. The figures on congressmen are not accessible at this hour, but there are indications that the Democrats have made some gains in New York city dismajority of Congressman

Quigg, in the Fourteenth district, has been reduced by William Astor Chan-ler, but he is probably returned. Congre-sman Sulzer, Democrat, whose district renominated him upon a free silver platform, is undoubtedly re-elected. There appears to be a loss of four Republican congressmen in the Brooklyn districts, the Second, Fourth, Fifth and Sixth; and Congressman Quigg, who had a majority of about 9,000 at the election last year, has been de-feated by William Astor Chanler. In the Albany district, the Twentieth, Glynn, Dem., has been elected to suc-
