ney indicate artistic feeling. ARTESTIC SIGNS.

"Straight eyebrows, forming a firmly lefined line close to the eyes, denote great determination and will power. Those which begin rather strongly and terminate abruptly without passing beyoud the eyes show an impatient and

rascible nature. "Sensitiveness and tenderness are indicated by slightly arched eyebrows, and firmness of purpose and kindness of heart by those which are straight at the beginning and are rather arched at the temples. The eyebrows of people utterly devoid of mathematical power are raised at the termination, leaving awide space between them and the corners of the eyes. On the other hand, If they are close to the eyes at the end mathematical talent may generally be

safely assumed. "Eyebr wa of the same color as the hair show constancy, firmness andresolution; if lighter than the hair they denote indecision and weakness: right in our surmise that their owner is of an ardent, passionate and inconstant disposition.
