DEMOGRATS DISGUSTED

Many Resolve to Vote For Lieutenant Colopel Barnett, Republican Nominee For State Treasurer, to Show Their Contempt For Their Party Leadership.

A dastardly attempt to interfere with the mustering in of United States troops to go to the aid of the American soldiers who are dally being shot down by the insurgents in the Phillppines has aroused an intense feeling of indignation among loyal citizens in this city, says a special dispatch from Johnstown, Pa. Treason, right here in the heart of patriotic Pennsylvania, is a startling reality. The office of the Daily Johnstown Democrat is the headquarters of a conspiracy to hamper and harass the United States recruiting officer detailed for duty at this point and directed to secure as many able bodied men for the army as possible. With every day bringing fresh advices from the Philippines o American citizens, gallant soldiers and

At best, what is war to the soldier-the man who does the gilling and the a ing? A boy who received his first unlform in Sunday school when only a child, and who was there taught

to march and bear a gun, goes forth beneath his country's fing to fight. He has read the stories of the wars, and seen the pictures of battles in his books, where our brave armies made glorious charges against their stubborn foes. Some were falling always, but our side

was ever pdessing on to victory, and those who fell were caught by loving hands and borne awayheirs to eternal fame. He dreams of the glory of the battlefield, promotions, his country's applause and an immortal name to be left to posterity. The days pass on, and at length he and

hi scomrades press forward and bathe their bayonets in the flame of the enemy's batteries. There is a sharp sting in his breast, and as he staggers and falls, from his bosom flows a thin stream of red - the same gaudy color with which his country baited him to his death.

His comrades press on and leave him on the lonely mountain side. There is no hand to bathe his head, no car to hear his dying words, no tongue to tell his valorous deeds. no glory, no anything, but anguish and death. The rtopic sun bakes his bare head and blisters his

white face. In vain he cries for water, while the flies blow maggots in his mouth and nostrils. His only answer is the screaming of the buzzards, as they circle earer and nearer. He thinks of home, of his childhood days, of his mother, of his sweetheart, but he can send no word. He grows whiter and colder, for death is upon him, and so are the buzzards, pressing their beaks into his eyeballs and into his entrails, while his soul is walted to him who said.

The Brogue Saved Him. The thickness of his brogue secures for a recent arrival from the Emerald Isle a ride of several hundred miles at the expense of the Pennsylvania rallroad. His destination was Boston, and at the Broad street station he asked for a ticket to the Hub. The ticket seller was unable to determine whether it was Boston or Washington the man wanted to reach, but finally sold him a ticket for the latter city, and a few hours later he found himself in the national capital. As he was unable to gend, the mistake was not discovered until he reached Washington, and to complicate matters he had not suffcient funds to purchase a ticket to

Boston. He presented his case to the railroad officials at Washington, and they, putting him to a test, were mable to distinguish from his pronunciation of Washington and Boston any material difference, thus exonerating the clerk at the Broad street station, in this city, for his error. The facts of the case being laid before the general passenger department, the man with the brogue was forwarded to his proper destination .- Philadelphia Record.

LOYAL DEMOCRATS DISGUSTED. Many Democrats who are loyal to their country's flag are holding their heads in shame over the action of their party leaders, local state and national, who permit and encourage this, their principal Democratic organ, to pursue this course. Praise for Aguinaldo from this chief champion of Creasy, the Bryanite candidate for state treasurer, has done more to domoralize and disgust the patriotic Democrats of this section than anything that could have happened. PRAISE FOR AGUINALDO.

One of the most objectionable publications in the Johnstown Democrat appeared in its issue of Sept. 26, 1895. In its leading editorial of this date The Democrat said:

The misrepresentations of Aguinaldo is monstrous. There is no ground for the charge made against him of greed and personal ambition. If greed had been his weakness Major McKinley long ago would have ascertained the price, as he ascertained the price of the polygamous sultan of Sulu. The perversion of history contained in the statement that Aguinaldo "made war upoa us while we were still formulating a treaty with Spain" is dampable.

Following this certificate of character for the leader of the men who are slaughtering our troops in Luzon The Democrat proceeds to jump to the aid of the enemies of the country by printing a long article calculated to block the efforts of the federal recruiting officer stationed here. While not making it an editorial statement, it is given in the shape of a communi-cation, practically anonymous, over the signature "A Man," but with the editor's expression of approval in the heading, which reads, "Files a Patriotic Protest."

Here is the article in full clipped from The Dally Democrat, of Johnstown, published Tuesday, Sept. 26,

The political phase of the question will probably develop more strongly later on. The people are just now aroused by feelings of patriotism. They will take up the politics of the rituation between now and the election next month. It is pointed out by prominent supporters of Lieutenant Colonel Barnett toat the sentiments expressed by the Johnstown Democrat

on this question are in line with what is being printed by many other advocates of Creasy's election as state treasurer, only they are more radical in giving voice to the sentiments that all Bryanites hold.

"Bryan's servile follower, W. T. Creasy, the Democratic candidate for state treasurer." says the Wilkesbarre Times, "is anxious to make the campaign on what he pleases to term 'state ssues' and then he proceeds to create them by his fertile imagination and reckless tongue. Creasy and his insurgent friends are positively reckless in their declarations that the people have been 'robbed of millions upon millions under machine miarule in the

state treasury.' This is simply absurd, and no one knows it better than those who utter a tale so false. Not a one red cent has been stolen. Not a dollar is missing. The books are straight, and no direct charge has ever been made or a single item pointed out as being wrong. We ask, therefore, wherein is there a state issue for the

treasurership? "These scandal mongers know that old methods no longer exist, and so if the objection is to old methods the

ground is cut from under their feet. The Republican legislature, it will be emembered, inaugurated a perfect reorm in the method of banking money.
