LAWTON served his country bravely and died for it at the head of his troops. His fame and his example are without a flaw.

Not a Republican fell out of ranks in the vote on the financial bill. The party is entirely harmonious on the eve of the presidential year.

In the closing hours of the debate the currency bill both sides gave ex-President Cleveland a slapping up. And at a time, too, when Grover is suffering with rheumatism.

It is the seal in the Senate of Allen, of Nebraska, to be questioned, he is ready, at a moment's notice, to talk the other eighty-nine members to death, individually or collectively.

THE Republican State Convention will be held at Harrisburg the latter part of April, probably on Wednesday the 19th. The date will be decided upon within the next few days.

SENATOR PETERFREW writes an expression by the United States of sympathy with the struggling Boers. In what respect the Boers are in need of sympathy just now is not entirely clear.

UNCLE SAM is still paying the expense of sending Spanish prisoners home from Manila. This provision of the peace treaty was the only thing which Spain did during the whole war.

SENATOR ALLEN says he is going back to the Senate to send the clamor again. It had been hoped that during the period of his retirement the Senator would learn to play on some other wind instrument.

TILLMAN, of South Carolina, suggests for next year the Chicago platform in its most radical form, with an Aikinian plank added. His idea is that brandishing the pitchfork in defiance will offset the fall.

GROZEL still pursues his idea that elections in Kentucky are to be decided by some crooked political scheme instead of by votes. Such a creature in the Governor's mansion would cause the State beyond precedent.

THE Department of Agriculture has estimated the wheat crop of the country in the present year at 547,000,000 bushels, which is considerable in figures, but as a large quantity was left over from last year the actual supply in the next eight or ten months will not be much less than it was twelve months earlier. There is not much of a chance for a great advance in wheat, notwithstanding the activity in business and the generally favorable trade conditions.

THE House passed the financial bill Monday by a vote of 190 to 150. Every Republican voted in the affirmative. Eleven Democrats joined them in support of the measure. It is certain that the Senate, at an early period after the holidays, will act upon its currency bill, and the prospect is that the two Houses will promptly agree upon and perfect the main financial legislation of the session. The House has shown itself thus early to be a businesslike body. The unbroken unanimity of the Republicans in debating and voting upon this bill is a sign that the majority is bent upon doing its work promptly and effectively. It can be said that the Democratic members of the House made a vigorous fight for free coinage, but they would have done so if the overwhelming judgment of the people were not against it.

day, on the theory that the greater the remove from the usage of the older Churches, the nearer to true godliness.

For more than a century after the end of Cromwell's republic and the downfall of the Puritans in old England many of the ideas of the Puritans of the Cromwellian time prevailed throughout New England. Christmas was not recognized in either a religious or social way by the early settlers of Massachusetts, Connecticut and the other colonies in their neighborhood.

Thanksgiving was the only festival which had any vogue in that quarter until well along in the present century, except among the Roman Catholic element of the population. In fact, only within the past quarter of a century did December 25 begin to differ in any essential particular from the average day in the calendar of the descendants of the original inhabitants of the New England States.

In the Middle States and in the South Christmas was obtained both religious and social recognition from the first. The Dutch and German of New York and Pennsylvania, the Roman Catholics of Maryland and the descendants of the Cavaliers in Virginia and some of the other Southern colonies and States had no share in the Puritan view of the matter. In New England, as well as in the rest of the country, the great festival of the closing week of the year now finds as general observance as it does in any other part of Christendom.

MOODY HAS GONE HOME AGAIN. Great Evangelist Passes Peacefully Away at Home.

EAST NORTHFIELD, Mass., Dec. 26.—Dwight L. Moody, the famous evangelist, died at noon today. He had been ill for several days, and the members of Mr. Moody's family and immediate circle of friends that death would be the result of his illness.

The crisis of death was a general break down, due to overwork. Mr. Moody's heart had been weak for some time and exertions put forth in his meetings in the week brought on a collapse from which he failed to rally. The evangelist broke down last night at his home, and he was holding services, about a month ago, and the seriousness of his condition was so apparent to the physicians who were called to attend him, that they forced him to abandon his tour and return to his home with all possible haste. After he reached Northfield eminent physicians were consulted and everything was done to prolong his life.

A bulletin issued last week said Mr. Moody was very ill, but that a little improvement was noticed. This week the patient showed a steady gain until yesterday, when he showed symptoms of nervousness and weakness which caused his final death.

This morning the weakness continued, and at 8 o'clock Mr. Moody called his wife and children, telling them his end was near. The family remained close by the bedside all the forenoon.

The evangelist was almost free from pain and occasionally talked with apparent ease. Just before 12 o'clock the watchers saw that the end was approaching, and exactly at noon the great preacher passed away.

Mr. Moody first knew at 8 o'clock last evening that he could not recover. He was satisfied that this was so, and when the knowledge came to him his words were: "The world is receding and heaven opening." During the night Mr. Moody had a number of sinking spells. He was, however, kinder to himself than to those about him. At 2 o'clock he said to Dr. N. P. Wood, the family physician, who spent the night at the home, was called at the request of Mr. Moody. The patient was whispering and he requested his son-in-law, A. F. Pitt, to speak to him. The first of the night with him, to call the physician that he might note the symptoms. Dr. Wood administered a hypodermic injection of strychnine. This caused the least relief, and he went on regularly and Mr. Moody himself requested his son-in-law, Mr. Pitt, and Dr. Wood to retire. Mr. Moody's eldest son, Will R. Moody, who had been sleeping the first part of the night, spent the rest of the night with his father. At 7:30 this morning Dr. Wood was called and when he reached Mr. Moody's room found his patient in a semi-conscious condition. When Mr. Moody recovered consciousness, he said, with all his old vivacity: "What's the matter, what's going on here?"

WHAT HIS AIM HAD BEEN. Some member of the family replied: "Father, you have not been quite so well and so we came in to see you."

A little later he said to his boys: "I have always been an ambitious man, not ambitious to lay up wealth, but to leave you work to do."

In substance Mr. Moody urged his two boys and his son-in-law, Mr. Pitt, to see that the schools in East Northfield, and at Mt. Hermon and the Chicago Bible Institute should receive their best care. They assured Mr. Moody they would do.

During the forenoon Mrs. A. F. Pitt, his daughter, said to Mr. Moody: "Father, we can not spare you."

"I am not going to throw my life away. If God has work for me to do, I'll not die."

Dr. Schaeffer puts it in this way: "It is apparent that if a man keeps his 10-year-old son at home to do work about the house, and then sends him to school and a half day, every day of the boy's time properly spent at school will be worth ten times as much as a half day at home."

THE arrangements for the funeral have not yet been fully completed, but the service will be held next Monday afternoon at 3 o'clock in the Congregational church. The burial will be in the "Roundtop." This is a spot on the cemetery grounds which is a very beautiful one, and which has become famous in connection with the summer meetings and on which hundreds of student gatherings have been held, many of them conducted by Mr. Moody.

Governor Stone's Administration Determined That All Shall Pay Every Penny Due.

FIGHTING FOR STATE TAXES

Auditor General McCarty Jokes in the Senate, and is Having an Examination Made of the Situation in Every County in Pennsylvania.

(Special Correspondence.) Harrisburg, Dec. 26.—Governor Stone's administration is making a record for compelling the corporations of Pennsylvania to toe the mark and pay the law, especially in the matter of the payment of taxes levied by the state.

Attorney General John P. Eikin divulged almost the entire week upon corporation cases, and as the result of his strong arguments in court and the fact that the officials of corporations have come to realize that there is to be no letting up in this matter, thousands upon thousands of back taxes, claims that have been contested for years, will, within a short time, be paid into the state treasury. The fact that during the past year only a million dollars was gotten from the corporations by the state is already to the credit of this administration.

with delight the change in the law fixing the minimum school term at seven months, because it relieves them from criticism for taking a step which they felt ought to be taken and which they hesitated to take through fear of increasing the ire of taxpayers.

The head of the department expresses the hope that at a distant day the increased revenues of the commonwealth will warrant the restoration of the state appropriation of \$5,500,000, that when this day comes a liberal sum will be set apart for the promotion of township high schools.

The report shows that there are nearly 28,000 public schools in Pennsylvania. These schools are in charge of 28,829 teachers and attended by 1,152,322 pupils, an increase of nearly 10,000 over 1888. Dr. Schaeffer states that the seventh month school law brings an additional million of schooling value in the reach of over 200,000 children.
