

TOM THUMB ABROAD.

THE FAMOUS DWARF'S VISIT TO ENGLAND IN 1844.

Baron's clever advertising in the London newspapers - The fact that the dwarf was a native of the island of Sumatra - and a prime favorite with royalty.

In St. Nicholas Mary Shears Roberts recounts the successes of the famous dwarf Tom Thumb. There have been several dwarfs, but none brighter or more intelligent than our tiny Yankee, who was never more than a three feet tall.

In those days a voyage across the Atlantic was a much more important event than it is now, and you may rest assured that Mr. Barrow made great capital of this 19 days' journey.

Soon after arriving in London Mr. Barrow and his charge called at the office of the Illustrated London News. The first portrait of Tom Thumb taken in England appears in that journal, dated Feb. 24, 1844.

THE PAGE'S DIFFICULTY.

He Told His Troubles Right Out at the Wedding.

A good story comes from Atlanta, but the incident happened several seasons ago. The occasion was a swell church wedding.

The bride, surrounded by a company of pages, flower girls and bridesmaids, was slowly passing down the aisle, while the prospective bridegroom and his best man and the officiating clergyman were taking the usual vows.

"Mamma," he shrilly cried, "nurse put on my pants wrong side before, and I can't hardly walk."

"Of course," said the mamma, coldly looking on, "but bluish scarlet, but lifted a prayer that the young man would keep still from that time on.

THE MOHAVE INDIANS.

THEY ARE THE MOST SUPERSTITIOUS OF ALL OUR RED MEN.

After Death Their Spirits, They Say, Are Carried to Heaven in the Smoke From Their Burning Bodies—Those Not Burned Turn to Owls.

J. K. Meekins, formerly a government special agent, says that the Mohaves are the most superstitious tribe of North American Indians.

"The Mohaves," said he, "believe in a god Mat-o-we-la. He is the maker of all things. He has a son, whom they call Mas-zum-bo, who is king of the deities.

"They believe that the spirit dead goes up to White Mountain in smoke from the fire of the funeral pyre.

"The dead body was placed on the pyre, the fire was lighted, the crackling flames swept freely about the corpse, and the spirit was said to rise to its eternal home on White Mountain.

THE OLD TIME BELLE.

THE BUZZY MODERN GIRLHOOD SMILES OVER HER TRIVIAL INTERESTS.

An extract from the Journal of a young lady of fashion several centuries ago makes one feel quite relieved that it is not really a part of elegant living nowadays to keep journals, read and write them, and so forth.

"The old time belle," said he, "was a different creature from the modern girlhood. She was more serious, more thoughtful, more interested in the world around her.
