THE several aspiring attorneys who are preparing to run for President Judge in 1901 betray a very poor conception of Br'er Kooser's wind.

GOVERNOR ROOSEVELT'S boom for Vice President grows with such rapidity that he is obliged to turn out about twice a week and run the lawn mower THE power of a Legislature to take

away from the people the right to elect State officers is the point at issue in Kentucky. If Goebelism prevails the ballot box becomes a memory. Some of the men in Kentucky ac cased of the murder of Goebel have secured a change of venue and will be

into office Monday. COL. JAS. E. BARNETT, whom the insurgents of the State did their utmost to defeat, became State Treasurer Monday, succeeding IIon. James S. Beacom. Mr. Beacom turned over to three millions of dollars.

Now that the smoke of battle has cleared away, the monumental frauds and he be allowed to fill an office-that attempted and perpetrated by the insurgents at the recent primary election should come "as every official position should come a voluntary tender from nominate W. "It is hard to learn an old dog new tricks," is a familiar saying. Ex-Assemblyman Koontz, when yet a young man, was a candidate for Congress against A. H. Coffroth, Esq. Coffroth was declared elected and by a pronounced majority of the votes to win by a trick, a technicality; by the disfranchisement of several hundred of his feilow citizens. Verily, the habits acquired in youth are hard to shake off in after life.

On the morning of the recent primary election a number of the qualified Republican electors of Ogle township served notice on the gentleman whom J. A. Berkey had appointed Committeeman, without warrant of law, that they proposed to elect their own Comdo so. Mr. Berkey's appointee handed over the tickets and blanks to the duly. elected Committeeman, who proceeded to hold the election in strict conformity with the party rules. Some seventy odd votes were east at this poll by duly outlified Republican voters. Yet, on the pretext that this was an illegally conducted poll, Messrs. Koontz, Kendall and Kooser are endeavoring to have the entire vote of Ogle township discarded, in the vain hope that it will port social circles at that time. The assist in giving them positions for which they were defeated by a majority of the Republican votes polled in he eloped is now a resident of Philadelthe county. A little over a year ago, when political gold bricks were meeting with ready sale, that astute Democratic leader, Colonel Guffey, disposed of a goodly-sized one to his verdant country friend W. H. The Somerset Herald, the enemies of the party that had fact that his name was never mentioned in connection with the speakership except in derision, blindly held on to his package of sawdust, belie Wag it to be a genuine brick of gold. OUR PARDONABLE PRIDE The spontaneous outburst of popular sentiment from every section of the state favoring General W. H. Koonts for speaker of the House at Harrisburg, and the high praise given him by reputable and influential newspapers throughout the state, cannot be otherwise than gratithe state, cannot be otherwise than gratifying to the people of his home county, who know how worthy he is of this praise, and especially to those whose votes made him a member of the Legislatore. This popular outpouring of laudation for one who thirty years ago held a seat in the House of the National Congress, but who has not since figured in public life, comes as a voluntary tribute from men in different parts of the atate who have known him all these years as a from men in different parts of the state who have known him all these years as a

who have known him all these years as a man of unbending honor, a representative of high ment, and a faithful adherent of genuine Republicanism.

The people of Somerset county view with pardonable pride this broad recognition of merit and integrity in one of their citizens whom they take pleasure in honoring, for they feel that there is no office in the grit of county or state that

The selection of General Koontz to the the march of reform, and this seems to be

change time has wrought! "Our Pardonable Pride" is again put to the test. Mr. Koontz is again a candidate for comination to the Assembly and is repudiated by an overwhelming unajority of the Republican voters of his county, running the lowest vote of any candidate on the ticket save one-Mr. Kooser. "The office came to him as every official position should come-a voluntary tender from the people," he ated by the honest voters of the county,

he has instituted a contest of the nomination of his successful competitors and is endeavoring by legal technicalities and by taking advantage of the most outrageous frauds ever perpetrated at an election in this section of the State to disfrauchise hundreds of his fellow clared the nominee of a party, a majortheir candidate. "The spontaneous outburst of popular sentiment" is to his successor a balance of more than be ignored, the wishes of the people set tion of being willing to abide by a free aside by this gentleman, "whom they ballot and a fair count: take pleasure in honoring," if by any possible hook or crook it can be done

Pity 'tis, 'tis true. 'Tis true; 'tis pity. Koontz a Trailer .- Bowser's Big Majority. The official returns of the late Repub-

lican primary disclose some interesting and no doubt painful facts to "Our Par donable Pride." For instance Samuel J. Bowser, the Stalwart candidate for Poo Director, received 357 more votes than W. H. Koontz, the Insurgent candidate for the legislature; T. E. Rhoads, the Stalwart can lidate for Jury Commislouer, received 206 more votes than W. Koontz contested his election. Now, H. Koontz; E. D. Miller, the Stalwart Pennsylvania, for the county of Som in his old age, having outlived the allotted time of man, the trick acquired | 300 more votes than W. H. Knontz; W. in his early youth still clings to him | H. Sanner, Stalwart candidate for the and he is engaced in a contest for a legislature received 196 more votes than nomination for which he was defeated W. H. Koontz; Fred Rowe, Stalwart candidate to: the legislature, received 100 cast at the primary. He can only hope more votes than W. H. Koontz; S. A. Kendalt, insurgent candidate for the legislature, received 30 more votes than W H. Koontz, probably on account of the friendly disposition of Committeeman Shaffer of Paint No. 2; Insurgent candidate W. H. Koontz for the legislature received 21 more votes than Insurgent andidate F. J. Kooser for Congress.

The people have spoken, and spoken the above emphatic terms, but Mr. Coontz has undertaken to override the expresse I will of the people and is now engaged in an undignified effort to have his name placed in the Republican colamn on the official ballots, the right to mitteeman and forthwith proceeded to do which was denied him by the Republican voters of the county.

The finances of

COL. JAMES E. BARNETT,

the state have not been in better condition for many years, and under the recent legislation passed through the efforts of the leaders of the Republican state organization interest is paid to the state upon every penny of state funds deposited in the banks. The advent of Col. Barnett into the office of state treasurer will ensure a continuance of the careful business administration of that office and will be a guar antee that the interests of the people will be safely guarded.

AS TO STATE TREASURERS. Of the 14 state treasurers elected by the people under the constitution of 1874 eleven have come from the western part of the state. Previous to that time the state treasurers were elected by the legislature, and the holders of the place were pretty evenly divided as to location. Of the 14 elected, the western state treasurer were: Robert W. Mackey of Pittsburg, Henry Rawle of Erie, Amos C. Noyes of Clinton, the only Democrat that ever was elected to the place; Silas M. Baily of Fayette, who went out of office a poor man, because of the failure of banks where state funds were deposited, the loss of which he and his bondsmen made up; William Livesey of Pittsburg, who no only served his own term, but parts of two others; M. S. Quay of Beaver, who resigned in office to go into the United States senate, John W. Morrison of Allegheny, who is now deputy commissioner of banking; Samuel M. Jackson of Armstrong, Benjamin Haywood of Mercer and James S. Beacom of Westmoreland. The eastern state treasurers elected by the people were Samuel Butler of Chester, William B. Hart of Dauphin, who died in office, and Henry K. poyer of Philadeiphia, who is new superintendent of the mint in that city. Despite the misrepresentations of the opponents of the kepublican party, it is a noteworthy fact that the state has never lost a dollar through the administration of the office of state treasurer under any Republican official. It is true that banks have falled and the bonds men of treasurers have had to make good deficiencies, but that was the mis-fortune of the bondimen and not a

matter of concern for the taxpayers of the state. GENERAL BAILY PASSES AWAY. Gen. Silas M. Bally, a former state treasurer, died at his home at Uniontown, Pa., on Saturday last. Gen. Baily was one of the famous 306 who stood by Gen. Grant in the convention of 1880. His death resulted from a general collapse, superinduced by the effects of a bullet wound received dur-

ing the civil war.

General Baily was born in Browns-ville in 1836. He learned the jewelry trade and engaged in business in Waynesburg, but sold out to go to the war. Hs afterward opened a jewelry store in Uniontown, which he conducted until a few months ago, When the war broke out he organized the first company in Greene county, which became a part of the Eighth Reserves, and Captain Baily became major. At Fredericksburg Major Baily led the regiment with great gallantry in the absence of both the colonel and ieutenat colonel. He was afterward breveted major general of volunteers. At Gaines' Mill he received a dangero wound in the head. After recovering from this injury he joined his regiment in Maryland and fought at Antietam and all subsequent engagements, ending at Appomattox. Gen. Baily was an

dependent candidacy of Charles S. Wolfe. MONEY FROM LIQUOR LICENSES. An incident of the past week called attention to another matter in which the Republican organization figures to advantage. It is a well known fact that the Brooks high license law, under which the liquor traffic in this commonwealth is governed, is regarded as one of the most satisfactory laws ever placed upon the statute books. The raising of the license fees to \$1,000 in cities of the first class and the correspondingly high figures for less popalous communities, has resulted in im-

mense sums of money diverting to the state from liquor liconses.

In Philadelphia alone last week there was paid into the city treasury the enormous sum of \$2,237,402.24 liquor licenses, and of this spm \$534. 000 will go late the state treasury, The collections from Heenses through out the state are a source of great revenue and the placing of power to granting or refusing licenses in the hands of the courts has resulted in a condi-tion of affairs which is much more satsfactory than would be the case were this matter left in the hands of partisan boards.

BRYAN FOR FUSION. Col. James M. Guffey, the leader of the state Democracy, has been at work all weak perfecting his scheme for fu-sion on the legislative tickets. He, of course, announces that he does not aspire to election as United States sena tor, but his real views on that issue are generally understood. Commenting upon the senatorial is-

sue, the editor of the Philadelphia Inquirer a few days ago said:
"Col. Quay, by the action of the re--such as you will want for cent state convention, has been made a candidate before the next legislature nited States. Where does he stand at the present time? "In the primary elections he has so far made a net gain of 10, not counting nominations made in nine countl which sent Democratic members to the last legislature, but which are always counted upon as Republican in a pres idential year. He will gain fully 12 and probably 14 and even 16 in Philadelphia alone. He will carry Chester county and Montgomery, and counting these countles as his, he has enough members in sight to elect him. "There are 23 counties to be heard from yet, and he will increase his lead

considerably Bezides, he will carry various districts that go Republican in presidential years. "Senator Quay, from the present out-look, cannot be beaten." "He represents majority rule as opposed to the rule of party wreckers and small minorities. He can defy party wreckers and minority salf seekers and

"He is practically elected already."
