LOCAL AND MISCELLANEOUS.

Nominations for officers for the ensuing term, for the I. O. G. T., will be made at their regular meeting tomorrow (Wednesday), evening. A good turnout is desired.

On Wednesday last the County Auditors adjourned to the 30th inst., when they will again meet to finish their report.

S. H. and Geo. Haslet and some boys were out hunting small game on Saturday, and bagged a number of squirrels and a sly old coon. We believe squirrels are quite plenty in this section.

We have received a very neatly printed paper entitled Our Dumb Animals, published at Boston, Mass. Its aim is a humane education of the people and to secure the passage of laws to prevent cruelty to animals. It is a good work, and we wish the publishers success.

T. B. Cobb spent last Sunday in town. He was down warming his house to prepare for Mrs. Cobb and the rest of the family who will move into town this week, if the roads are not too bad. Mrs. Cobb has been ill for about a month past, but her many friends will be glad to know that her health is improving.

Rev. A. Virtue, Presbyterian, of Emlenton, will occupy the pulpit of the Presbyterian Church on the first Sunday of February. We are informed by those who have heard him preach, that he is an excellent preacher, and we have no doubt that he will be greeted with a full house.

I. Hillbrunner, senior member of the firm of I. Hillbrunner & Co., has been in town for a week past, looking after the business here. He seems well satisfied with the amount of trade the establishment has been doing, and attributes it all to keeping up a good stock, selling low, and advertising in the REPUBLICAN.

Rev. Burton has made arrangements with Revs. Roberts and Lloyd, to have services every sabbath morning and evening, hereafter. Such an arrangement has been needed for some time, and we have no doubt that we shall have better attendance at church hereafter. Turn out all that can possibly come.

We have received a copy of the New York Observer Year Book and Almanac for 1871. It is printed on good, clear type and tinted paper, and contains besides the usual astronomical calendar a variety of valuable statistical information. An entire imprint of the first directory of New York, published in 1780, also appears in this volume, which until now was so rare that a single copy brought \$100. All subscribers to the Observer for one year, cash in advance, will receive the year book free. Published by Sidney E. Morse, Jr. & Co., 37 Park Row, N. Y.

Last week we published a proposition of some of our townsmen to give a premium of five dollars in gold to the person reading the best essay on the subject of matrimony, to be heard during the Teachers' Institute, to be held in this place next week, commencing on Tuesday, 24th inst. We are now informed that three bachelors of this place will compete for the prize, and if either of them pulls in the prize, he will divide it up into five premiums of one dollar each, to be given to five persons reading the best essays on any subject. We would, therefore, recommend that all our teachers let themselves out freely on essays during the institute.

The dances which was to have come off at Forest Hall on Friday of last week, did not proceed on account of the non-attendance of dancers.

Geo. Turner and Francis Brown, who have been on trial for the murder of Rowland Kightlinger, at Hydetsown, in December last were acquitted.

We have received the American Newspaper Reporter and Advertiser's Gazette, published by Geo. P. Rowell & Co., New York. It is a valuable paper for either advertisers or publishers.

We learn that John T. Bole, while engaged in rafting logs at the mouth of Mill Creek on Monday last, had his leg broken below the knee by a log rolling on it.—Clarion Republican.

J. P. Siggins, late county Treasurer, informs us that he is going to put down some walls opposite this place, about three miles back from the river. We wish him as much success as he anticipates.

Mr. John Shreve, formerly of this place, but now living in Belvidere, Ill., paid this place a visit last week, with his family. He was enthusiastically received by our citizens, and we judge that he must have been a popular man in the place when he lived here.

Our job office has taken so much of our attention for the past week that we have not had time to circulate much in search of locals. We are turning out a vast amount of job work now and our customers seem pretty well satisfied with our work. Bring it along. Satisfaction guaranteed.

The Conneautville Courier comes to us enlarged and with a new heading and entire new dress. We wish the proprietors that success in the future, which they have been having in the past, which is wishing them well enough. We should have noticed the improvement last week, only the Courier failed to put in an appearance at this office.

Maguire's Opera House in San Francisco announces in its advertisements: "Performances every Sunday night." Sunday night seems to be a favorite time for performances here, judging by the time some of our young men put in an appearance at their homes on that evening, and the amount of chairs that Partridge has to fix on Monday.

We have received Ballou's Magazine for February. It contains an instructive illustrated article on Russia, treating that nation in a most comprehensive manner, showing its manners and customs, strength and weakness, all of which is very interesting just at this time. The remainder of its contents consisting of poems, stories, &c., all of which are very interesting. Terms \$1.50 a year, or 15 cents a single copy. Address, Thomas & Talbot, Boston, Mass.

The ice went out of the river on Sunday morning last, commencing at about 2 o'clock. It went out without much fuss, but piled the beach on both sides of the river with large chunks of ice, which were carried away by the high water on Sunday night. The creek broke up about 11 o'clock on Sunday night, and flooded the shores on both sides to a considerable extent. To-day, Monday, the "Arabs" are reaping quite a rich harvest by pulling in lumber which has escaped from the mills above. The river is about bank high, and is over the road in some places. It requires quite an amount of nerve and some muscle to cross it at this state. We believe no damage has been done along the river. And now, we feel the want of a bridge again.

TIDOUKE R. R. COMPANY.—The annual meeting for the election of officers of this company took place on Tuesday with the following result: President—James Parshel. Directors—B. D. Benson, D. H. Mitchell, R. H. Hopkins, Geo. W. Allen. Secretary—R. E. Hopkins. Treasurer—D. A. Mitchell.

Every Saturday comes to us regularly. We consider it one of the best illustrated papers published. The latest number contains a portrait of F. Bret Harte, author of the famous "Health-Chinese," who, besides being a very interesting writer is about as good looking as men average. We believe that James R. Osgood & Co., have engaged this gentleman to write for their publications exclusively, which will be an additional inducement to subscribers. The paper also contains a number of other superior engravings, and contains 24 pages of interesting reading matter and fine engravings. Mr. Fields has retired from the firm. Terms of Every Saturday, \$5.00 per annum. Address the publishers, Boston, Mass.

Mark Twain receives \$2,400 a year for being periodically funny in The Galaxy.

The Women's Journal, edited by Mary A. Livermore and some other masculine women, has reached us. It is devoted to woman's rights, i. e. women suffrage. We have circulated some little about this glorious Union, and have interviewed a great many ladies on the subject of woman suffrage and have yet to find a real intelligent woman who wishes the ballot, and consequently don't feel like forcing it upon them. We therefore are not what you might call a woman's rights man.

Bret Harte, according to a San Francisco letter, is to take up his residence in Boston, and write exclusively for the Atlantic Monthly.

The National Farmer and Horticultural Register has been sent to us from the publishers, Brinkloe & Marot, Philadelphia. It is to be published weekly at \$1.00 per annum.

To Contractors. Proposals will be received up to the 15th day of February, 1871, for laying 1,500,000 bricks on the Venango Poor House, materials furnished on the ground. For further information address DEWEES & SIMMONS, Contractors, Franklin, Pa., P. O. Box 19. 40-1f.

Book Binding. We are agent for as good a book-binding as there is anywhere. We are prepared to do all the binding which may be brought to us, at low rates, and satisfaction guaranteed. Samples can be seen at this office.

For Sale. I have for sale one yoke of working oxen, weighing about 2,600 or 2,700, one pair of 3 year old colts, will sell one or the pair. H. L. HOGAN, 39 St. Stewart's Run P. O. 40-1f.

Teachers' Annual Institute. The fourth annual Institute of Forest county will be held at Tionesta, commencing on Tuesday, January 24th, at 10 o'clock A. M., and continue in session four full days.

Teachers are requested to make all necessary arrangements to leave their schools at the time, and give full and prompt attendance. The law requires you to do so, and it is hoped that every teacher in the county, and those intending to become teachers, will attend the institute during its entire session. Thursday the 26th will be called "Directors' Day," set apart for discussions and questions pertaining to their interest. Directors and friends of education, we cordially invite you to favor us with your presence and aid. Instructors and lecturers will be employed, and necessary apparatus provided, to make the institute, it is hoped, both beneficial to teachers, and inviting to the public. S. F. ROBBIN, Dec. 17, 1870. County Supt. 38-4f.

A. H. STEELE, Cashier Tionesta Savings Bank, has been appointed agent for the celebrated "Inman Line Ocean Steamers," at this place. Any person desirous of going to Europe or bringing friends to this country, will do well to call on Mr. Steele, who will furnish them with all the information required.

ADDRESS

To the Nerveous AND DEBILITATED.

WHOSE sufferings have been protracted from hidden causes, and whose cases require prompt treatment to render existence desirable!

If you are suffering, or have suffered from involuntary discharges, what effect does it produce on your general health? Do you feel weak, debilitated, easily tired? Do you feel a little extra exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky or foamy, or is itropy on setting? Or does a thick album rise to the top? Or is an sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspnea? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling on this subject? Do you feel dull, listless, morose, tired of company, or life? Do you wish to be left alone, away from everybody? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? Is the bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Do you feel as much confidence in yourself? Are your spirits dull and flagging, given to fits of melancholy? If so, do not lay it to your liver or dyspepsia. Have you restless nights? Your back weak, your knees weak, and have but little appetite, and you attribute this to dyspepsia or liver-complaint?

Now, reader, self-abuse, venereal diseases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health, make the man Did you ever think that those bold, determined, energetic, persevering, successful business men are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, or nervousness, or palpitation of the heart. They are never afraid that cannot succeed in business; they don't become sad and discouraged; they are always polite and pleasant in the company of ladies, and look you and them right in the face—none of your downcast looks or any meanness about them. I do not mean those who keep the organs inflated by running to excess. Those will not only ruin their constitutions, but also those they do business with or for.

How many men, from badly cured diseases, from the effects of self-abuse and excess, have brought about that state of weakness in those organs that has reduced the general system so much as to produce almost every other disease—idiotcy, lunacy, paralysis, spinal affections, suicide, and almost every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected and have doctored far all but the right one.

Diseases of these organs require the use of a Diuretic. HELMBOLD'S FLUID EXTRACT BUCHU is the great Diuretic, and is a certain cure for diseases of the Bladder, Kidneys, Gravel, Dropsy, Organic Weakness, Female Complaints, General Debility, and all diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing.

If no treatment is submitted to, Consumption or Insanity may ensue. Our flesh and blood are supported from these sources, and the health and happiness, and that of Posterity, depends upon prompt use of a reliable remedy.

Helmbold's Extract Buchu, established upward of 19 years, prepared by H. T. HELMBOLD, Druggist, 394 Broadway, New York, and 104 South 10th Street, Philadelphia, Pa. Price—\$1.25 per bottle or 6 bottles for \$6.50, delivered to any address. Sold by all Druggists everywhere.

NONE ARE GENUINE UNLESS DONE IN STEEL ENGRAVED WRAPPER, facsimile of my Chemical Warfare, and signed H. T. HELMBOLD. 26-1y.

ROBACK'S Blood Bitters, while all other Bitters in the market, possess untold merits. Most Bitters, so called, are merely rickshaws stuff, sold as a beverage. Dr. Roback's Bitters are not a beverage in any sense of the word, but contain the most expensive drugs known to science for the radical cure of Indigestion and Dyspepsia, and for all cases where a tonic and stimulant are required. They restore the vital forces in a remarkable degree, and give tone to the system.

Has now eleven years since Dr. Roback's celebrated Blood Bitters, from Stockholm, Sweden, came to this country and introduced the Scandinavian Blood Purifier; since which time thousands have been cured, by its use, of Scrophulous and other blood diseases. It contains, besides the tincture of Potassa and Symplocos, drugs imported from Sweden for its express manufacture, unknown and not kept by apothecaries in this country. A single trial will convince the most sceptical of its merits, and value.

Dr. Roback's Blood Pills are unsurpassed by any Pills manufactured for a similar purpose. One trial invariably establishes them as a favorite with all who use them.

The reason why Dr. Roback's Blood Pills should be kept in every family are: Because they can be employed in all cases where a "family physic" is required, and are perfectly safe in their administration at all times; Because they are made with and without sugar-coating, thus adapting them to the use of every body; Because they can be purchased at any drug store at the extremely low price of twenty-five cents per box.

For Sale by Druggists and Dealers in Patent Medicines everywhere. Issued Jan. 1st 1871.
