LOCAL AND MISCELLANEOUS.

Borough Schools are closed for this week, to give the teachers an opportunity to attend the Institute.

We are under obligations to our Assemblyman, Mr. Hall, for a copy of the Report of the Auditor General of Pennsylvania.

The President of Pithole Valley Railway has not produced a pass for us yet. If he don't do it soon we will give him a puff.

Rev. Burton himself, will preach to the good people of Tionesta on next Sunday Morning and evening. He will probably tell some plain truths, but he won't insult anybody.

Prof. Weber is agitating the subject of organizing a brass band in Tionesta. He is leader of a very respectable string band here, which gets off some very smooth music.

Slush ice is running in the river at the present writing (Monday A. M.) at a fearful rate. The ferry boat does not run, and passengers take their chances in skiffs.

The ladies of the M. E. Society are soliciting money to carpet the new Church previous to its dedication. They remarked as much in our presence, and we contributed the orphan's mite.

All those having job work they wish to have executed soon, had better bring it in this week, for we want to go and see our girl next week, and can't very well put it off.

The Teachers' Institute will commence to-day. We hear that several teachers are in town for the purpose of attending. We have no doubt that will prove an interesting and instructive session.

W. W. Dimond is continually placing us under obligations to him, by doing our work so promptly and well, and not skinning us on prices. William is a good blacksmith, and will succeed anywhere.

The "beautiful snow" has again covered the earth as with a mantle, and if it keeps snowing at its present rate it will not be long until we will have staving sleighing again. Then hurrah for Lacytown, Tylersburg, and other resorts.

The County Auditors meet on Monday, 30th inst to finish their report. The reason they could not conclude their business when they were in session before, was that several of the township collectors had not handed in their reports.

The steamer "John Hanna" passed up the river past this place on Thursday evening last, and down on Friday morning with oil barges in tow. It is seldom that we have the pleasure of seeing steamboats this far up the river, as they can come up only in high water.

The Oil City Register has soured on us again. We suppose they want to surprise us into giving them another puff some time, but that's played out. We admire the Register man's way of doing business, however, and it is recognized as gentlemanly and honorable among the members of the craft.

The Conneautville Courier says: "Good, sound winter apples are fairly a drug in this market, at fifty cents a bushel, parties bringing them in often being unable to sell at any price." We think if we were there we would lay in about a peck of that harmless drug, and pay half cash. However, they might rot on our hands, and then we would be bankrupt both in apples and cash, which event happens us much oftener than is agreeable.

The coming contest, to take place at the Teachers' Institute this week, on the subject of "matrimony," has so irritated our muse (she being a little tender on that subject), that she, in a desperate moment, commits the following:

Oh in the lonesome eve, Ere morpheus' arms have found me, Remembrance throws the happy hours Of long-gone days around me. The boys—the girls with pretty curls, The funny things then spoken; The sweet betrothals firmly knit And long engagements broken. The parties, sleighrides, croquet games, The picnics in the forest— The bunts for chestnuts, flowers and ferns, That gave the gallants no rest; The skirmishing for favorite girls— The rides on nice excursions; The splendid talks, the pleasant walks With premature immersions. When I remember all The friends so linked together I've seen around me fall In Hymen's silken tether, I feel like some old rooster, who In battle has been worsted, His feathers soiled, his comrades boiled, And all his prospects bursted.

Ross Run is abandoned. The oil neglected to flow. The hearts of the operators are sore. Their pockets are lean, and their confidence is shaken. Hopes that were born of this territory are blasted for some time to come, if not forever. Hearts that beat high in anticipation of seeing the great fluid pour out in vast quantities, are beating now more temperately, and don't anticipate as much as usual. Pockets that bulged out with papers containing Mr. Spinner's signature, are now empty, aching voids. Confidence that once had possession of the operators' minds has now disappeared where the woodchuck climbeth. Ah! Ross Run, much was expected of thee, but thou art a fraud. When this generation shall have passed away, perhaps some one may be found who will bore again in thy territory. But those who now live and have seen thy gross failure will never again be taken in by thy coquetish smiles and greasy promises.

A little excitement in the shape of a runaway, took place yesterday morning. Two young ladies were out sleigh-riding, with a rig of H. H. May's. While coming down Dutch Hill, just entering town, the horse commenced running, upset the sleigh, spilled out the girls and took an easy canter through town. When he was caught he was minus the sleigh, which was found in another portion of town with its lumber "strewed like the leaves on the strand." A team belonging to Mr. Clark was started and run through the street, but being unhitched, did no particular damage.

Our counterfeit man still wants us to "shove the queer" for him. We assured him through our paper some ago, that we wasn't on that lay, but he seems to insist on selling us at least \$100 in good counterfeit money for \$10, cash in advance. We respectfully but firmly decline to be his agent. He signs his name "John F. Hamilton, No. 212 Broadway, N. Y.," and says his private office is at 52 John St. No. 5, up stairs. We think the gentleman wants to learn a trade at Auburn, or Sing Sing. We hope to hear of him soon at the end of a rope.

C. U. Brett, of Titusville, of the firm of K. Brett & Son, whose advertisement appears in our paper, lighted up our sanctum with his genial presence on Saturday last. He looks hearty and is full of fun. He threatens to bring his wife over here some of these days to "view the landscape o'er," where she first fascinated Charley.

Election of officers of I. O. G. T., for the ensuing term will take place at their Hall on to-morrow (Wednesday) evening. All members of the order in this place, are earnestly requested to be present. The order is fixed upon a permanent basis here, and we are glad to know that the cause is now prospering well. Success to the cause.

A reporter of the Titusville Herald was in town on Thursday of last week, writing up this section for the columns of the above paper. We have been perusing its columns earnestly of late, but see not the report of the reporter. We suppose the press of other matter was so great that there was no room for it.

A man named Charles Zeigler, living at Bush Camp, about 20 miles up the creek, had his leg broken on Friday of last week. He was hauling logs. Through some accident one of the logs rolled on one of his legs, breaking the bone. It was set, on Saturday by Dr. Winans.

Bret Harte is to contribute a number of new poems to Harper's Weekly, and they will be published with appropriate illustrations.

Peter's Musical Monthly for February is at hand, containing its usual variety of beautiful music. It is a mystery to us how the publisher can furnish so much valuable music for such a small sum, and a still greater mystery to see our musical friends spending their loose change for sheet-music when they can get twelve to fifteen pieces of music for the small sum of thirty cents, by buying this Magazine. The February number contains the following pieces, printed from full-size music plates, and worth \$4.50 in sheet form: Gently Lord, Oh! gently lead us, Solo, Duet, and Chorus; Sleeps sweetly, love, and well, Serenade; Riding in a Sleigh, Song and Chorus; Safe in the Ark, Song and Chorus; It is sad to love and then to lose, Song; Sweet and low, Lullaby, Quartet; Song of the Mites, Sunday-School Hymn and Chorus; Hail to the Lord's Anointed, Quartet; Saviour, when in dust, to Thee, Quartet; Come ye disconsolate, Song and Chorus; Sparkling Mazurka; Canary Schottische; Scenic Waltz; Vive la Paris, March; Dashing Spray, Polka. Send 30 cents to the Publisher, J. L. Peters, 599 Broadway, New York, and he will send you a sample copy.

Proposals will be received up to the 15th day of February, 1871, for laying 1,500,000 brick on the Venango Poor House, materials furnished on the ground. For further information address DEWEES & SIMMONS, Contractors, Franklin, Pa., P. O. Box 19. 40-4f.

We are agent for as good a book-binding as there is anywhere. We are prepared to do all the binding which may be brought to us, at low rates, and satisfaction guaranteed. Samples can be seen at this office.

I have for sale one yoke of working oxen, weighing about 2,600 or 2,700, one pair of 3 year old colts,—will sell one or the pair. H. L. HOGAN, 39 Ct. Stewart's Run P. O.

The fourth annual Institute of Forest county will be held at Tionesta, commencing on Tuesday, January 24th, at 10 o'clock A. M., and continue in session four full days. Teachers are requested to make all necessary arrangements to leave their schools at the time, and give full and prompt attendance. The law requires you to do so, and it is hoped that every teacher in the county, and those intending to become teachers, will attend the institute during its entire session. Thursday the 26th will be called "Directors' Day," set apart for discussions and questions appertaining to their interest. Directors and friends of education, we cordially invite you to favor us with your presence and aid. Instructors and lecturers will be employed, and necessary apparatus provided, to make the institute, it is hoped, both beneficial to teachers, and inviting to the public. S. F. ROHRER, County Supt. Dec. 17, 1870. County Supt. 38-4f.

ADDRESS

To the Nervous AND DEBILITATED.

WHOSE sufferings have been protracted from hidden causes, and whose cases require prompt treatment to render existence desirable.

If you are suffering, or have suffered from involuntary discharges, what effect does it produce on your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky or floaky, or is itropy on settling? Or does a thick scum rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspepsia? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling on this subject? Do you feel dull, listless, mooping, tired of company, or life? Do you wish to be left alone, away from everybody? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Do you feel as much confidence in yourself? Are your spirits dull and flagging, given to fits of melancholy? If so, do not lay it to your liver or dyspepsia. Have you restless nights? Your back weak, your knees weak, and have but little appetite, and you attribute this to dyspepsia or liver-complaint?

Now, reader, self-abuse, venereal diseases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health, make the man did you ever think that those bold, defiant, energetic, persevering, successful business-men are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, of nervousness, of palpitation of the heart. They are never afraid they cannot succeed in business; they don't become sad and discouraged; they are always polite and pleasant in the company of ladies, and look you and them right in the face—none of your downcast looks or any meanness about them. I do not mean those who keep the organs inflated by running to excess. Those will not only ruin their constitutions, but also those they do business with or for.

How many men, from badly cured diseases, from the effects of self-abuse and excess, have brought about that state of weakness in those organs that has reduced the general system so much as to produce almost every other disease—idiotcy, lunacy, paralysis, spinal affections, suicide, and almost every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected and have doctored for all but the right one.

Diseases of these organs require the use of a Diuretic. HELMBOLD'S FLUID EXTRACT BUCHU is the great Diuretic, and is a certain cure for diseases of the Bladder, Kidneys, Gravel, Dropsy, Organic Weakness, Female Complaints, General Debility, and all diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing.

If no treatment is submitted to, Consumption or Insanity may ensue. Our flesh and blood are supported from these sources, and the health and happiness, and that of Posterity, depends upon prompt use of a reliable remedy.

Helmbold's Extract Buchu, established upward of 19 years, prepared by H. T. HELMBOLD, Druggist, 594 Broadway, New York, and 104 South 10th Street, Philadelphia, Pa. Price—\$1.25 per bottle or 6 bottles for \$6.50, delivered to any address. Sold by all Druggists everywhere.

Roback's Stomach Bitters, unlike all other Bitters in the market, possess intrinsic merit. Most Bitters, so called, are merely味lessly stuff, sold as a beverage. Dr. Roback's Bitters are not a beverage in any sense of the word, but contain the most expensive drugs known to science for the radical cure of Indigestion and Dyspepsia, and for all cases where a tonic and stimulant are required. They restore the vital forces in a remarkable degree, and give tone to the system.

It is now eleven years since Dr. Roback, the celebrated Swedish physician, from Stockholm, Sweden, came to this country and introduced the Scandinavian Blood Purifier; since which time thousands have been cured by its use, of Scrofula and other blood diseases. It contains, besides the saline of Potassa and Symp of Silligina, drugs imported from Sweden for its express manufacture, unknown and not kept by apothecaries in this country. A single trial will convince the most skeptical of its wonderful value.

Dr. Roback's Blood Pills are unsurpassed by any Pill manufactured for a similar purpose. One trial invariably establishes them as favorites with all who use them. The reasons why Dr. Roback's Blood Pills should be kept in every family are: Because they can be employed in all cases where a "family physic" is required, and are perfectly safe in their administration at all times; Because they are made both with and without sugar-coating, thus adapting them to the use of every body; Because they can be purchased at any drug store at the extremely low price of twenty-five cents per box.
