O. C. & A. R. TIME TABLE.

Table with columns for GOING NORTH and GOING SOUTH, listing arrival and departure times for various routes.

LOCAL AND MISCELLANEOUS.

If the ground-hog was out on the 2d inst., and took pains to look around, he must have seen his shadow, because Old Sol was on the shine right lively that day about here.

We hear that Judge Proper and C. D. Mable have each agreed to become responsible for one third of the cost of a bridge to be commenced as soon as possible. We think the other third could be very easily raised. It's merely a little matter of nerve.

Mr. Porter closed his school last Wednesday morning, for a few days, an account of having received a telegram that his mother was dangerously ill. He began school yesterday again. His mother is better. He informs us that the Rising Sun will come out next Saturday.

Lewis Widmer, of Farmington tp., Clarion Co., met with an accident, on Thursday last, which resulted in the loss of one of his legs. He was felling trees, and one had lodged. Widmer was trying to dislodge it, when it flew back, and crushed his legs rendering amputation necessary. The operation was performed by Dr. Ross of Clarion. The leg was amputated between the knee and thigh.

Rev. Virtue favored us with a call on Wednesday last. We find him a very interesting and agreeable gentleman, as well as a good preacher. He gave out appointments for Presbyterian preaching on the last Sabbath of this month, by Rev. Elder, and by himself on the 3d or 4th Sabbath of March. Presbyterian Services are always well attended here.

We present to-day, for the perusal of our readers, some sales to take place under the auspices of Sheriff Davis. As reading matter they are not as interesting as they might be, especially to those whose property is thus to be disposed of, but the receipts from the publication thereof causethe printer's pocket to bulge out with greenbacks, and his heart to leap with joy.

We did not notice until we were almost ready for press last week, that there was no mention made in the minutes of the Teachers' Institute of the matrimonial contest, which took place during the session. We do not understand the cause of the omission. Prof. Porter of this place took the prize, he appearing to know more about matrimony than his single condition really warrants.

Something dreadful is going to happen over at Clearfield soon, now see if there ain't. For some time we have been in the habit of clipping anywhere from two to half a dozen accidents from the Clearfield Journal, but for the last two weeks, not an accident has been chronicled in its columns. We don't know what to make of it, but we'll just bet there's a big disaster going to happen over there soon.

On Wednesday and Thursday evenings of this week, the popular Cantata of the Haymakers will be rendered at the Marshall Opera House, Titusville, by the Phil-harmonic society of Mendville. We had the pleasure of hearing this Cantata at Mendville one evening during Holiday week, and we think all from our section who can spare the time and funds should visit Titusville on one of the evenings of his popular performance.

The salary of the Postmaster at Mendville is \$3,000; at Erie \$3,100; at Oil City \$2,800; at Franklin \$2,800; at Corry \$2,800; at Titusville \$3,400; at Warren \$2,000; at Petroleum Centre \$2,600; at Pleasantville \$2,800; at Rouseville \$1,900.

We never remember having heard any one say that Rev. Burton was not a good preacher, but we speak from actual observation when we say that he is not a good slidist down hill. We saw him try it, "which is why we remark" as above. On Friday last our attention was attracted by seeing the reverend gentleman going up the hill "ferinst" our office, towing a diminutive sled. We wondered if he was really going to try a "slide." He soon convinced us, however, that such was his intention, and getting on the sled all right, he started square. But alas! the ministerial gentleman couldn't steer worth a snap. Before he got to the bottom of the hill the sled had it all its own way, and went to cutting capers with the preacher, and at length dumped him near the bottom of the hill, and rolled him over a couple of times. He was not in a humor to be fooled with, however, and so tried it again, and went through the same figure again with variations. This seemed to satisfy him, for he went off shaking his head, as though he thought he could not steer worth a—nothing. A warning take from this here tale, Don't slide in winter dress, Though all may make good deek-hands, Will never learn to steer.

Fire at Hickory.

On Thursday evening last, about six o'clock in the evening, the R. R. Station at Hickory was burned down, with all its contents. Mr. Glenn, the agent, was at his supper, and when he came back the station was enveloped in flames. It is supposed the fire caught from a lamp which was left burning in the office. H. H. Stowe had freight in the depot to the amount of \$638, and T. D. Collins, about \$200 worth. Ten barrels of flour, belong to some other parties was among the freight burned. The agent, J. D. Glenn, lost all his books and papers, and also tools and materials for gunsmithing, which he carried on in addition to the railroad business. We suppose the losses of those having freight burned will be made up by the R. R. Company, but do not know. The station house was built by the citizens of Hickory.

On Monday of last week, Rev. S. J. M. Eaton, D. D., pastor of the First Presbyterian Church, of Franklin, left that city for a tour in the Holy Land. He expects to be absent one year. Previous to his leaving, his congregation granted him leave of absence and continued his salary for that time, besides presenting him with a purse of \$770. Mr. Eaton has been the pastor of the same church for something over twenty years, and his parishioners are very much attached to him, and will probably miss him more than they anticipate.

The Citizen and the Spectator, both published at Franklin, appear to have very different opinions of matters and things aside from politics. In the last issue of the Spectator, a minstrel troupe which had a short time previously given an exhibition in Franklin, was shown up in a very repulsive way, and with surface indications of truthfulness. On the other hand the Citizen puffs the same troupe in a very flattering manner, which smacks strongly of greenbacks. We would like to know, anyway, which the disinterested chronicler of the business.

The Clarion Democrat of last week says: The ball at Judge Cook's, in Forest county, on Friday night of last week was a gay and festive occasion. Some of our Clarion county men up there were so attracted by the blushing belles of the forest that they "wished they were not married." We must give "some of our Clarion county men" credit for good taste anyway. And Mr. Democrat just say to your young men over there, that when you run out of "blushing belles" in Clarion county, why Forest county is the place to look for them. You'd just ought to have been here during our institute! More nice girls than you could shake a stick at in a week.

Notice is hereby given, that the Commissioners of Forest County will hold a Court of Appeal at the following places on the days specified: Tuesday, Feb. 28, Tionesta Borough and Township, at Court House. Wednesday, March 1st, Harmony Township, Allender School House. Thursday, March 2d, Harmony Township, Allender School House. Friday, March 3d, Hickory Township, John Siggins Store. Saturday, March 4th, Kingsley Township, Wheeler & Deussenbury's Store. Tuesday, March 7th, Jenks Township, old Court House. Thursday, March 9th, Barnett Township, Clarington. Saturday, March 11th, Green Township, Nebraska.

N. P. WHEELER, BENJ. ELLIOTT, Commissioners. J. MERCHILLOTT.

A destructive fire occurred in Jamestown, N. Y., on Wednesday morning, burning two stores on Main street, the printing office of the Chautauqua Democrat and other places of business. The Journal estimates the total loss at \$36,000, on which there was an insurance of \$33,000.

The Mail and Ledger, of Warren, are having a wordy discussion just now, and they don't appear to be at all particular about courtesy, calling each other hard names in the easiest possible manner. Throwing dirt is the natural forte of some newspaper editors, and we find that the easiest way of getting rid of their filth is just to let them alone.

Thos. Black, a brother of Daniel Black, of this place, was killed on Thursday of last week, at Spring Creek, Elk county. He was working on a lumber job, and while watching a tree fall a limb was knocked off another tree, striking him on the head and crushing his skull, killing him instantly. The limb was about six inches in diameter in the largest place. Mr. Black was about 25 years of age, and leaves no family.

A man named Rice had his leg broken on Thursday of last week in Clarion county. He was hauling logs and the log rolled on his leg, breaking it. It was set and the patient is now doing well. This is three accidents we chronicle this week, all having taken place on the same day. More accidents have happened among lumbermen in this section this winter than in any previous one for a number of years.

Our Young Folks, for February contains the following interesting matter: Jack Hazard and his Fortunes; Earthquakes and Volcanoes; Cracking nuts; Kitty's Letter; The story of a French Doll; The Faries; Meeting a "Lucifer"; Deb; The Children's Choice; Weeds and Words; Our Young Contributors; The Evening Lamp; Our Letter Box. Terms \$2.00 a year. James R. Osgood & Co., publishers, Boston, Mass.

ADDRESS

To the Nervous AND DEBILITATED.

WHOSE sufferings have been protracted from hidden causes, and whose cases require prompt treatment to render existence desirable:

If you are suffering, or have suffered from involuntary discharges, what effect does it produce on your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky or floccy, or is itropy on setting? Or does a thick scum rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspepsia? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling on this subject? Do you feel dull, listless, moping, tired of company, or life? Do you wish to be left alone, away from everybody? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Do you feel as much confidence in yourself? Are your spirits dull and flagging, given to fits of melancholy? If so, do not lay it to your liver or dyspepsia. Have you restless nights? Your back weak, your knees weak, and have but little appetite, and you attribute this to dyspepsia or liver-complaint?

Now, reader, self-abuse, venereal diseases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health, make the man Did you ever think that those bold, defiant, energetic, persevering, successful business-men are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, or nervousness, or palpitation of the heart. They are never afraid they cannot succeed in business; they don't become sad and discouraged; they are always polite and pleasant in the company of ladies, and look you and them right in the face—none of your downcast looks or any meanness about them. I do not mean those who keep the organs inflamed by running to excess. Those will not only ruin their constitutions, but also those they do business with or for.

How many men, from badly cured diseases, from the effects of self-abuse and excess, have brought about that state of weakness in those organs that has reduced the general system so much as to produce almost every other disease—idocy, lunacy, paralysis, spinal affections, suicide, and almost every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected and have doctored for all but the right one.

Diseases of these organs require the use of a Diuretic. HELMBOLD'S FLUID EXTRACT BUCHU is the great Diuretic, and is a certain cure for diseases of the Bladder, Kidneys, Gravel, Dropsy, Organic Weakness, Female Complaints, General Debility, and all diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing.

If no treatment is submitted to, Consumption or Insanity may ensue. Our flesh and blood are supported from these sources, and the health and happiness, and that of Posterity, depends upon prompt use of a reliable remedy.

Helmbold's Extract Buchu, established upward of 10 years, prepared by H. T. HELMBOLD, Druggist, 501 Broadway, New York, and 104 South 10th Street, Philadelphia, Pa. Price—\$1.25 per bottle or 6 bottles for \$6.50, delivered to any address. Sold by all Druggists everywhere.

None are genuine unless NONE ARE GENUINE UNLESS I DON'T PRINT IN STEEL ENGRAVED Wrapper, the smile of my Chemical Warehouse, and signed H. T. HELMBOLD. 26-ly
