GREAT FIRE AT FAGUNDUS!

Nearly all the Town Destroyed. We go to press on Monday evening, and just hear a report that Fagundus City was burned down, the greater portion of it, on Sunday evening. We have the news from good authority, but no particulars. —Lewis J. Kirk, of Kirk's Mills, Lancaster Co., Pa., called upon us last week. He was looking after some lands he owns in this section. —A heavy frost fell on Sunday evening last, which was believed to have killed some of the fruit in town. We don't know how it is itself, out in the country. —At a meeting of the stock-holders of the Pithole Valley Railroad company held at Pithole on the 1st inst., the following officers were elected for the ensuing year: President—A. H. Steele, Superintendent—Jas. T. Blair, Treasurer—Jno. A. Dale, Secretary—C. Day.

Oil City Correspondence.

OIL CITY, May 8, 1871. DEAR REPUBLICAN:—As you announced in your last that "in all probability" your readers would have to bear the affliction of a letter from me each week, I suppose I'll have to make your word good for this week, at least, though I can assure those who peruse the REPUBLICAN that I haven't the slightest ill-will toward any of them in so doing, however otherwise it may appear. Operations on the Milton farm and in its neighborhood continue with unabated activity. Quite a town has sprung up in that vicinity, and from the big well which has created the uproar eighteen derricks are counted. Some few instances of pocket-picking and diamond pin stealing having occurred in the bustle and rush of the crowd at our depot, the papers of such exemplary places as Petroleum Centre and Titusville, are undertaking to read us lectures on morality, and to give our mayor and his corps of policemen instructions as to their duty in the premises; as to the morality part, we think we can afford to send missionaries to either of the aforesaid places, and as to our officers they are well up to their duties, and before the papers alluded to had got their little pieces written had taken such measures as will make it unpleasant for the pocket-picking gentry to frequent this locality. To-day is the day of the Republican primary meetings, and therefore is to put an end to the long agony of the several candidates either in the realization of their hopes or in bitter disappointment. "Blessed are they who don't expect nothing," of which I am whom Oil City has but one candidate in the contest. Mr. Fid Bishop, who is out for the county Treasurership, a gentleman all over and eminently fitted for the position. The streets here are all to be surveyed and regular grades established. I know of one street which at present has a rise of about 1500 feet to the mile, more or less, and it will be impossible to better it without the aid of an earthquake. It would tire chain lightning to make a trip up that avenue in any sort of a hurry. I heard it said two weeks ago that there wasn't a good hotel in Oil City. It cannot now be said the truth, for the "Duncan House" has passed into the hands of Messrs. Cross & McOmber (long and favorably known as the proprietors of the Central House at Pet. Centre), and they are making it a first class house in every respect. Yours in all probability, S.

To Nebraska, California, and Kansas, and the B. & M. R. R. Lands.

The "Burlington Route," so called, lies, right in the path of the Star of Empire. It runs almost immediately in the center of the great westward movement of emigration. Crossing Illinois and Iowa, it strikes the Missouri river at three points. These three points are the gateways into three great sections of the trans-Missouri region. The Northern gate is Omaha, where the great Pacific road will take you to the land of gold and grapes, sunny mountains, and perpetual summer. The middle gate is Plattsmouth, which opens upon the south half of Nebraska, south of the Platte river, a region unsurpassed on the continent for agriculture and grazing. Just here are the B. & M. Railroad lands, concerning which Geo. S. Harris, the land officer at Burlington, Iowa, can give you all information, and in the heart of them is Lincoln, the State Capital and present terminus of the road. The Southern gate leads to Kansas, by connections with the St. Joe Road at Hainburg, running direct to St. Joe and Kansas City. The trains of the Burlington run smoothly and safely, and make all connections. It runs the best of coaches, Pullman Palace and Pullman Dining cars, and should you take the journey for the journey's sake alone, you will be repaid; or take it to find a home or a farm, and you cannot find either better than among the B. & M. lands, where you can buy on ten years' credit, and at a low price. Newspaper Laws. We would call the special attention of Post Masters and subscribers to the FOREST REPUBLICAN to the following synopsis of the Newspaper laws: 1. A Postmaster is required to give notice by letter, returning a paper does not answer the law), when a subscriber does not take his paper out of the office, and state the reason for its not being taken.—Neglecting to do so makes the Postmaster responsible to the publisher for the payment. 2. Any person who takes a paper from the Post office, whether directed to his name or another, or whether he has subscribed or not, is responsible for the pay. 3. If a person orders his paper discontinued, he must pay all arrearages, or the publisher may continue to send it until payment is made, and collect. 4. If the subscriber orders his paper to be stopped at a certain time, and the publisher continues to send, the subscriber is bound to pay for it if he takes it out of the Post Office. The law proceeds upon the ground that a man must pay for what he uses. The courts have decided that refusing to take newspapers and periodicals from the post office, or removing and leaving them uncollected, is prima facie evidence of intentional fraud. FOR SALE.—One 20 Horse Power Thresher Engine and Boiler in good order. Inquire of D. S. KNOX, 1-4. Tionesta, Pa. SHERIFF'S SALE. ADDRESS

To the Nervous AND DEBILITATED. WHOSE sufferings have been protracted from hidden causes, and whose cases require prompt treatment to render existence desirable: If you are suffering, or have suffered from involuntary discharges, what effect does it produce on your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky or floccy, or is itropy on setting? Or does a thick scum rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspepsia? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling on this subject? Do you feel dull, listless, moping, tired of company, or list? Do you wish to be left alone, away from everybody? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Do you feel as much confidence in yourself? Are your spirits dull and flagging, given to fits of melancholy? If so, do not lay it to your liver or dyspepsia. Have you restless nights? Your back weak, your knees weak, and have but little appetite, and you attribute this to dyspepsia or liver-complaint? Now, reader, self-abuse, venereal diseases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health, make the man Did you ever think that those bold, defiant, energetic, persevering, successful business-men are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, or nervousness, or palpitation of the heart. They are never afraid they cannot succeed in business; they don't become sad and discouraged; they are always polite and pleasant in the company of ladies, and look you and them right in the face—none of your downcast looks or any meanness about them. I do not mean those who keep the organs inflated by running to excess. Those will not only ruin their constitutions, but also those they do business with or for. How many men, from badly cured diseases, from the effects of self-abuse and excess, have brought about that state of weakness in those organs that has reduced the general system so much as to produce almost every other disease—Idiocy, Lunacy, paralysis, spinal affections, suicide, and almost every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected and have doctored for all but the right one. Diseases of these organs require the use of a Diuretic. HELMBOLD'S FLUID EXTRACT BUCHU is the great Diuretic, and is a certain cure for diseases of the Bladder, Kidneys, Gravel, Dropsy, Organic Weakness, Female Complaints, General Debility, and all diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing.
