

FOR AUDITOR GENERAL, DAVID STANTON, of Beaver Co. FOR SURVEYOR GENERAL, ROBERT B. BEATH, of Schuylkill.

Primary Meetings.

At a meeting of the Republican County Committee, on Tuesday evening, May 23d, 1871, Saturday, July 22d, 1871, was fixed as the day for holding the Primary Meetings this year.

Each Election Board shall constitute the newly elected member of the County Committee the Return Judge of said district, who shall make his returns at the Court House, in Tionesta, on Tuesday, July 25th, 1871, at 2 o'clock P. M.

Every Republican in Forest County is earnestly requested to turn out at the Primary meetings and assist in nominating good and efficient persons for the different offices.

BY ORDER OF THE COMMITTEE.

The Ku-Klux of Forest and the Gurrillas of Clarion seem to be ripe for a ruction among themselves. The cause of this is, that heretofore the Forest Democracy has had its primary meetings some weeks after Clarion had made her nominations.

Every few days a package marked C. O. D. is received at the express office in this place, addressed to some one in the neighborhood, who has an idea that saw-dust from New York is far more valuable than the home article.

Quite a number of C. O. D.'s have been received at this express office within a short time, and have in each case been known to contain saw-dust.

We have yet to hear of the first saw-dust box from New York or any other place being received at this station. It must be that our people are more honest, or else sharper than some of those of neighboring counties.

The Warren county correspondent of the Erie Dispatch says: A fifteenth amendment unsuccessfully played the white man's trick on the Oil Creek R. R. last Friday night.

FATAL ACCIDENT.—On Tuesday last, in Spring Creek Township, a man named Adam Herlich, while riding trees for R. B. ties, had a tree fall on him, fracturing one arm in a shocking manner.

The Brookville Republican comes to us enlarged to an eight-column paper. It is a good county paper, and bears evidence of being well patronized.

The following from the Titusville Herald:

A serenading party was out Wednesday night serenading cats, wailing children and otherwise making night hideous. The singers were of that age that witnesses a change of voice, and the sounds therefrom were neither goose nor gander-like, but a mixture of baritone (wheelbarrow) bass and terrible.

The steam saw mill of Messrs. Randolph & Morton, situated at Spring Creek, was totally destroyed by fire at noon on Tuesday. The loss will reach \$4,000, on which there is no insurance.

The Venango Citizen is responsible for the following items:

On last Thursday, May 25th, the building occupied by Morris Hirsch's wholesale liquor store, located in the block of frame buildings on Liberty Street, opposite the Court House, was discovered to be on fire, and the alarm was sounded, bringing the Fire Department to the ground in quick time.

Well No. 9, on the Snyder Farm, Rockland township, owned by Prentice & Angell commenced flowing through the casing on Tuesday last at the rate of four hundred barrels per day.

A well owned by Fisher & Co., on the Milton Farm, was tubed on Tuesday and is reported as producing seventy-five barrels per day.

The Greenville Argus says: On Saturday last a train on the A. & G. W. R. Y. stopped at the depot at this place and left a sick woman, who it was afterwards ascertained by an examination of some of our physicians, was suffering from the small pox.

Floating islands were known to the ancients. The younger Pliny refers to several which were covered with reeds and rushes so firmly that sheep strayed out upon them, and thus were sometimes floated away.

A TIGRESS LOOSE IN THE RING.—The Circus which was here last week, had no regular ring master, but all tried their hand at it, and among the others who had periodical spells of cracking the whip was a large female called Brown.

The number of marriages in Corry during the year ending June 1st, 1871, were 53; number of births 235; number of deaths 85.

ASSAULT UPON SHERIFF PIE.—On Monday, May 22d, Sheriff Pie, went to Glen Hope, for the purpose of arresting James Johnston, who escaped from jail a short time since.

Another thing can be taken into consideration. Every county has one or more newspapers. Hence the circulation of each paper must be limited. There is, therefore, the greatest need of activity and interest on the part of the people, to give their own good paper, vigorous and substantial support.

The constable in Kingsley township, Forest county, who is required to report as accurately as possible on the subject mentioned, made the following statement to the court of that county, which is in session this week: "Base born children—only two as yet."

Will they Give up their Leaders?

Now that the Democracy of Pennsylvania have so slyly abandoned adhesion to their old heresies, the next thing for them to do is to give up their leaders. When a man resolves to reform certain vicious habits—when he desires to lead a sober life—to be honest and virtuous—he leaves the grog shop, quits the resort of vice, and cuts loose from the gambler and the harlot.

A "playful" wife in this city sent a note to her husband recently, written in a disguised hand and signed with a fictitious name, stating that she had often seen and admired him, and if he would inform her of a place of meeting, she would go over to the rooms and they would become better acquainted. Husband answered the note, appointing time and place, and the lady heavily veiled, and proceeded to the rooms, the veil was removed, and a grand tableau, not down on the bill, ensued. Assurance was made on the part of the husband that it was nothing but a joke, and that he knew it was her all the time. Wife is having a stylish bonnet, new cloak and an elegant silk dress made.—Corry Blade.

The Cleveland Herald, always a warm friend of country newspapers, has the following sensible remarks concerning them: "The local paper is an absolute necessity to the county and community where it is published. All the city papers cannot supply the place of the home paper. That should be the first love of every man and woman, for with the paper is the locality identified. The paper gives the county and town where printed, much of their importance in the world, and gives in detail the local news, which cannot be gained by any other source. Every day's issue of the paper is so much local history, and the rise, growth and development of the town and county can be measured and recorded only by the local newspaper that constantly is gathering its items. People do not properly appreciate their home newspaper. They measure the value of a paper too much by the number of columns it contains. The home paper at any price is the cheapest paper one can take, for in it is found the information to be obtained from no other source.
