## LOCAL AND MISCELLANEOUS.

A snake was killed by Mr. Sloan, at President, on Thursday last, which measured six feet in its shoes.

G. W. Sawyer is fitting up Lawrence's old stand for N. Klinordlinger, who is to use it as a wholesale liquor store.

One of our school teachers is reported sick, and consequently the work for the present all falls upon Mrs. Cook.

We accidentally omitted a notice of the death of a daughter of J. H. Wentworth, of Hickory tp., last week. It will be found in another column.

P. O. Conover has commenced keeping house, after a long delay, on account of getting his building remodeled for a dwelling house.

Capt. Knox is raising his front yard with dirt taken from his cellar. He has also made several improvements on his grounds this year.

Strawberries and cucumbers, in small quantities have made their appearance in our place at last. They have much the same flavor as they had last year.

J. Grove has purchased a large number of railroad ties, which were taken out by Roberts, Hays & Co., last winter, and will run them down the river the first rise.

Our folks are bathing in the river in town, after night has spread her mantle o'er the earth. They conduct these exercises very decently, and no fault is found with the bathers.

Mrs. Siverley, her daughter, Mrs. Gardner and Mrs. Walter Siverley made our town a visit last week, which was the occasion of many tea parties. We believe they all formerly lived here.

A dance took place at the Venango Co. Poor House under the auspices of John Hulings, on Thursday night of last week. We understand from some of our folks, who were there, that it was a pleasant affair.

J. Nelson Teitworth tells us that he has purchased three thirty-seconds of the well on the Sowers place, and expects to realize a fortune therefrom. We believe the well is doing nothing at present.

Mr. Frew who has put down a well at the top of the hill in the rear of the Station, intends to put the well down to the depth of 1200 feet, and thus thoroughly test that particular well.

We hear it stated that the Tionesta House of this place has changed hands. Mr. M. Ittle taking possession of it. J. A. Proper, we believe, is to remove soon to the residence now occupied by A. B. Kelly.

Capt. Robt. Duncan, of Venango City called upon us recently, and informed us that he intended to put down some wells on the tract between Kises and Lacytown. He appears to have faith that he will find oil there, and we hope he will.

A rattlesnake having eleven rattles on the extreme hind end of his tail was killed on Holman's island a few days ago. We have heard several other snake stories, but hesitated about publishing them, because the snakes and the stories were most too large.

A wrestling match has been arranged between J. H. McLaughlin, of Titusville, and N. L. Dorrance, of Chicago, for \$1,000 a side and the championship of America. The match is to come off at Titusville within ten days.

Mrs. Perry, wife of Rev. Perry, of Cambridgeboro, Crawford county, and Mrs. McClatchie, of Mill Village, Erie county, sister of Jno. A. and J. G. Dale, are in town on a visit.

An Italian boy from the Emerald Isle made his appearance in town on Saturday last, with a fiddle from which he produced some heart-rending sounds. Somebody please send us around a first-class hand-organ.

Olio Winner, son of Dr. Winner, informs us that the well on which he is working, on Jamison Run, is down to the third sand, striking it at about 360 feet. It will be tested this week, and we will keep our readers posted in regard to it.

We understand that Henry Matie and Lizzie Ikenburg were united in wedlock on Sunday last on Dutch Hill. We also hear of another wedding on the same day, up above there, but can get no names. The notices were not given us for publication, so we have to quote from hearsay.

Grading and fencing are going on at the old M. E. Church yard, and hereafter the city of the dead may not be the feeding place of our town bovines. It is proposed, we believe to put an iron fence in front, and when finished it will improve the looks of the church property.

The Clarion Democrat comes to us enlarged to an eight-column paper, printed on a new Campbell Power Press, which the proprietor has just put in. The paper looks well and no doubt will receive enough additional support to make this a paying investment.

A. H. Steele has moved his barn up the hill a piece, built new sidewalks all around his house, put up a neat coal and wood house, planted trees, graded his lot, built some new fence, marked out a lane from the street to his barn, and made several other needed improvements lately.

Jno. R. Lowther, of the firm of Ford, Barndollar & Co., of Pueblo, Colorado Ter., called on us last week. The firm takes the Forest REPUBLICAN, and gets it regularly. The firm deals in real estate and cattle, and appears to be doing a good business. Mr. Lowther promised to send us a correspondence from Pueblo, which, when published, will be read with interest by our subscribers.

T. C. Cobb, Esq., met with a painful though not serious accident on Friday evening of last week. He was coming to town from the Coon creek mill, in light buggy with his small team on a smart trot, when one of the fore wheels struck a stump, and threw Mr. Cobb out and he struck his forehead on a stone. He has black eye, a peeled forehead, and stiff neck, but will soon be all right again. The horses being gentle, stopped as soon as the accident occurred, else serious damage might have resulted.

The Messrs. Cobb have just finished a new steam mill about a mile and a half up Coon Creek, from their other mill, which was set running last week. They have also made arrangements to lease two mills on Hemlock Creek, above President. These mills, with the one on Tom's Run, Clarion county, make five large saw mills they are running. They will employ during the summer months about 175 men on an average, and in the winter an indefinite number. They are the most extensive lumbermen in this region, and deserve to be rich men if energy and management will do it.

A man named Brown, who was working on a well on the Fair Farm, had his leg broken above the ankle, on Saturday last. It was caught in the bull wheel, and a compound fracture was the result. A piece of the bone protruded through the flesh two inches, and the flesh had to be cut about an inch and a half to enable it to go back to its position. The small bone was broken in three places. The fracture was reduced by Dr. Winans, of this place, who seems to feel uneasy for the safety of the unfortunate man. He calls there-to-day, (Monday) and will report his condition to us, and perhaps we may be able to inform our readers what his chances are for recovery.

STATE SUNDAY SCHOOL CONVENTION.—The Seventh Annual Convention of the Pennsylvania State Sabbath School Association will be held at Allentown, Penna., on Tuesday, Wednesday and Thursday, the 13th, 14th and 15th, of June. All the earnest Sunday school workers of the Key-stone State are cordially invited to be present. Each evangelical school is requested to send two or more delegates. Those who propose to attend should notify A. J. Breining, Allentown, Pa., who is Chairman of Local Committee of Arrangements, on or before the 7th of June, so that entertainment may be secured, and orders for excursion tickets procured and forwarded.

Boat-building at Oldtown, and Blue Narrows seems to be the liveliest business in this section. About twenty-five hands are employed and the boats are being turned off rapidly. The dimensions of these boats are 160x26 feet. They were first known about here as "French-Creackers," from the fact that the first boats of that pattern, although of much smaller size, were built on French Creek; afterwards they were known as "mineral boats" because they were used in the transportation of iron down the river; since the shutting down of the furnaces along the river, they are called "coal boats," and are used for the purpose of boating coal down the Ohio from Pittsburgh. Those built on the Tionesta Creek always command good prices.

## To the Public.

TIONESTA, PA., June 6, 1871.  
I have disposed of my entire stock and business to Messrs. Sloan & Vangesen, and the business will now be carried on under the supervision of T. J. Vangesen who is in every particular worthy of your respect and patronage. Thank you for your kindness and support since I came among you I leave with the best wishes for all.

W. W. DIMOND.

## Notice.

Having sold out my business, and being about to leave the place, I respectfully request all indebted to me to call and settle at once, and oblige.

W. W. DIMOND.

50,000 lbs Wool Wanted, At Hilbrunner & Co.'s, for which the highest price in goods or cash will be paid. They have just received the agency for an Eastern House, and want all the wool they can possibly get. Take your wool there and get good prices.

M. P. Jenks, Jeweller, Meadville, Pa., is selling Watches, Jewelry, Chains, Diamonds &c., at 20 per cent. below marked prices. Several of our citizens have patronized him, and find him "square." Give him a call. His establishment is on the corner of Water and Chestnut Sts., in Culver block.

FOR SALE.—The house and lands known as the "Christie Property," located at Irvinton, Warren County, Pa., are for sale. Terms cash or approved security. Apply to JOHN A. DALE, President Tionesta Savings Bank, Tionesta, Pa.

## Book Binding.

We are agent for good bookbinding as there is anywhere. We are prepared to do all the binding which may be brought to us, at low rates, and satisfaction guaranteed. Samples can be seen at this office.

To Nebraska, California, and Kansas, and the B. & M. R. R. Lands.

The "Burlington Route," so called, lies, right in the path of the Star of Empire. It runs almost immediately in the center of the great westward movement of emigration. Crossing Illinois and Iowa, it strikes the Missouri river at three points.

These three points are the gateways into three great sections of the trans-Missouri region.

The Northern gate is Omaha, where the great Pacific road will take you to the land of gold and grapes, sunny mountains, and perpetual summer.

The middle gate is Plattsmouth, which opens upon the south half of Nebraska, south of the Platte river, a region unsurpassed on the continent for agriculture and grazing. Just here are the B. & M. Railroad lands, concerning which Geo. S. Harris, the land officer at Burlington, Iowa, can give you all information, and in the heart of them is Lincoln, the State Capital and present terminus of the road.

The Southern gate leads to Kansas, by connections with the St. Joe Road at Hamburg, running direct to St. Joe and Kansas City.

The trains of the Burlington run smoothly and safely, and make all connections. It runs the best of coaches, Pullman Palace and Pullman Dining cars, and should you take the journey for the journey's sake alone, you will be repaid; or take it to find a home or a farm, and you cannot find either better than among the B. & M. lands, where you can buy on ten years' credit, and at a low price.

A. H. STEELE, Cashier Tionesta Savings Bank, has been appointed agent for the celebrated "Imman Line Ocean Steamers," at this place. Any person desirous of going to Europe or bringing friends to this country, will do well to call on Mr. Steele, who will furnish them with all the information required.

FOR SALE.—One 20 Horse Power Thaber Engine and Boiler in good order. Inquire of D. S. KNOX, Tionesta, Pa.

CARPENTERS, Blacksmiths, Saw mill men, Oil men, and other citizens of Forest county, who are in want of anything in the Hardware line, should go to Andrews & Co., Tidioute. They have the largest stock in this section of the country. They are making and repairing all kinds of Machinery and Saw mill castings at short notice 4-1f.
