

REPUBLICAN STATE TICKET.

FOR AUDITOR GENERAL,
DAVID STANTON, of Beaver Co.
FOR SURVEYOR GENERAL,
ROBERT B. BEATH, of Schuylkill.

Primary Meetings.

At a meeting of the Republican County Committee, on Tuesday evening, May 23d, 1871, Saturday, July 22d, 1871, was fixed as the day for holding the Primary Meetings this year. The Republican voters of Forest County will meet at the usual places for holding elections in each election district on Saturday, July 22d, 1871, at 1 o'clock, P. M., to nominate candidates for the following offices:

- One person for President Judge.
- One person for Assembly.
- One person for Co. Commissioner.
- One person for County Auditor.

The Republican voters of each election district at the same time elect by ballot one person to serve as a member of the County Committee for one year, and return the name of such person and his vote in the same manner as those of the candidates for nomination.

Each Election Board shall constitute the newly elected member of the County Committee the Return Judge of said district, who shall make his returns at the Court House, in Tionesta, on Tuesday, July 26th, 1871, at 2 o'clock P. M., at which time the committee will also elect their Chairman for the ensuing year.

Every Republican in Forest County is earnestly requested to turn out at the Primary meetings and assist in nominating good and efficient persons for the different offices.

By ORDER OF THE COMMITTEE.

Announcements for the offices of Assembly, Judge, Commissioner and Auditor are in order now, and will only cost as follows:

Announcement for President Judge, \$3.00. For Assembly, \$5.00. For Commissioner, \$5.00. For Auditor, \$3.00. Terms cash in advance.

Democratic Nominations.

The Democratic Primary meetings of Forest County were held on Saturday last. The delegates met at the Court House in Tionesta on Monday of this week, and stood as follows:

- Delegates for Jenks, 23
- Delegates for Corbett, 7

Jenks was declared the choice of the Convention.

The Convention, after nominating and withdrawing several candidates for Assembly, at length adopted a resolution accepting the candidate put forth by Clarion county, D. B. Curll.

Wm. C. Neill, of Harmony township was chosen as the candidate for County Commissioner.

Jas. Flynn, of Green township was chosen as the candidate for County Auditor.

S. H. Haslet, W. W. Mason and J. C. Siggins were chosen conferees to meet the Clarion and Jefferson conferees on the judgeship.

The Republicans of Armstrong county have nominated the following ticket:

President Judge, James A. Logan, Westmoreland county; Associate Judge J. M. Stevenson; Assembly, P. K. Bowman; Treasurer, John E. Alward; Commissioner, Wm. Lowry; Auditor, J. R. Wright; County Surveyor, Alexander Gordon.

The Republicans of Mercer county have put in nomination the following ticket: Assembly, Nathan Morford; Associate Judge, Richard Carr; Treasurer, A. M. Clawson; Commissioner, John McClure; Poor Director, Archy Henderson; Auditors, Addison Muse, for three years, L. A. Gamble, for one year; Surveyor, R. A. McKim.

The Republicans of Indiana county have nominated the following ticket:

Senate, Harry White; Assembly, Dr. Thos. McMullin; Associate Judges, J. S. Nesbit; P. Dills; District Attorney, W. R. Allison; Commissioner, James M. Hask; Register & Recorder, W. R. Black; Treasurer, James M. Sutton.

Gen. Sherman, in a letter to the New York Herald, says:

"Now as to politics. I think all my personal friends know my deep-seated antipathy to the subject, yet as you seem not to understand me I hereby state, and mean all that I say, that I never have been and never will be a candidate for President; that, if nominated by either party, I should peremptorily decline, and even if unanimously elected, I should decline to serve."

If you can find language stronger to convey this meaning, you are at liberty to use it."

—It makes a man stagger to read the Corry Republican. Drunkenness runs riot in that city, and the city Treasury appears to be reaping large benefits from it. The following items are samples of Corry local items:

Richard Stewart was again arrested Monday by Frank and Armstrong for being drunk on the streets. He parted with five dollars, and was then allowed to depart.

Considerable complaint is being made in regard to the selling of liquor on Sunday in this city. Our streets were disgraced by the presence of altogether too many drunken men Sunday last.

Richard Stewart, otherwise known as "Dick," got so drunk Sunday that Armstrong felt it his duty to "take" him on his back from First Avenue to the Lock-up. He squared up accounts with the city the next morning and was released.

One Richard Freaney was arrested Sunday afternoon by officers McGraw and Fulkerson. He was in a heathenish state of intoxication, and was making quite a disturbance by his drunken pranks. He was let off the next morning upon payment of costs.

Major May discerned a man at the depot Tuesday who was apparently trying to put an end to his existence by running into a passing train. Mr. May took him to the Lock-up for safe keeping, and he was released this morning. He gives his name as David Keeneth, of Misford, Pa. He says he is trying to stop drinking, and his conduct was caused by an attack of delirium tremens.

Monday about 4 o'clock p. m., Policemen Frank described a man lying dead drunk on the A. & G. W. R. R. He would doubtless have been killed by the first passing train had he not been discerned. He was taken to the lock-up, but afterwards discharged upon payment of costs.

A man named Lester Lane was arrested Monday by Armstrong on the charge of being drunk. He denied the charge next morning, and stated that he had taken only one drink during the day. The man had been badly burned a railroad accident, and was a pitiful object. After a hearing he was discharged.

—We clip the following from the Venango Spectator:

Richard Riley, a brakeman on the Jamestown & Franklin Railroad, was killed near Hadley's on last Saturday. He was walking on the top of a box car when he was knocked off by a bridge and thrown under the train, which passed over him and horribly mangled his body. The unfortunate man, a new hand, had taken his place the Monday preceding the accident, and was a resident of Mercer county.

The well on the Fisher Bros., Hasson & Co. lease, at Bredinsburg, formerly owned by Irwin & Ernst, struck last week, is now yielding 125 barrels daily. This strike is very encouraging to other operators and will no doubt stimulate the work of development in that section. The old well on this farm is yielding 100 barrels daily, and bids fair to keep it up for a long time.

In Petroleum Centre William H. Start got the start of Mary Jane Balen in a love affair. The girl made a legal start for Start and Start has started housekeeping with Mary Jane according to law. The next event in the history of the Starts will be a little Start-ling. Both parties are colored.

The Franklin Cornet Band instituted a new feature in the oil business on last Friday. In the evening they took a trip to Bredinsburg and serenaded the big well struck last week. W. W. Cruver, who runs a line of hawks between Franklin and Bredinsburg furnished the Band free transportation.

—We take the following items from the Titusville Courier:

There was a row at the Brawley House on Saturday afternoon between two noted bachelors, and one of them was pretty severely cut in the head and face with a knife. The police were sent for, but the offenders had left for parts unknown when the officers arrived. Great excitement for a few moments, but nothing half serious enough occurred to the parties engaged in the fracas.

The Hot Blast Rocket, a new invention patented by Mr. James Dickey of Oil City, for cleaning oil wells and increasing the production of the same, has been satisfactorily tested. An exchange says that it promises to supersede all other appliances for this purpose.

Crawford County System.

The system of making nominations by a direct vote of the people, is the fairest and most honorable which could be adopted, because it represents the true idea of Republicanism and self-government, and because, also, the delegate system is corrupt, debased by bad men, and without a single feature to commend it to the public confidence. But whenever dishonest politicians hold counties in their control, by the force of the delegate system, they have been loud in declaring the Crawford county system of making nominations by a direct vote of the people, a failure, and that the Republicans of Crawford Co., where the system originated, are disgusted with its operations. This plea has been tried a hundred times in this county when an effort has been made to introduce the same system here. Of course there is no truth in the allegation, as is shown in a recent election for the purpose of testing in Crawford county whether the mass of

the Republican party are willing to confess they are not fit to judge who shall be their candidates for official position. At the election referred to, the vote was, for repeal 84; against repeal in favor of the system, 2,277. This may be considered an overwhelming majority in favor of the system in the county which has used it the longest, having originated it. The advocates of the proposition to introduce this system in Dauphin county have now an argument which its opponents cannot answer. Let these facts be well known to the next Republican county convention.—State Journal.

—We take the following from the Greenville Argus:

John W. Fruit, government storekeeper at the bonded warehouse of W. A. Law, a distiller of Jefferson Twp., this county, and living about four miles from Mercer, was arrested by special officer John Herron, of Pittsburgh, a few days ago, on a charge of gross violation of duty while in the employ of the government. It is alleged that he not only permitted but aided and abetted Law in the removal and sale of liquor from the warehouse upon which the tax had not been paid. He waived a hearing and gave bail in the sum of \$2,000 for his appearance at the October term of the United States District Court.

Daniel Keek of West Salem Twp., is one of the oldest citizens of this county. His age is 86 years. He was a soldier of the war of 1812, and was a participant in Perry's Victory on Lake Erie. The old man still enjoys quite good health, and only a few days ago came to town to make application for back pay recently granted by Congress to soldiers of the war of '12.

On Tuesday morning at an early hour, Mr. John L. Emery discovered a man hanging from a tree on the Irish farm, in the First Ward, New Castle, at a short distance from the road. On examining the body it was found to be that of Henry Shook, who lived in the neighborhood of where the body was found.

—We take the following items from the Clearfield Journal:

Stigert had to pay pretty severely for his crimes, small as they were. He was last week tried for larceny, convicted, and sentenced to one year's imprisonment in the Western Penitentiary. He was then sentenced to one year's confinement in the same, for breaking jail, and one year for releasing prisoners; making in all three years. The man, Smoke, who was also tried for larceny was convicted and sentenced to one year's confinement in the Penitentiary.

On Thursday morning Thos. L. Waple was taken before Squire Porter on the charge of placing obstructions on the railroad track, and committed to jail to await trial. It appears that Waple was, sometime since, discharged from the employ of the road at Wallaceton. Several times, since Waple's discharge, obstructions have been discovered on the track at various places, and suspicion fastened to the latter. On Wednesday night last, extra watchmen having been employed, Waple was discovered in placing something on the track, near Wallaceton, where there is a fill, with high embankments on either side.

When Waple found that he was discovered he attempted to escape by flight, but ran right into the arms of another watch. He was just one day too late for trial at the last week's term of court, and will have to wait until the September term. The charge is a grave one, and he will, no doubt, have to suffer the heavy penalty which he richly deserves for his fiendish attempt to wreak his petty vengeance upon innocent and unsuspecting people.

—We take the following from the St. Mary's Gazette:

Some days ago as Mr. Thomas Tozier was crossing the "barrens" between this place and Caledonia, he was suddenly brought to a halt by a couple of highwaymen, one of them seizing the bridle rein of his horse, while the other demanded his money with a threat to put an end to him if he did not hand over immediately. Mr. Tozier at once assured them that he did not have any money with him, they then released their prisoner, and he moved towards his journey's end, while the lawless soundrels probably laid in wait for higher game.

On last Thursday evening, a party of men were leaving this place, for their home, the end board of their hack gave way, capsizing a keg of beer; they had not got far away when they were notified of the fact, they wheeled their team and back they came, put their beer aboard and on attempting to make the next turn at a rapid speed, one of their party was thrown from the back, the front wheel passed over his breast and the hind wheel over his neck. He was immediately placed back in the hack and the party again started out of town at a fearful rate. The man was pretty badly injured, but we hear not fatally.
