DEBILITATED.

WHOSE sufferings have been protract-ed from hidden causes, and whose cases require prompt treatment to render existence desirable:

ADDRESS

To the Nerveous

If you are suffering, or have suffered from involuntary discharges, what effect does it produce on your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky or flocky, or is it ropy on settling? Or does a thick skum rise to the top ? Or is a sediment at the bottom af-

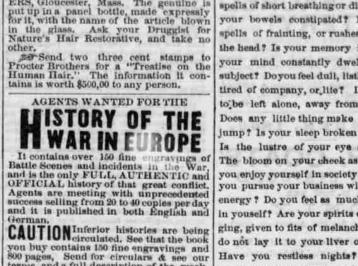

ter it has stood awhile? Do you have spells of short breathing or dispepsia? Are your bowels constipated? Do you have spells of frainting, or rushes of blood to the head? Is your memory impared? Is your mind constantly dwelling on this subject? Doyou feel dull, listless, moping, tired of company, or life? Do you wish to be left alone, away from everybody ? Does any little thing make you start er jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? The bloom on your check as bright? De you enjoy yourself in society as well? De you pursue your business with the same energy ? Do you feel as much confidence in youself? Are your spirits dull and flag.
