Fegetable Sicilian Hair Renewer

Has stood the test of seven years before the public; and no prepar-ation for the hair has yet been disation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery combining many of the most powerful and restorative agents in the VECST-ABLE KINCOOM. It restores CREY HAIR TO ITS ORIGINAL YOUTH-FUL COLOR. It makes the scalp white and clean; cures dandruff and humors, and failing out of the hair; and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a HAIR DRESSING. It is the cheapest preparation ever offered to the public, as one bottle will accomplish more and last longer than three bottles of any other preparation.

It is recommended and used by the property of the public of the public of the public of the preparation.

the First Medical Authority.
The Wonderful results produced by our Sicilian Hair Renewer have induced many to manufacture preparations for the Hair, under various names; and, in order to induce the trade and the public to purchase their compounds, they have resorted to falsehood, by claiming they were former partners, or had some connection with ners, or had some connection with our Mr. Hall, and their prepara-tion was similar to ours. Do not be deceived by them. Purchase the original: it has never yet been equalical. Our Treatise on the Hair, with certificates, sent free by mail. See that such bottle has our private Revenue Stamp over the lop of the bottle. All others are imitations.

GROVER & BAKER'S SEWING MACHINES. they can be

The following are selected from thou ands of testimonials of similar character, as expressing the reasons for the preference of the Grover & Baker Machines over

. "I like the Grover & Baker Ma-* "I like the Grover & Baker Machine, in the first place, because if I had any other, I should still want a Grover & Baker; and having a Grover & Baker it answers the purpose of all the rest. It does a greater variety of work and iseasier to learn than any other,"—Mrs. J. C. Croly (Jenny June)

* * * "I have had several years' experience with a Grover & Baker Machine, which has given me great satisfaction. I think the Grover & Baker Machine is more easily managod, and less liable to get out of order. I prefer the Grover & Baker decidedly."—Mrs. Dr. Watts, New York.

"I have had one in my family for some two years; and from what I know of its workings, and from the testimony of many of my friends who use the same, I can hardly see how anything could be more complete or give better satisfaction."—Mrs. Gen. Grant.

"I believe it to be the best; all things considered, of any that I have known It is very simple and easily learned; the sewing from the ordinary spools is a great advantage; the stitch is entirely reliable; it does ornamental work beautifully; it is not liable to get out of order.—Mrs. A. M Spooner, 36 Bond St. Brooklyn.

· · "I am acquainted with the work of the principal machines, and I prefor the Grover & Baker to them all, because I con-sider the stitch more clastic. I have work in the house which was done nine years ago which is still good."—Mrs. Dr. Mc-Cready, No. 43 East 23d street, N. Y.

sewing done in my family for the last two years has been done by Grover & Baker's Machine, and I never had a garment rip or need mending, except those rents which trolicsome bogs will make in whole cloth. It is, in my opinion, by far the most valuable of any I have tried."—Mrs. Henry Ward Beecher.

* * "The Grover & Baker Sewing Machine has rendered in every respect, the most perfect satisfaction. It combines so many advantages with beauty of execution and economy in price that it is a necessity in every household."—Mrs. Governor Geary, Harrisburg, Pa.

"I have had the Grover & Baker Mahine for ten or twelve years in constan use in my house. I have seen and known every kind of Family sewing, both personal and household, accomplished up the Grover & Baker Machine, to the enti. satisfaction of all concerned,—Rev. Stephen H. Tyng. "I find the Grover & Baker Stitch will

wear aslong as the garments do—outwear the garment in fact. The stitch will not break on bias seams, when stretched, as others do; and neither does it draw the work."—Mrs. Dr. Whiting, 4 East twenty-fourth street, N. Y.
