

TUESDAY MORNING, AUGUST 8, 1871.

BOROUGH OFFICERS.

Burgess—H. H. MAY.
Councilmen—Jacob Shriver, J. R. Stroup, W. W. Dimond, S. H. Haslet, J. Winans, Justice of the Peace—W. P. Merrill, D. S. Knox.

FOREST COUNTY OFFICERS.

President Judge—JAMES CAMPBELL.
Associate Judges—J. A. PROFFER, AN- BREW COOK, Sheriff—E. L. DAVIS, District Attorney—W. W. MASON, Treasurer—S. SETLEY, Prothonotary, Register & Recorder, &c.—J. H. ADEW, Commissioners—N. P. WHEELER, BENJ. BULLIOT, PETER MERRILL, County Superintendent—S. F. ROHRER, Jury Commissioners—JAS. GILFILLIAN, WM. PATTERSON, County Surveyor—S. D. IRWIN, Coroners—JOSIAH WINANS, County Auditors—L. L. HACKETT, ELI MOLEMAN, W. M. CLARK, Member of Congress 19th District—G. W. SCOTFIELD, State Senate—W. A. WALLACE, Assembly—JOHN G. HALL.

LOCAL AND MISCELLANEOUS.

—Ode to the printer—\$2.
—W. P. Neil keeps peaches, apples, pine apples &c. on hand, for sale cheap.
—W. P. Merrill lost a bunch of keys last week. He will be much obliged to any one returning it.
—The Elk Democrat calls the Elk Advocate a liar, in its last issue. We consider such personalities very un- nice.
—Three new members were received into the Presbyterian Church of this place, on Sabbath last, two by profes- sion of faith and one by letter.
—The Democratic Convention met at Clarion last week to nominate a candidate for President Judge; they came to a "dead lock," and adjourned to meet some time next month.
—The Rising Sun, published at Em- lenton, by W. L. Porter, is being en- larged to a seven-column paper. This looks well for the prosperity of the Sun, and we hope it may soon have to enlarge again.

—Quite a number of ladies have ex- pressed a desire to join a Social Tem- ple in connection with the Temple of Honor in this place. There are still a few more names wanted, and they will be taken at this office.

—Mrs. Col. Reisinger made our place a visit last week. She had a good visit with her many friends here, and left for her home in Meadville on Sat- urday, taking with her, Laura Winans, her sister, who will attend school there.

—D. Hays, formerly post-master of this place, who has been stepping for some time at Lawrence Kansas, is in town on business. He says the coun- try agrees with his health, and he will probably settle there, sooner or later.

—A gentleman of our place, who pronounces things as they are spelled, asked the other day "where the d—l is this St-yorks City was, that there was so much talk about." He was informed upon the payment of about a dozen cigars.

—We witnessed a riot on the cars between Oil City and Franklin last week, in which neither of the princi- pals were hurt, but one of the ladies in the car fainted, and the pugilists were allowed to go on their way as though they were respectable men.

—The Titusville Herald gives as the Republican nomination for county Commissioner, T. B. Cobb, of Hickory township. This is an error. T. D. Col- lins, of Hickory township is the candi- date for Commissioner, and T. B. Cobb, of Tionesta is the candidate for Auditor.

—Saturday and Sunday last, quarter- ly meeting was held in the M. E. Church at this place, Presiding Elder Mead holding the meeting. It was well attended, and according to report, good sermons were preached by Elder Mead.

—Prof. Porter, principal of the schools at Cooksburg, this county, spent Sunday last in town. He tells us that an exhibition will come off at the close of his school, and wants to see as many of his Tionesta friends there as possible.

—Jos. K. Turner, the forger, who was sentenced in Erie lately to four- teen years' imprisonment, and who escaped while on his way there, was cap- tured near Titusville last week, and is now in the penitentiary. He is merely learning by sad experience that "Honesty is the best policy."

—We understand that Mr. Bishop, late of the Jamestown Journal, and Mr. Jackson, of the Rousseville Bul- letin, have purchased the office of the Oil City Times, and intend to start a new daily paper there. We hope they will succeed, but if they do it will be more than any other parties have done in the same direction.

The Tylersburg Road.

We have been informed that the roads between here and Tylersburg are in a very bad condition. They are getting so bad that accidents to teams and wagons are liable to happen at any time. This thoroughfare goes through to Clarion, Cooksburg, Tylersburg, Fryburg, Newmanville, and all the lumbering settlements ad- joining these places, and is the princi- pal thoroughfare leading out of Tionesta. The supervisors are bound by law to keep these roads in repair. If there happens to be no money in the treasury at the time the repairs are needed, it is the supervisor's duty to fix the road and then levy taxes to cover the expense. The summer season is, of course, the best, because the most economical time to expend the money collected from the people in the shape of taxes, in repairing the roads. We hear that there has not been a day's work done on this road since last Fall. For the first accident which may happen as the fruit of such neglect the supervisor in the township where it occurs is liable to a fine of \$50; af- ter that, larger penalties. Complain- ts from parties who are interested in the state of this particular road, have reached us, and we are assured that if work is not begun on them at once, steps will be taken to make the super- visors do their duty.

Mr. E. E. Clapp, of President, is supervisor of his township. The road is the next river road below this place, and is not traveled one-fourth part as much as the road we speak of. Mr. Clapp is giving his personal attention and supervision to the work of putting this and other roads in that section, in first class order. All who know him, know that his private business would abundantly occupy his time if he were to neglect the duty which has been given to him by the voters of President. His example is a worthy one, and we hope soon to have it to record that it has been followed by all the super- visors of our county.

Home Communication.

[We are very glad to say that some of our town's people are taking enough interest in home institutions to write a few items for the REPUBLICAN. Here are some which a gentleman of a benevolent heart has sent us.—Ed.]

Oil is surely working toward Tionesta, and could we spare time to drill, perhaps it would come quicker. Butler says if he had Dale's pocket-book, or if Dale had his faith, we would have an oil excitement here in three months. D. W. Clark has bought a lot in Tionesta, and is going to build on it at once.

Dunn passed us on the street the other day with two clean shirts. [NOTE.—These are the two shirts left in our office last winter by some deluded individual.—DUNN.]

—The meanest and most brutal trick that has ever come under our ob- servation, transpired on Friday even- ing last in our borough. A pony be- longing to Samuel Barnett, of New- manville, was stolen out of a pasture at that place, brought to the bridge over the Tionesta creek at the lower end of town, and backed off the bridge, the fall causing the death of the animal. It had been backed off the bridge on one of the abutments once or twice before the end was ac- complished, but had succeeded in jumping back on the bridge. We don't want to chronicle any instances of lynch law in our county, but if the inhuman wretch who did the deed could be caught we have no doubt that he would perform immediately on a tight rope. The villain has not been apprehended, but we believe strong suspicions are entertained as to who he is. We would advise him, whoever he is, to put salt water between him and Forest county, because it may prove unhealthy for him if he stays about here.

—A Newmanville correspondent of the Clarion Democrat says that night prowlers are around robbing spring houses. Four were ransacked last week. On the night of the 24th ult., the smoke house of Daniel Walters, Sr., was emptied of all its contents. Pork is on the rise. The oil excite- ment is creating an increase of the value of land. Oats, corn and buck- wheat crops promise an abundant yield.

—Master Harry Mabie was out one day last week with a team of his father's horses hitched to a light rig, and the horses got frightened and ran away smashing the vehicle into smithereens, and tearing the harness into strings. Bennie May was along, but fortun- ately both the boys escaped with a few bruises. The wagon and harness are laid up for repairs, and it will prob- ably some time before they are fit to appear in first-class society again.

—The little girls who were "boring" for stamps for the M. E. Sabbath School succeeded in raising quite an amount, although we could not learn the exact sum.

—The showers which have recently visited us have helped the lumbermen up the Tionesta, raising the smaller creeks, and, consequently the Tionesta. The mills are running quite steadily. Those on Coon Creek, we understand, are running night and day.

—The sidewalks in our town are getting dilapidated to such an extent that there is some danger to life and limb in trying to perambulate them after dark. Whose business is it to attend to these things? Repairs should be made at once, before the borough has some big damages to pay.

—Base ball has just struck us. We have it bad. No one coming to our place now would consider it dull. The boys deafen us with their shouts of "judgment," and we are afraid it will come before some of the most gram- matical swearers among them are pre- pared for it.

—The Hunt well, on Hemlock, one mile from Fryburg, is producing two barrels per day. Two more wells are going down in the immediate vicinity. As Tom Van Giesen says, "It begins to look a little suspicious, if only don't take a different route," for the coun- try about Tionesta.

—M. Henry is moving the building formerly used by Mr. Mechling as an office, so as to make an addition to his house of it. He does not need the of- fice as an office, and it will give him much more room in his house, and al- so prove an addition to the looks of his residence.

—Mr. G. S. Lacy, of Philadelphia, who formerly resided at Coon Creek Mills, and Miss S. A. Foord, of Pitts- burgh, owners of the Galena mill prop- erty on Coon Creek, were in this section last week. They spent Thursday and Friday at Coon Creek Mills. They have since returned home.

—Jno. Reck & Sons, are about put- ting up an extensive steam saw mill on Ross Run, which will give employ- ment to quite a number of men. The Recks are chuck full of business, and we expect to see this mill do a great amount of work, when it gets to run- ning. The steam fixings have all been purchased, and the mill will be com- pleted very shortly.

—W. E. Lathy and wife, William and Susie May and Miss Emma Shreve, will visit Niagara Falls the first of next week. We wish them a pleasant trip, but advise the male members of the party to look out for the hackmen of that wicked place, as they are up to "tricks that are vain." We know how it is ourself, to use a current phrase.

—Two arbitrations took place at the Court House last week, one Morgan vs. Clark, which was settled, and the other Forest Co. vs. Jno. G. Bran- don, ex-Treasurer of Forest Co., in which the arbitrators awarded the de- fendant a verdict in \$492.01. Those doing business for the county gave notice that they would appeal.

—Jno. D. Hunt, Esq., who was in town last week, tells of a gigantic tan- nery which is going up in Howe tp., about eight miles from Sheffield, which is employing about 150 men in its erec- tion, and will employ as many and probably more, to carry it on. This is the largest institution of the kind we know of anywhere, and Forest County is ahead as usual.

—Mrs. Winans, who has been an in- valid for something over two years, and who has been confined to her bed most of the time, was taken to Water- loo, Venango county, on Thursday of last week, to the home of her mother, Mrs. Seaton. She will stay there some time, and her friends hope that a change of air may benefit, if not en- tirely cure her.

THE REASON WHY.—The immediate cause of premature fading or bleach- ing of the hair is an obstruction of the oil vessels which afford the color- ing matter. The remote causes may be general ill health, trouble of mind, etc. Hence, in order to restore its natu- ral color and beauty the oil vessels must be restored to their normal condition. It is on this principle that Nature's Hair Restorative is compound- ed, and it has proved a complete suc- cess, wherever faithfully applied. It is not a poisonous dye, consequently the effort is gradual, and in severe cases two or three bottles are necessary to produce the desired result. See ad- vertisement. 18-2t

—Where did you get your Sewing Machine? At the Superior Lumber Co.'s Store, Elm street. They sell the Singer Family Machine for \$65 in monthly pay- ments and it is the only machine we would use. Call and examine the machine for yourself and they will give you full information in regard to it. 18-3t

Burlington.

Leaving the East and arriving at Chicago or Indianapolis, how shall we reach the West? The best line is ac- knowledged to be the C. B. & Q., joined together with the B. & M. Rail- road by the Iron Bridge at Burlington, and called the BURLINGTON ROUTE.

The main line of the Route running to Omaha, connects with the great Pa- cific Roads, and forms to-day the lead- ing route to California. The Middle Branch, entering Nebraska at Platt- mouth, passes through Lincoln, the State Capital, and will this year be finished to Fort Kearney, forming the shortest route across the Continent by over 100 miles.

Another branch of the B. M., diverg- ing at Red Oak, falls into a line run- ning down the Missouri through St. Joe to Kansas City, and all Kansas. Passengers by this route to Kansas, see Illinois, Southern Iowa, and Mis- souri, and, by a slight divergence, can see Nebraska also.

Lovers of fine views should remem- ber the Burlington Route, for its towns "high-gleaming from afar"—its tree- fringed steams—its rough bluffs and quarries—its corn-oceans stretching over the prairies further than eye can reach.

Land-buyers will be sure to remem- ber it, for they have friends among the two thousand who have already bought farms from Geo. S. Harris, the Land Commissioner of the B. & M. R. R. at Burlington, Iowa, or among the four thousand home-stealers and pre- emptors who last year filed claims in the Lincoln land office, where "Un- cle Sam is rich enough to give us all a farm."

ADDRESS To the Nervous AND DEBILITATED.

WHOSE sufferings have been protracted from hidden causes, and whose cases require prompt treatment to render existence desirable:

If you are suffering, or have suffered from involuntary discharges, what effect does it produce on your general health? Do you feel weak, deliriated, easily tired? Does a little extra exertion produce pal- pitation of the heart? Does your liver, or urinary organs, or your kidneys, frequently get out of order? Is your urine some- times thick, milky or floccy, or is it ropy on setting? Or does a thick scum rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspepsia? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling on this subject? Do you feel dull, listless, moping, tired of company, or life? Do you wish to be left alone, away from everybody? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Do you feel as much confidence in yourself? Are your spirits dull and flag- ging, given to fits of melancholy? If so, do not lay it to your liver or dyspepsia. Have you restless nights? Your back weak, your knees weak, and have but lit- tle appetite, and you attribute this to dys- pepsia or liver-complaint!

Now, reader, self-abuse, venereal dis- eases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of genera- tion, when in perfect health, make the man Did you ever think that those bold, de- fiant, energetic, persevering, successful bus- iness-men are always those whose gener- ative organs are in perfect health? You never hear such men complain of being melancholy, of nervousness, of palpitation of the heart. They are never afraid they cannot succeed in business; they don't be- come sad and discouraged; they are always polite and pleasant in the company of ladies, and look you and them right in the face—none of your downcast looks or any meanness about them. I do not mean those who keep the organs inflated by running to excess. Those will not only ruin their constitutions, but also those they do business with or for.

How many men, from badly cured dis- eases, have brought about that state of weakness in those organs that has reduced the general system so much as to produce almost every other disease—idiotcy, lunacy, paralysis, spinal affections, suicide, and al- most every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected and have doctored for all but the right one.

Diseases of these organs require the use of a Diuretic. HELMHOLD'S FLUID EXTRACT BUCHU is the great Diuretic, and is a certain cure for diseases of the Bladder, Kidneys, Gravel, Dropsy, Organ- ic Weakness, Female Complaints, General Debility, and all diseases of the Urinary Organs, whether existing in Male or Fe- male, from whatever cause originating, and no matter of how long standing.

If no treatment is submitted to, Con- sumption or Insanity may ensue. Our flesh and blood are supported from these sources, and the health and happiness, and that of Posterity, depends upon prompt use of a reliable remedy.

Helmhold's Extract Buchu, established upward of 150 years, prepared by H. T. HELMHOLD, Druggist, 594 Broadway, New York, and 104 South 10th Street, Philadelphia, Pa. Price—\$1.25 per bottle or 6 bottles for \$6.50, delivered to any ad- dress. Sold by all Druggists everywhere.

NONE ARE GENUINE UNLESS DONE UP IN STEEL ENGRAVED Wrapper, the smile of my Chemical Ware- house, and signed H. T. HELMHOLD. 28-1 y
