LOCAL AND MISCELLANEOUS.

—There is a strange cow running with Wm. Hood's. The owner can have her by coming after her.

—It only costs two dollars a year to send the REPUBLICAN to any given point.

—John Dice is cutting some stone for Capt. Knox, with which he intends to put a new foundation under part of his house.

—W. P. Neill some time ago lent a screw-driver about 18 inches long, to some one. The person who has it will confer a favor by bringing it home.

—The Superior Lumber Co. Store sold three sewing machines one day last week because they advertised that branch of their business in the REPUBLICAN.

—On account of doing a large amount of job work during the past week we have not been able to look about town as much as usual, and possibly may not have all the news in this issue.

—W. W. Dimond came to town on Monday evening of last week, to make his friends here a farewell call previous to settling in the West. He goes alone, leaving his wife in Mayville, N. Y., until he looks up a place to suit him. We, and all of our readers who know him, wish Will a prosperous future.

—At the city election in Titusville last Tuesday, R. D. Fletcher was elected City Auditor. He was a Republican, supported by the Democracy of that city. The Courier office and the successful candidate were serenaded in the evening, and the editors and Mr. Fletcher responded with speeches.

—Dr. F. Dally, Mechanical and Surgical Dentist is at present stopping at the Holmes House, Tionesta. All parties desiring his services will please call upon him early, and they will be skillfully and properly attended to. Artificial dentures on gold, silver, or vulcanite base made to order, and warranted to give satisfaction. 20 tf.

—The Petroleum Monthly for August has arrived. It is a periodical worth many times the subscription price to all who have anything to do with the greasy fluid. It is growing stronger every day, has a good advertising patronage and a large list of subscribers. Terms of subscription \$3.00 per year. Address: Publishers Petroleum Monthly, Oil City, Pa.

—Yesterday as Mr. Dithridge was hauling a load of household goods from the cars, his team ran off and forded the river at the ferry. One of the horses fell in the water but got up again all right. They were caught as they came out of the river on this side. There was nothing injured with the exceptions of the wetting of a few things in the boxes and a small break in the harness.

—A man named Fitzpatrick is now in durance vite in the Forest Co. jail, for exhibiting a tendency toward Mormonism, which tendency is not relished by his neighbors. It appears that the woman he married the second time was perfectly aware of the existence of No. 1, having been a servant in the employ of the family. He was said to have been highly respected previous to his second marriage. We cannot get the full particulars of the case.

—On Monday evening, 14th inst., one Heatherton was stabbed and killed by a man named McDonald. There had been an old quarrel between them. They had been parted once or twice before the fatal blow was struck. Heatherton at length struck McDonald when his back was turned, knocking him down, when McDonald arose, drawing a knife as he did so, and stabbed Heatherton in the left breast, from the effects of which he died in a few moments. McDonald is in jail in Meadville, awaiting trial. The affray took place in Titusville.

—S. Clark is building an addition to his house, which gives him more room, besides adding to the appearance of his residence.

—We neglected to mention last week that Jas. M. McKay of this place had received the appointment of Post Master of Tionesta.

—Hackett & Proper are busily engaged in working at the old barrel factory, rigging it up for a planing mill, sash, blind and door factory.

—There were no services in any of the Churches in this place on Sunday morning last. Mr. Lloyd preached in the M. E. Church in the evening.

—W. H. May started for Philadelphia on Saturday last. Mr. and Mrs. May, Miss Sue and Bennie started for the same place to-day. They will be gone about two weeks.

—J. A. Proper has moved into the house recently occupied by A. B. Kelly. Mr. Kelly's family will soon move into their new house, which will be finished in a week or two.

—W. P. Neill, at the Post Office keeps on hand a large amount of fresh fruits, vegetables, confections, &c., for sale. Give him a call, and you will get good measure and good fruits.

—The dry weather is playing smash with the water privileges of our place. Several wells which have never failed since they were dug, have gone dry recently. If we do not soon have a wet season we shall have to use river water.

—Mr. Roberts is building a sort of a tunnel over Council Run, and intends to fill over with dirt, and so improve his lot. If he carries out his theories he will have a nice place before he gets through with it.

—Mrs. Hulings has finished the raising of her house, and has now room for several more boarders than formerly. She has expended quite a sum of money on her property this summer, and a great improvement is the consequence.

—Some of our "ballists" went to Oil City yesterday to witness a game between the Forest City of Cleveland and the Senecas of Oil City, and learn a trick or two which might hereafter be of service to the "Whooper-ups" of this place.

—M. Little, who has purchased the Tionesta House, of J. A. Proper, took possession last week. He has re-furnished a large portion of the house, and proposes to keep a first-class hotel. He comes among us highly recommended as a wholesome man, and will, in all probability, be well patronized. See his advertisement in another column.

—Wm. Henry, of Pittsburgh, a brother of M. Henry of this place was in our town and about the country on a tour of combined business and pleasure. He is a wholesale dealer in Boots & Shoes, and while in the country attended camp meeting one day, and took occasion to give his card to those whom he thought likely to buy goods of him. Some one who saw him at it, gave out the story that he was a preacher distributing tracts. Had he heard the story before he got off the campground he would have probably have convinced them that he wasn't that kind of a man.

—Last week we omitted one item in the communication from Fort Pitt, because we were advised to do so by a gentleman from that place, who said he thought it was a mistake. Since our we have received a letter from the party who advised us not to publish the article, saying that he was satisfied that the article was correct. We therefore give it a place in this issue: "As Mr. Alex. McFader was returning from church on Sunday evening, accompanied by a lady, a man named Wm. Ambrose stepped from behind a tree and fired several shots from a revolver at the gentleman, happily without effect."

We owe an apology to our Fort Pitt correspondent, who has been of great service to us in more ways than one, for this treating his communication, and hope he will not "weary in well-doing" because of a mistake on our part. We will publish his communications in full hereafter, provided he deems the above apology sufficient, and doesn't cut our acquaintance.

—Those who advertise in the REPUBLICAN, say it is a paying investment. —The Elk Democrat gives the particulars of a bloody tragedy which occurred in Wilcox, Elk Co., on Thursday morning of last week. A man named Thos. Richards shot his wife in the face, and himself through the heart. Richards was subject to fits of temporary insanity, and his wife was afraid to live with him, and refused to do so. He entered the house where she was living by breaking out a pane of glass, and raising the window. She was in bed, but got up and commenced dressing. He said he had come to get her to live with him. She told him it was no use, as she did not feel safe to do so. He insisted that she must. She told him to wait until she had dressed herself, when she would talk with him, to which he made no reply. He then said, "Ain't you going to speak to me?" at the same time drawing a revolver, with the further remark, "Here's something that will make you speak." She declined to answer and continued dressing. While in the act of stooping to pick up her dress, he fired, the ball entering on the left side of her nose, and lodging in the back part of her head. He then shot himself through the heart, producing instant death. Mrs. Richards is lying in a very critical condition, fears being entertained that she will not recover.

—Peterson's Magazine for September more than maintains its reputation as the "best and cheapest" of the Lady's Books, as well as the supreme authority in matters of fashion. The steel engraving "The Miller's Granddaughter," illustrating a charming story, is one of the prettiest we have ever seen. The double-sized colored steel fashion-plate is of rare beauty, and gives the latest and most elegant Parisian styles. In this number is begun a new copyright novel, "The Tragedy of a Quiet Life," which is unusually good even for the magazine; and there are original tales and novelets, by Mrs. Ann S. Stephens, Frank Lee Benedict, Daisy Ventnor, and other first class story writers. We do not see how any lady can do without "Peterson." It is the leading guide in fashion. The price is but \$2.00 a year; with great reductions to clubs. Address, Charles J. Peterson, 306 Chestnut Street, Philadelphia.

—The NEW ILLUSTRATED EDITION OF WEBSTER'S DICTIONARY.—This seemingly dry and certainly ponderous book has its peculiar charms. Here is collected and tersely set down, a vast quantity of various and useful knowledge, such as is indispensable to educated men and women. Here are an hundred and fourteen thousand words, defined with a clearness, fullness, precision, and wealth of illustration, that denote the soundest scholarship, and the most entire fidelity to laborious details. Altogether the work is a marvelous specimen of learning, taste and thorough labor. We praise it heartily, because we believe it deserves the heartiest praise.—New York Albion.

Burlington.

Leaving the East and arriving at Chicago or Indianapolis, how shall we reach the West? The best Line is acknowledged to be the C. & B. & Q., joined together with the B. & M. Railroad by the Iron Bridge at Burlington, and called the BURLINGTON ROUTE.

The main line of the Route running to Omaha, connects with the great Pacific Roads, and forms to-day the leading route to California. The Middle Branch, entering Nebraska at Plattsmouth, passes through Lincoln, the State Capital, and will this year be finished to Fort Kearney, forming the shortest route across the Continent by over 100 miles.

Another branch of the B. M., diverging at Red Oak, falls into a line running down the Missouri through St. Joe to Kansas City, and all Kansas. Passengers by this route to Kansas, see Illinois, Southern Iowa, and Missouri, and by a slight divergence, can see Nebraska also.

Lovers of fine views should remember the Burlington Route, for its towers "high-gleaming from afar"—its tree-fringed steams—its rough bluffs and quarries—its corn-oceans stretching over the prairies further than eye can reach.

Land-buyers will be sure to remember it, for they have friends among the two thousand who have already bought farms from Geo. S. Harris, the Land Commissioner of the B. & M. R. R. at Burlington, Iowa, and among the four thousand home-steaders and preceptors who last year filed claims in the Lincoln land office, where "Uncle Sam is rich enough to give us all a farm."
