LOCAL AND MISCELLANEOUS.

Blank Deeds, Leases and Judgment notes for sale at this office. The newest styles of Ladies' Corsets at the Superior Lumber Co. Store. Only two prisoners in the jail now, and that is about two more than the average since the jail was built. Lace and Linen Collars in great variety, at the Superior Lumber Co. Store. Services will be held in the Presbyterian Church next Sabbath. We believe that Rev. M. Tier will occupy the pulpit. Good styles of Paper Collars for 10 cts. a box, at the Superior Lumber Co. Store. I. Hillbrouner & Co. have sent away from here this season to New York, over 4000 lbs of Wool, which is not so slow for a town of this size. Just received—a new lot of Coatings and Cassimeres, at the Superior Lumber Co. Store. Pheasants fly into our city and march around as independently as you please, on Sundays, seemingly knowing that our law-abiding citizens would not molest them on that day. Photograph Pictures and Frames at the Superior Lumber Co. Store. Sawyer & Hulings are fixing up Mr. Sloan's house, putting in new window-frames and materially changing and improving the looks of the house. Hard to beat—that new lot of Gents' Paper Collars, just received at Superior Lumber Co. Store. We wish to call attention to new advertisement of I. Hillbrouner & Co., which appears on second page. It will speak for itself. We expect it will be still further changed next week. A full line and superior quality of Silk Ribbons, received for sale at Superior Lumber Co. Store. We will give the returns of the election in this county in full in next issue, and expect to give the Republican candidates, both State and County larger majorities than ever before. A full line of Underwear, knit and Woolen Goods to be received soon at the Superior Lumber Co. Store. Bee-hunting is now a favorite pastime among some of our people. They go off in the woods, bait bees, and follow them to their trees, chop them down and carry off loads of honey. Extracts, Perfumery, Hair Oils, Toilet Brushes, Combs and all kinds of Toilet Articles at the Superior Lumber Co. Store. Messrs. Wolcott & Grove are now operating at Enterprise, where some large wells are being struck. They have secured a good lease, and commence operations immediately. We wish them success. A full line of All Wool Long and Square, Imitation Paisley, and Black Merino Shawls for sale at Superior Lumber Co. Store. One more week of school, and then we understand that there will be no more this winter. The young ideas having no facilities for being taught how to shoot, will have to learn to go off themselves, this winter. Table Linen, Toweling, Linen Napkins, Plain Irish Linen, Bird's Eye and all kinds of Linen and Linen Goods at Superior Lumber Co. Store. We hear of some sheep having been killed and some dogs poisoned, in this section. If your dog seems to have a predisposition for live mutton, shoot him on the spot, as that is cheapest way you can get rid of him. A full line of Ladies' and Gents' fall and winter Silk, Silk Lisle and Pile Lined Gloves at Superior Lumber Co. Store. Perry Roberts, a son of W. J. Roberts, of this place, shot a deer, on one of the islands opposite this place, on Monday last. Perry is but about twelve years old, and this example of this ability in shooting we consider rather better than most boys of his age can do. The venison was taken home, and, we suppose, principally eaten.

Davis, Butterfield and Dale start from here to-day for their pleasure trip in the west. They contemplate visiting Brigham Young and his family before they return. We wish them all the pleasure they anticipate. Silk Gimp, Silk Fringe, Silk Velvet Ribbons, Gimpure Lace, Silk and Velvet Buttons, and all kinds of Dress Trimmings for sale at Superior Lumber Co. Store. The Forest Brass Band was out at Tylerburg on Tuesday of last week, dishing up music to a wedding party there, which weighed forty-three ounces. They returned about three o'clock in the morning, and serenaded several of our citizens. Gents' Hats and Caps, Fall and Winter Styles, Men and Boys' Boots, also a full variety of Ladies' Lace Boots, Shoes, Gaiters and Overshoes at Superior Lumber Co. Store. Mr. Swaggart is dispensing meat to the hungry, from the establishment built for that purpose last spring by W. H. Butler, opposite Superior Lumber Co. Store. The Tidouite Journal says that Major Mathews has severed his connection as cashier in Grandin Bro's bank, and that Major E. M. Curtis has been appointed to fill the vacancy. Jas. McKay, P. M., (which is Postmaster) desires us to say that hereafter the post-office will be open from 7:30 A. M. to 9:00 P. M. every day except Sunday. A good arrangement. The Forest Brass Band desire to return their thanks to C. B. Weber and wife, of Tylerburg, for the kind manner in which they were entertained on Tuesday evening, 3d inst. A lawsuit took place at the Court House last evening, in which W. H. Roberts, Watts B. Lloyd and David Hays were interested. It was in regard to the railroad tie business. We have not learned how it came out. Knox & Co. have just received several car loads of stoves of all patterns, sizes and prices. Call and see them before purchasing. Also the finest lot of confectionaries ever brought to town. Call before you go to see your girl. The hills about our place are now in the height of their beauty, the leaves having turned with a special view to artistic taste. Autumn, but for the fact that it warns us of the approach of Winter, would be the most pleasant part of the year in this country. We hear of a thirty barrel well having been struck over at Neiltown, recently. We don't remember the names of the proprietors, but one of them was from Pleasantville. We can see the oil business working this way from every direction. Saturday and Sunday about stripped the trees of chestnuts about here. The boys were out in great numbers and clubbed, switched and hacked all the trees about here, until it is really a big job to get a pocket-full in a half day. We have recovered one of our umbrellas. Will the person who has the other one help us to recover it? This one we left at the Sheriff's house, and neglected to remember the fact. The other we firmly believe was stolen. We tender our apologies to the Sheriff on the umbrella question. Smoke from Minnesota, or some other source has been hovering over our place and adjoining country since Thursday last, giving things the appearance of Indian Summer. Large tracts of woods are, or have been recently burning in Minnesota, and the supposition is that the smoke comes from there. J. W. Stroup, of our place met with a painful accident on Saturday last, which will probably disable him for two or three weeks to come. He was, with others, playing a practice game of base ball, and in running the bases, jumped on the side of one of his feet, spraining his ankle badly. He has our sympathy. And still no flood. The rains do not come, neither do the streams overflow their banks. Water has not been so low in the Allegheny in the memory of the oldest inhabitant. A year ago last spring there was a good flood, and the lumbermen got their rafts run in due season, and the country round about was made to rejoice over the good status of the lumber business. Last fall there was not water enough to float a raft three courses deep. Last spring a flood caused by the thawing of the snow, held on long enough to let out a small amount of the lumber in the creek and river. From that time to this has been a season of anxious longing and watching for rain. The mouth of the creek, high above the water, on either side, is stuffed full of rafts which have been lying there since spring. Up the creek there is many times as much more ready to run, and all that is needed is water. Should no flood come this fall we don't know what is to become of us. We anxiously watch the clouds.

The Tidouite Journal comes to us changed to a quarto form and containing forty columns. The appearance is truly improved. The Titusville Sunday News has been sold to J. T. Henry, Esq., former editor of the Titusville Courier. Mr. Henry will make a live paper of it, as he is a good writer and a live man. Wm. Dusenbury of Newtown, tells us of a potato which was dug up there, which weighed forty-three ounces. This is a big potato, but it is seen by a notice elsewhere that we have a larger one on hands. Mr. Sloan, of the firm of Sloan & Van Giesen takes up his residence in our midst this week, his family occupying the house formerly owned by the Highland heirs. We cordially welcome himself and family among us. We bought an Oil City Derrick on Saturday morning, that paper not honoring itself by exchanging with us, and find, by reading it, that it calls the "variety" man of the Titusville Herald, a pig. Mr. Bishop appears to be struck out in all directions, like a copperhead snake in dog days, and we shouldn't wonder if he should run against a circumstance some of these days. Capt. Knox's barn is moved to its resting place on the side hill, leaving his store in a situation to be finished off in a superior shape. He is also excavating for the purpose of laying a solid foundation for a building to front on Elm St. eighty-four feet. When this building is finished he shall be in the largest part of the town, and shall put on airs accordingly. The bridge question is beginning to be extensively agitated again, and when a bridge is built, we don't know what we will have to get excited over in the winters. As long as the ferrying is good the bridge question is dropped by common consent, but as soon as winter and bad transportation back and forth from the depot commences, then comes up the question of bridge. We hope that something definite will be settled upon this winter. Benj. Elliott, of Neillsburg, has left at our office a potato, which, we believe is of the Early Rose variety, which weighs fifty ounces avoirdupois. Were it not getting monotonous we would ask "how's that for high?" but we will merely inquire if any man, or set of men, here, or elsewhere, have raised a potato which will lay over this one. If they have, we will be glad to see it, and will duly announce the fact. Two or three parties have recently sent back their papers to this office, "refused," who owe us sums varying from two to five dollars. Now we propose to publish their names very soon, unless the cash is sent in. We don't see a general thing approve of a newspaper trying to destroy the character of private individuals, but we have good facilities for telling the people the names of the persons who swindle us, and we propose to do it. The lamp will hold out to burn for about two weeks, and either the cash or other satisfaction will then be had. We attended the fair at Conneautville. It was a success in every particular. The weather on Thursday was as fine as could be wished. On Friday the air was cold, and overcoats and shawls were in demand. The crowd was estimated at 10,000 persons. The show of stock of all descriptions, vegetables, machinery, handiwork of all kinds and fine arts, was such as we hope to see again next year. We were happy to see that our friend J. C. Hull, whose advertisement appears elsewhere, was present with a superior stock of instruments and contracted several sales while there. We had a first-class time, and are glad we went. The Best Jewelry House In Northwestern Pennsylvania is situated on the corner of Water and Chestnut Streets, Meadville, Pa., and is owned by M. P. Jenks. He has just received a large and superior stock of Jewelry, which he has marked down to the bottom figures, and we can conscientiously recommend this house to our readers if they want any thing in that line. The stock is very extensive, and one cannot fail to suit himself in anything in this line. Give Jenks a call when you go to Meadville, and you will not regret it. HEALTH VIGOR. Use Dr. Herriek's Sugar-Coated Vegetable Pills and Kid Strengthening Plasters, also Dr. Perrin's Funigator for Catarrh. The best preparation in the market. For Horses and Cattle use Harvel's Condition Powders—the best in use—satisfaction guaranteed or money refunded. Sold by D. S. Knox & Co., Agents, Tionesta, Pa., and the trade generally. 21 Oct

Burlington. Leaving the East and arriving at Chicago or Indianapolis, how shall we reach the West? The best line is acknowledged to be the C. & B. & Q., joined together with the B. & M. Railroad by the Iron Bridge at Burlington, and called the BURLINGTON ROUTE. The main line of the Route running to Omaha, connects with the great Pacific Route, and forms to-day the leading route to California. The Middle Branch, entering Nebraska at Plattsmouth, passes through Lincoln, the State Capital, and will this year be finished to Fort Kearney, forming the shortest route across the Continent by over 100 miles. Another branch of the B. M., diverging at Red Oak, falls into a line running down the Missouri through St. Joe to Kansas City, and all Kansas. Passengers by this route to Kansas, see Illinois, Southern Iowa, and Missouri, and, by a slight divergence, can see Nebraska also. Lovers of fine views should remember the Burlington Route, for its towns "high-gleaming from afar"—its tree-fringed steams—its rough bluffs and quarries—its corn-oceans stretching over the prairies further than eye can reach. Land-buyers will be sure to remember it, for they have friends among the two thousand who have already bought farms from Geo. S. Harris, the Land Commissioner of the B. & M. R. R. at Burlington, Iowa, or among the four thousand home-steaders and pre-emptors who last year filed claims in the Lincoln land office, where "Uncle Sam is rich enough to give us all a farm." CARPENTERS, Blacksmiths, Saw mill men, Oil men, and other citizens of Forest county, who are in want of anything in the Hardware line, should go to Andrews & Co., Tidouite. They have the largest stock in this section of the country. They are making and repairing all kinds of Machinery and Saw mill castings at short notice 4-t. Book Binding. We are agent for as good a book-binding as there is anywhere. We are prepared to do all the binding which may be brought to us, at low rates, and satisfaction guaranteed. Samples can be seen at this office. M. P. Jenks, Jeweller, Meadville, Pa., is selling Watches, Jewelry, Chains, Diamonds &c., at 20 per cent. below marked prices. Several of our citizens have patronized him, and find him "square." Give him a call. His establishment is on the corner of Water and Chestnut Sts., in Cullum block. A. H. STEELE, Cashier Tionesta Savings Bank, has been appointed agent for the celebrated "Imman Line Ocean Steamers," at this place. Any person desirous of going to Europe or bringing friends to this country, will do well to call on Mr. Steele, who will furnish them with all the information required. JOHN Q. KELLOGG, Pharm. St., New York. Sole Agent for the United States. Price One Dollar per bottle. Send for Circular. 22-4t THE NOVELTY CLOTHES WRINGER. Nothing except the Sewing Machine has ever been invented which so much reduces the labor of the household as the Wringer. But its usefulness does not end here. The saving of clothing is of much greater importance. It is often remarked that articles of fine texture last twice as long when wrung in a wringer as when wrung by hand. The Novelty has cog-wheels on both ends. The rolls are allowed to separate so freely at either end. These, besides other advantages which it contains seem to be indispensable to a practical wringer.—New York Independent. THE NEWEST WRINGER—Has become an indispensable institution in thousands of families. And we believe its great and increasing popularity is fully merited—for the Novelty evidently possesses all the requisites of a first-class, practical machine. Indeed, after using one for many months in our own family, we are prepared to endorse the Novelty as unsurpassed (the hundreds say so) by any of the several wringers previously tried.—Moore's Rural New Yorker. The following are selected from thousands of testimonials of similar character, as expressing the reasons for the preference of the Grover & Baker Machines over all others. "I like the Grover & Baker Machine, in the first place, because if I had any other, I should still want a Grover & Baker; and having a Grover & Baker it answers the purpose of all the rest. It does a greater variety of work and is easier to learn than any other."—Mrs. J. C. Croly (Janey June) "I had had several years' experience with a Grover & Baker Machine, which has given me great satisfaction. I think the Grover & Baker Machine is the best managed, and less liable to get out of order. I prefer the Grover & Baker decidedly."—Mrs. Dr. Watts, New York. "I have had one in my family for more than twenty years; and from what I know of its working, and from the testimony of many of my friends who use the same, I can hardly see how anything could be more complete or give better satisfaction."—Mrs. A. C. Grant "I believe it to be the best, all things considered, of any that I have known. It is very simple and easily learned; it is sewing from the ordinary spoils in a great advantage; the stitch is entirely reliable; it does not make any noise, and is entirely not liable to get out of order."—Mrs. A. M. Spooner, 36 Bond St., Brooklyn. "I have had the Grover & Baker Machine for ten or twelve years in constant use in my house. I have seen and known every kind of Family sewing, both personal and household, accomplished up to the Grover & Baker Machine, to the entire satisfaction of all concerned."—Rev. Stephen H. Tyng. "I find the Grover & Baker Stitch will wear as long as the garments do—outwear the best made done by any domestic work; break on bias seams, when stretched by others do; and neither does it draw the work."—Mrs. Dr. Whiting, 4 East twenty-fourth street, N. ADDRESS To the Nervous AND DEBILITATED. WHOSE sufferings have been protracted from hidden causes, and whose cases require prompt treatment to render existence desirable? If you are suffering, or have suffered from involuntary discharges, what effect does it produce on your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky or floccy, or is itropy on settling? Or does a thick skum rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspnea? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling on this subject? Do you feel dull, listless, mooping, tired of company, or life? Do you wish to be left alone, away from everybody? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Do you feel as much confidence in yourself? Are your spirits dull and dragging, given to fits of melancholy? If so, do not lay it to your liver or dyspepsia. Have you restless nights? Your back weak, your knees weak, and have lost little appetite, and you attribute this to dyspepsia or liver-complaint? Now, reader, self-abuse, venereal diseases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health, make the man did you ever think that those bold, determined, energetic, persevering, successful business-men are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, of nervousness, of palpitation of the heart. They are never afraid they cannot succeed in business; they don't become sad and discouraged; they are always polite and pleasant in the company of ladies, and look you and them right in the face—none of your downcast looks or any unreasonableness about them. I do not mean those who keep the organs inflated by running to excess. Those will not only ruin their constitution, but also those they do business with or for. Diseases of these organs require the use of a Diuretic. HELMHOLD'S FLUID EXTRACT BUCHU is the great Diuretic, and is a certain cure for the diseases of the Bladder, Kidneys, Gravel, Dropsy, Organic Weakness, Female Complaints, Genital Debility, and all diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing. If no treatment is submitted to, Consumption or Insanity may ensue. Our flesh and blood are supported from these sources, and the health and happiness, and that of Posterity, depends upon prompt use of a reliable remedy. Helmhold's Extract Buchu, established upward of 19 years, prepared by H. T. HELMHOLD, Druggist, 604 Broadway, New York, and 104 South 10th Street, Philadelphia, Pa. Price—\$1.25 per bottle or 6 bottles for \$6.50, delivered to any address. Sold by all Druggists everywhere.
