Vegetable Sicilian Hair Renewer

Has stood the test of seven years before the public; and no preparation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the VEGET-ABLE KINGDOM. It restores GREY HAIR TO ITS ORIGINAL YOUTH-FUL COLOR. It makes the scalp white and clean; cures dandruff and humors, and falling out of the hair; and will make it grow upon baid heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a HAIR D RESSING. It is the cheapest preparation ever offered cheapest preparation ever offered to the public, as one bottle will ac-complish more and last longer than three bottles of any other preparation.

It is recommended and used by the First Medical Authority. The Wonderful results produced by our Sicilian Hair Renewer have induced many to manufacture preparations for the Hair, under preparations for the Hair, under various names; and, in order to induce the trade and the public to purchase their compounds, they have resorted to falsehood, by claiming they were former partners, or had some connection with our Mr. Hall, and their preparation was similar to ours. Do not be decived by them. Purchase the original: it has never yet been equalted. Our Treatise on the Hair, with certificates, sent free by mull. See that each bottle has our private Revenue Stamp over the top of the bottle. All others are imitations.

here. The saving of clothing is of much greater importance. It is often remarked that articles of fine texture last twice as long when wrung in a wringer as when wrung by hand. The Novelty has cogwheels on both ends. The rolls are allowed to separate freely at either end. These, besides other advantages which it contains seem to be indispensable to a practical wringer.—New York Independent.

The Novelty Wringer.—Has become an indispensable institution in thousands of families. And we believe its great and increasing popularity is fully merited—for the Novelty avidently possesses all the requisites of a first class, practical machine. Indeed, after using one for many months in our own family, we are prepared to endorse the Novelty as unsurpassed (the laundress says unequated) by any of the several wringers previously tried.—Moore's Rural New Yorker.
