LOCAL AND MISCELLANEOUS.

I wish to send off all books for binding within the present week, that come in. All who have books to bind will please bring them to the REPUBLICAN office during this week, and good work and reasonable prices will be guaranteed.

We are a little delayed this week on account of Sheriff's Sales, which appear in another column.

Ferd. Wenk left last week to go to East Brady to help Mr. Lawrence run his hotel.

Services, morning and evening, will be held in the M. E. Church, on Sunday next by Rev. S. S. Burton.

Coal is quite plenty now, and is bringing 20 to 22 cts. per bushel. We will take a lead or two on subscription.

J. L. Craig, the Station Agent recently assigned to this place, will soon bring his family to town, and become a citizen.

Business of importance will come before the Temple of Honor on Friday evening next. A full attendance is desired.

Miss Adela Roberts was at home last week a few days on a visit. She went back to her school at Clarion the last of the week.

Vaccination has been performed on a great number of our citizens and the juvenile portion have some arms with a few exceptions.

Deeds, Subpenas, Executions, warrants, Summons, Informations, Notes and Leases, kept constantly on hand and for sale at this office.

H. H. May, Esq., has returned from a trip of four weeks to Louisville. He is looking hearty. He reports his son, W. H., as doing finely and having good health.

We have heard that there was some danger of Timothy Donovan losing his leg entirely, from the effects of the accident by which his leg was broken a few weeks ago.

We noticed three deers being shipped at the depot on Monday to parties living at a distance. A good many of the deer creatures are being slain by the fork.

Our Fort Pitt Correspondent was in town last week. He says the reason he does not communicate is that the mill is shut down at present, and nothing is going on except stocking.

Work on Capt. Knox's new building is suspended for the present, but will be resumed again as soon as the remainder of his lumber comes, weather permitting.

D. W. Clark has moved into his new house, which is about as comfortable a dwelling as a person needs. The work is all done but the painting, which will be finished in the spring.

We invite attention to a corrected time table of the Allegheny Valley R. R., which will be found on the second page of this issue. We received it too late for correction on the outside page.

Mrs. P. E. Hinman, a daughter of Sam'l McClintock, died at the residence of her father, in Harmony Tp., this county, yesterday morning. We have not learned when or where the funeral services are to be held.

A great deal of lumber is now in a bad condition in the creek and river, being frozen in tight, the water having backed over them after the ice stopped, and frozen. They will in all probability go out with the ice.

The ice in the river stopped on Tuesday night last, and most of the river was frozen over on Wednesday morning. The skating is said to be very good in spots. Some few teams crossed on the ice during the week, but it is very dangerous. We hope to have a solid bridge here during this winter.

Mr. Lewis Kiester of East Hickory has returned from Cincinnati. He had charge of lumber belonging to the firm of H. & H. Stow & Co., and made the trip in fifteen days.

Snow enough fell last week to furnish an excuse for getting out sleds and sleigh bells, but at no time yet this winter has the sleighing been good. About six inches of snow just about now would help things amazingly.

The Beaver Oil Company, of which Mr. Ira Anderson is Manager is putting down a new well on Hiram Heath's farm in Hickory Township. They are down 200 feet and are drilling about 20 feet each day.

Jaas Dimond, of Oregon, N. Y., formerly a citizen of this place, was in town on a visit last week. He is in very good health, and reports Wm's family likewise. William will probably put in an appearance here about Christmas.

On Monday about noon Mr. H. Swaggart's house, across the river from Trunkville, was consumed by fire. Mr. Swaggart succeeded in saving the most of his furniture, but lost considerable grain, provisions &c. The fire caught from the stove pipe.

Ernest H. Stow and Wesley Ball, who have been spending their vacation at their homes, at East Hickory, returned to their school at Edinboro, on Monday last, accompanied by Leonard Range, of Harmony. They are all young men who will improve their opportunities.

We are indebted to Jno. R. Loutter, Esq., of the firm of Ferd. Barnardollar & Co., of Pueblo, Colorado, who was formerly a citizen of Forest, for files of Colorado papers, among which we noticed more particularly The People, which is a paper of marked ability, and a model of typographical neatness. Thanks.

The Quarterly Meeting for Hickory Circuit, was held, as announced on Dec. 2d and 3d. Rev. O. L. Mead, Presiding Elder was present and preached. The collection amounted to \$17.65. The next Quarterly Meeting for that circuit will be held at Beaver Valley on the 17th and 18th of February, 1872.

A Christmas ball will be given at the Tionesta House on Friday evening, Dec. 22d. Two bands will be in attendance, and good music may be expected. A committee of gentlemen and two floor managers of undoubted ability in that direction, have been chosen to carry out the programme, and we have no doubt that a good dance will be had.

There was quite an excitement in East Hickory on last Tuesday morning, occasioned by the report that an individual had frozen to death the night at the residence of Doc. Allison. The fears of sympathetic people were somewhat composed when it was definitely ascertained that the departed one was only a hound puppy. Requiescat in Pace.

Another meeting has been had between Coburn and Mace, the prize-fighters, which resulted in a draw game. Both parties were evidently afraid they would get hurt, and after ordering the contestants to the scratch several times the referee decided the fight a draw, and all bets off. We were in hopes that one of them would be killed in the fight, and the other hanged for his murder. But, "Twas ever thus from childhood's hour; I've seen my foundest hopes decay."

P. O. Notice.

All those who receive papers, magazines &c., at Tionesta P. O. are notified to pay the postage within the present week, or after that time, they will be withheld. J. M. McKay, P. M.

Notice.—A meeting of the Stockholders of the Oil Creek and Allegheny River Railway Company will be held at the office of the Company, in Philadelphia, at No. 230 Walnut St., on the 15th day of December, A. D. 1871, at 12 M., for the purpose of considering and acting on Articles of Consolidation and Merger of the Union and Titusville Rail Road Company, with the Oil Creek and Allegheny River Railway Company.

F. A. PHILLIPS, Sec'y. Corry, Nov. 30, 1871. 36 24

Thanks.

I desire to return hearty thanks to Sidney C. Smith, for the present of a barrel of the best flour on Thanksgiving Day. Jesus said: "Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me." Many thanks are also given to T. J. Bowman for the gift of a pair of good pantaloons. May a thousand of Heaven's choicest blessings abide upon these noble friends.

J. A. HUSE, East Hickory, Pa.

Again ahead of all! is the exclamation we make on opening "Peterson's Magazine" for January. It is impossible to conceive how a lady's book could be handsomer, or more perfect. "I Wonder if I Could Dance," the principal steel-plate, is one of the most charming we have ever seen.

Another steel-plate is "The New Governor," illustrating a beautiful tale by the author of "Kathleen's Love-Story." The double size mammoth, colored, steel fashion plate is a gem of loveliness: these colored, mammoth steel plates are a specialty with "Peterson."

The price is but two dollars a year, with great deductions to clubs; and splendid premiums are offered to the persons getting up clubs. Specimens are sent gratis. We advise parties to see a specimen before subscribing for anything else. Address, Chas. J. Peterson, 306 Chestnut Street, Philadelphia.

Notice.—Those who have not yet paid their subscriptions to the M. E. Church Building in this place, are earnestly requested to pay the same to me at once. There is a church debt now due which these subscriptions were made to meet. Both subscriptions, the old and the new, have matured, and the time has now come when the church debt must be settled. Please give this matter early attention.

By order of the Board of Trustees of M. E. Church.

MILES W. TATE, Sec'y. & Treas.

THE ALDINE FOR CHRISTMAS, 1871.—The long expected Christmas number has arrived, and right royally have the publishers kept faith with their patrons. A volume in itself, there are few holiday books of any price that can compete with the sumptuous elegance of this issue of that remarkable periodical, The Aldine.

The paper and the engravings are fully equal in quality to the finest holiday books, and the pages folded down to the size of ordinary "4to," would make a volume of 128 pages, which, in cloth binding would retail for \$5.00; all of which, is afforded for one dollar, or to yearly subscribers for twenty-five cents! Surely no better example could be asked of the mighty power of the printer's art to extend a refining influence to the humblest home!

We would fain dwell with a printers' pride upon the subject of this splendid tribute to our art, but we hope we have said sufficient to enable our readers to appreciate the importance of securing a copy for themselves, which they can do by addressing the publishers, James Sutton & Co., 23 Liberty-st N. Y.

Burlington.

Leaving the East and arriving at Chicago or Indianapolis, how shall we reach the West? The best Line is acknowledged to be the C., B. & Q., joined together with the B. & M. Railroad by the Iron Bridge at Burlington, and called the BULLDOG ROUTE.

The main line of the Route running to Omaha, connects with the great Pacific Roads, and forms to-day the leading route to California. The Middle Branch, entering Nebraska at Plattsmouth, passes through Lincoln, the State Capital, and will this year be shortened to Fort Kearney, forming the shortest route across the Continent by over 100 miles.

Another branch of the B. M., diverging at Red Oak, falls into a fine running down the Missouri through St. Joe to Kansas City, and all Kansas. Passengers by this route to Kansas, see Illinois, Southern Iowa, and Missouri, and, by a slight divergence, can see Nebraska also.

Lovers of fine views should remember the Burlington Route, for its towns "high gleaming from afar"—its tree-fringed steams—its rough bluffs and quarries—its corn-fields stretching over the prairies further than eye can reach.

Land-buyers will be sure to remember it, for they have friends among the two thousand who have already bought farms from Geo. S. Harris, the Land Commissioner of the B. & M. R. R. at Burlington, Iowa, or among the four thousand home-steaders and preceptors who last year filed claims in the Lincoln land office, where "Uncle Sam is rich enough to give us all a farm."

LITERARY DEPARTMENT. Where so much attention is paid to illustration and get up of the work, too much dependence on *superlatives* may very naturally be feared. To anticipate such misgivings, it is only necessary to state that the editorial management of THE ALDINE has been intrusted to Mr. Richard Henry Stoddard, who has received assurances of assistance from a host of the most popular writers and poets of the country.

THE VOLUME FOR 1872 will contain nearly 300 pages, and about 250 fine engravings. Commencing with the number for January, every third number will contain a beautiful tinted picture plate paper, inserted as a frontispiece.

GROVER & BAKER SEWING MACHINES.

To following are selected from thousands of testimonials of similar character, as expressing the reasons for the preference of the Grover & Baker Machines over all others. "I like the Grover & Baker Machine, in the first place, because I had another, I should still want a Grover & Baker; and having a Grover & Baker it answers the purpose of all the rest. It does a greater variety of work and is easier to learn than any other."—Mrs. J. C. Croly (Jenny June)

"I have had several years' experience with a Grover & Baker Machine, which has given me great satisfaction. I think the Grover & Baker Machine is more easily managed, and less liable to get out of order. I prefer the Grover & Baker decidedly."—Mrs. Dr. Watts, New York.

"I have had one in my family for some two years; and from what I know of its workings, and from the testimony of many of my friends who use the same, I can hardly see how anything could be more complete or give better satisfaction."—Mrs. ten. Grant.

"I believe it to be the best, all things considered, of any that I have known of. It is very simple and easily learned, and sewing from the ordinary spool is a great advantage; the stitch is entirely reliable; it is not liable to get out of order."—Mrs. A. M. Spooner, 30 Bond St., Brooklyn.

"I am acquainted with the work of the principal machines, and I prefer the Grover & Baker to them all, because I consider it much more elastic, and it works in the house which was done nine years ago which is still good."—Mrs. Dr. McCready, No. 45 East 23d street, N. Y.

"More than two-thirds of all the sewing done in my family for the last two years has been done by Grover & Baker's Machine, and I never had a garment rip or need mending, except those rags which troublesome boys will make in whole cloth. It is in my opinion, by far the most valuable article I have tried."—Mrs. Henry Ward Beecher.

"The Grover & Baker Sewing Machine has rendered in every respect, the most perfect satisfaction. It combines so many advantages, that it is a necessity in every household."—Mrs. Governor Henry, Harrisburg, Pa.

"I have had the Grover & Baker Machine for ten or twelve years in constant use in my house. I have sewed up every kind of family sewing, both personal and household, accomplished up the Grover & Baker Machine, to the entire satisfaction of all concerned."—Rev. Stephen H. Tyng.

"I find the Grover & Baker Stitch will wear as long as the garments do—outwear the garments. I have sewed up, and will not break on bias seams, when stretched, as others do; and neither does it draw the work."—Mrs. Dr. Whiting, 4 East twenty-fourth street, N. Y.

The Grover and Baker Sewing Machine Company manufacture both the Elastic and Lock Stitch Machines, and offer the public a choice of the best machines of both kinds, at their establishments in all the large cities, and through agencies in nearly all towns throughout the country. Price lists and samples of sewing in both stitches furnished on application to Grover & Baker S. M. Co., 127 Wood Street, Pittsburgh, Pa.

ADDRESS

To the Nervous

DEBILITATED.

WHOSE sufferings have been protracted from hidden causes, and whose cases require prompt treatment to render existence desirable.

If you are suffering, or have suffered from involuntary discharges, what effect does it produce on your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky or sticky, or is itropy on settling? Or does a thick skin rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspnea? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling on this subject? Do you feel full, listless, mooping, tired of company, or life? Do you wish to be left alone, away from everybody? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? Is the bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Do you feel as much confidence in yourself? Are your spirits dull and flagging, given to fits of melancholy? If so, do not lay it to your liver or dyspepsia. Have you restless nights? Your back weak, your knees weak, and have but little appetite, and you attribute this to dyspepsia or liver-complaint?

Now, reader, self-abuse, venereal diseases, bad diet, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health, make the man. Did you ever think that those bold, defiant, energetic, persevering, successful business men are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, or nervousness, or palpitation of the heart. They are never afraid they cannot succeed in business; they don't become sad and discouraged; they are always polite and pleasant in the company of ladies, and look you and them right in the face—none of your downcast looks or any meanness about them. I do not mean those who keep the organs inflated by running to excess. Those will not only ruin their constitutions, but also those they do business with or for.

How many men, from badly cured diseases, from the effects of self-abuse and excess, have brooded about that state of weakness in those organs that has reduced the general system so much, as to produce almost every other disease—idiotcy, lunacy, paralysis, spinal affections, scidule, and almost every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected and have doctored for all but the right one.

Diseases of these organs require the use of a Diuretic. HELMBOLD'S FLUID EXTRACT BUCHU is the great Diuretic, and is a certain cure for diseases of the Bladder, Kidneys, Gravel, Dropsy, Organic Weakness, Female Complaints, General Debility, and all diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing.

If no treatment is submitted to, Consumption or Insanity may ensue. G. O. H. and blood are supported from these sources, and the health and happiness, and that of Posterity, depends upon prompt use of a reliable remedy.

Helmbold's Extract Buchu, established upward of 19 years, prepared by H. T. HELMBOLD, Druggist, 304 Broadway, New York, and 104 South 10th Street, Philadelphia, Pa. Price—\$1.25 per bottle or 6 bottles for \$6.50, delivered to any address. Sold by all Druggists everywhere.

None are genuine unless DONE UP IN STEEL ENGRAVED Wrapper, fac-simile of my Chemical Warfare, and signed H
