LOCAL AND MISCELLANEOUS.

Hon. J. B. Lawson, Assemblyman, from this district, has our thanks for public documents.

The wife of Mr. James Henderson, of East Hickory, and all his four children are sick with scarlet fever. They have the sympathy and good wishes of the entire community in their affliction.

Hon. J. B. Lawson, member of the Legislature from this district, has been appointed a member of the committee on Election Districts, Military committee, Agriculture, committee on Claims.

We observe most of the board rafts between this place and Lacytown have been taken out and are piled on the banks of the creek. This is a precaution every body who has lumber in the creek should take.

Mr. Ed. Cullett, cutter for the Superior Lumber Co. Store, has moved his tailor shop up stairs in the room formerly occupied by Mrs. Rogers. This gives more room for goods in the store.

Mr. J. V. Woodford and Miss Edie Kiffer, collected \$114 for the relief of Mrs. C. Ziegler, from the people of Beaver Valley and East Hickory. May God reward them and the contributors for their work of love.

W. W. Dimond was in town yesterday, and called upon us. Himself and family start for Kansas in a couple of weeks. He is looking well, and reports his family in the same condition. We wish him success in the West.

Al. Partridge has been grievously afflicted for a little over a week past with one of Job's comforters, on his neck. Providence "put a head on it" recently and Al. concluded to let the matter drop. When you ask him now, where he would rather have a boil, he answers, "On another feller."

E. B. Freeman, of Fort Pitt, met with an accident on Monday of last week by which he is disabled for some time to come. While skidding logs for the mill, one of them rolled on his left foot, crushing it badly. He is about on crutches, and hopes to be able to attend to the physical manipulations of the mill soon.

We wish to call attention to the card of D. W. Clark, Real Estate Agent, which appears in to day's paper. Mr. Clark is a good business man, has again been employed as Commissioner Clerk for a year, and is in a position to know whereof he speaks. Any business intrusted to him will be done in the best possible manner.

The Aldine for February is a worthy successor to the January issue. The illustrations are fully up to those of previous numbers. Lack of space prevents us giving this art periodical the attention it deserves. The publishers are James Sutton & Co., 23 Liberty Street, N. Y., and the subscription price is \$5 which includes a handsome oil chromo.

Peterson's Magazine for February is before us, and is a splendid number. The steel engraving, "The First Flirtation," is true to life, and the other engravings and fashion plates are scarcely inferior. The terms of this magazine are \$2.00. We will furnish this magazine and the Forest Republican, for \$3.50 a year, cash in advance.

The Teachers' Institute begins its sessions to-day. Already our town assumes a livelier appearance than usual on account of the fair faces and forms of the school-ma'ams who are now present. This will probably be the most interesting session yet held, and according to present appearances, the best attended. We will publish a report of the proceedings from the secretary's minutes.

MARRIED.

CHASE—ARNER.—On Wednesday evening, Jan. 17th, 1872, at the residence of Lewis Arner, Esq., by Rev. J. Albert Hume, Mr. Edward H. Chase, of Albion, Erie county, Pa., and Miss Mary A. Arner, of Nebraska, Forest county, Pa.

We were fortunate in receiving tickets to the above entertainment, and were present. We were greatly attracted by the ceremony, and profoundly interested in the supper, which was one to retain "a place in thy memory." Dancing followed, which was participated in by nearly all the guests. At a late hour a break-up was effected, and all went to their homes thinking it all good to have been there. May they float down life's voyage on a fine rafting stage, and find a good market at the end of their trip.

THAT LEAP-YEAR RIDE.

The event of the season came off on Friday evening last. It was a sleigh-ride, which was originated, planned, promulgated and paid for, by the ladies. For a day or two previous to the event we had noticed an unusual flutter among the fair sex of our place, and an air of importance which mystified us. We felt that something was brewing, but of its nature we could only guess. Men may meet, talk, smoke and part, seven times a week, and, as a general thing, it all ends in smoke. But when you see a lot of ladies laying their heads together and floating around looking mysterious, take our word for it, something is going to happen. This case was no exception. On Friday morning it was generally understood that the ladies had made up their minds to exercise their leap-year prerogative, and take the gentlemen out for a ride. Then the flutter was all the other way. Men peeped furtively out the window at every damsel who came in sight, and sank back and sighed when she "passed by on the other side," and invited some other chap. A great many who did not receive their invitations until after noon, realized the descriptive power there is in the lines (with a slight variation):

"S'ome cometh not, he said: He said, I am awfully awfully, I would that I were dead!" In short, "they knew how it was themselves." The wheels of time, however, brought around the hour of 7 P. M., (they were to start at 6)—(retaliation), when two sled-loads of lively Tionestians started for Lacytown. It had been snowing almost all day, but had turned into rain—not a hard rain, but a kind of a drizzle, just enough to keep the umbrellas up, which the ladies insisted on holding. The spirits of the party were in no way affected by the state of the barometer, and music and laughter lightened the way and shortened the distance. Arrived at the Forest Hotel, kept by L. Arner, Esq., the ladies assisted the gentlemen to alight and escorted them into the house, where they were met by the smiling hostess, who showed them where to put their outer garments and becomingly arrange their chignons and curls. Very soon a violin was produced, and W. W. Mason, Esq., who draws a remarkably firm bow, took the music stand, and the revel began. Mr. Mason was relieved by Messrs. J. E. Wenk, Carpenter and Chase, each of whom took his turn at the violin, and the dance went on. Entertainment was provided for those who did not "join the mazy," in the shape of euchre, dominoes and checkers. An oyster supper was served at about 12 o'clock, which was partaken of by all with a hearty relish. After the inner man was satiated, "the mazy" was again resorted to, and continued until about 2:30 A. M., when the party started for home. The rain had by this time reduced the snow so that the sleighing was pretty thin. The party came home over Dutch Hill, and arrived in Tionesta, with the loss of a few hats, some furs and a few curls, "at five o'clock in the morning." A few colds were accumulated, but all expressed themselves as having enjoyed the party extensively. Leap Year, 1872, will be remembered by all who were there, as having been the occasion of at least one very enjoyable evening.

A fire occurred at Cobb's Mill on Thom's Run, on Friday night of last week, which destroyed the ware house, store, and a boarding house. The buildings belonged to Jno. Cobb & Sons, and were entirely consumed. Wm. Strachon and his partner, whose name just now escapes us, lost the furniture and bedding in the boarding-house, and some few goods from the store. The inconvenience on account of the crowding of the other houses, will be very great. We are perfectly satisfied, however, that a check of this kind will not discourage either those who own the buildings, or the contractors, who are men of energy and business tact.

Rev. John Peate, of Franklin, will deliver a free lecture in the M. E. Church, at East Hickory, on Tuesday evening, the 30th inst. The subject will be either "Palestine" or "California." Let everybody, far and near, turn out and share in the rich intellectual treat. GEORGE S. SIOGINS, C. R. MIDDLETON, NELSON G. BALL, Lecture Committee.

Wanted, A live and energetic party to manage an agency for the sale of the Improved Grover & Baker Sewing Machines in Forest county. Liberal inducements to the right party will be given. Address, Grover & Baker S. M. Co., 127 Wood Street, Pittsburgh, Pa. 41.2t

The cheap cash store of the Superior Lumber Co., Tionesta, working on the principle of a steadily moving business with quick sales and small profits, rather than slow sales and large profits, have concluded to have a Clearance Sale every Saturday, offering their largest accumulated stock at greatly reduced prices, and their entire stock at a reduction. These prices to be for each Clearance Sale only, all other days goods to sell at our regular prices, which are always low, the public to be informed each week through the FOREST REPUBLICAN which class of goods will be especially exposed to sale on the following Saturday. On Saturday Jan. 27th there will be offered at a great reduction a large assortment of Ready-made Clothing, Shawls, Blankets, and all kinds of Knit Woolen Goods, also a large variety of miscellaneous Literature, Standard Poetical Works, books of Travel, Tales, and Children's books at great bargains. Seeing is believing. Come and let us prove it.

Cash-Up.

Our news from Cash-Up, the territory which is attracting our particular attention about here, dates to Saturday evening. The production was then as follows: McLaughlin well, No. 1, was flowing six hundred barrels per day; No. 2, six hundred barrels; the Brown Wells, of which there are three, were producing sixty barrels per day; Emory well, three hundred barrels; Fisher well fifteen barrels. The Mears well was in the fourth sand, which is said to be the best looking sand yet found there. It was torpedooed on Saturday, but our informant left before the result was ascertained. It was generally supposed, however, that it would prove a good well. The Collins well was also in the fourth sand, but had not yet been tested. The Boyer well is a dry hole. Several wells will be down this week, and we suppose Cash-Up will make or break by the result. Building is still going on as rapidly as ever, and new rigs being raised. We hear of one rig being put up a mile this side of Cash-Up, on a direct line for Tionesta. We have the most unbounded faith that this will prove a good well. We patiently wait for developments.

No services were held in the Presbyterian Church last Sabbath, on account of the absence of the minister, who was called away during the latter part of last week, by the death of his mother, and the news that his brother was lying at the point of death. We received a letter from Mr. Virtue to this effect, too late, however, to generally circulate the news. On account of his other appointments, there will be no services in the Presbyterian Church here until Sunday, February 18th. Mr. Virtue has the sympathy of the community in his sore affliction.

CHAMPION SAWING.—On Saturday, Jan. 13th, at the mill of Messrs. Gillespie & Root, thirty-six thousand three hundred and seven feet of lumber were sawed in eleven hours and fifty two minutes, in frozen timber. Messrs. Steinburg & Sweet, the head sawyers, together with the regular crew, and two extra hands placed it on the platform, one of the coldest days of this winter. The saw is sixty-six inches in diameter. The proprietors have no hesitation in saying that their mill will cut fifty thousand feet of boards in twelve hours, in the summer season.

We are under obligation to Mr. C. L. Hanna, of Hickory for files of Colorado papers, among them The Greeley Tribune, the peculiarity of which is that the heading is an enlarged fac simile of the writing of "the great and good Horace." Were it not for the sub-heads of the paper, it would be difficult to decipher the name of it. The paper is a lively little six column sheet, and seems to be well patronized. We are obliged to T. S. Brownlee, of Beantington, Kansas, also, for files of Kansas papers. Lack of space prevents a fuller description.

Rev. John Peate, of Franklin, will deliver a free lecture in the M. E. Church, at East Hickory, on Tuesday evening, the 30th inst. The subject will be either "Palestine" or "California." Let everybody, far and near, turn out and share in the rich intellectual treat.

Notice is hereby given that the firm of Emery & Freeman is this day dissolved by mutual consent. The assets of the said firm pass in to the possession of, and the liabilities are assumed and will be paid by Ed. B. Freeman.

"How To Go West."

Forty years ago, Illinois was as far West as most people wished to go, and journeys were made in the legendary "Prairie Schooner," but in these days of Progress and Improvement, the word West has come to mean Iowa, Nebraska, Kansas, Colorado, California and the Territories, and the Traveler reaches almost any point therein by a splendid Line of Railroad. This Line of Railroad is the Burlington Route, which starts from Chicago over the Chicago, Burlington & Quincy R. R., from Indianapolis over the Indianapolis, Bloomington & Western Short Line, and from Logansport over the Toledo, Peoria & Warsaw R. R., and running through Burlington, reaches Omaha, Lincoln, Nebraska City, St. Joseph, Atchison, Leavenworth and Kansas City, connecting with the Union Pacific, Kansas Pacific and other Ea roads running from those cities.

Always go "By way of Burlington," and you will be sure to be right. The Burlington Route has admirably answered the question, "How to go West?" by the publication of a truthful and interesting document filled with facts in regard to Time, Connections, Accommodations, rates of Fare, and other interesting items, and illustrated by a large map, truthfully showing the whole West which they distribute free of charge. Copies, and additional information, can be obtained by addressing, General Passenger Agent, B. & M. R. R., Burlington, Iowa.

ADDRESS

To the Nervous AND DEBILITATED.

WHOSE sufferings have been protracted from hidden causes, and whose cases require prompt treatment to render existence desirable!

If you are suffering, or have suffered from involuntary discharges, what effect does it produce on your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky or frothy, or is itropy on setting? Or does a thick scum rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspnea? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling on this subject? Do you feel dull, listless, mooping, tired of company, or life? Do you wish to be left alone, away from everybody? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Do you feel as much confidence in yourself? Are your spirits dull and flagging, giving to fits of melancholy? If so, do not lay it to your liver or dyspepsia. Have you restless nights? Your back weak, your knees weak, and have lost your appetite, and you attribute this to dyspepsia or liver-complaint?

Now, reader, self-abuse, venereal diseases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health, make the man did you ever think that those bold, defiant, energetic, persevering, successful business-men are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, or nervousness, or palpitation of the heart. They are never afraid they cannot succeed in business; they are not morose and disagreeable; they are always polite and pleasant in the company of ladies, and look you and them right in the face—none of your downcast looks or any meanness about them. I do not mean those who keep the organs inflated by running to excess. Those will not only ruin their constitutions, but also those they do business with or for.

How many men, from badly cured diseases, from the effects of self-abuse and excess, have brought about that state of weakness in those organs that has reduced the general system so much as to produce almost every other disease—idiotcy, lunacy, paralysis, spinal affections, suicide, and almost every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected and have doctored for all but the right one.

Diseases of these organs require the use of a Diuretic. HELMHOLD'S FLUID EXTRACT BUCHU is the great Diuretic, and is a certain cure for diseases of the Bladder, Kidneys, Gravel, Dropsy, Organic Weakness, Female Complaints, General Debility, and all diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing.
