LOCAL AND MISCELLANEOUS.

—Rev. McBride did not preach here on Sunday last as per announcement. —The river closed last week, and again we have an ice bridge.

—We publish the proceedings of the Teacher's Institute this week, and two essays read thereat, and any lack of local mentionings, must therefore be overlooked.

—The sleighing has been good during most of the past week; and some of our young folks have been improving it. At present writing, Monday morning, the weather is almost too cold to make sleigh riding a matter of pleasure.

—Mr. Ledabur, father of H. W. and C. F. Ledabur, died at his residence in Hickory twp., one day last week. He was quite an aged man, and was highly respected by all who knew him.

—W. P. Neill, who acted last summer in the capacity of Post Master of Tionesta, died at the residence of his brother, Reese Neill, near Cash Up, on Sunday, Jan. 21, aged about 22. He had many friends in this place, who will miss him sadly.

—M. Itel, at the Tionesta House, has added to his business a couple of horses, and sleighs and buggies, for the convenience of his guests, and others who wish anything in that line. Mr. Itel is bound to leave nothing undone that will contribute to the accommodation of the public.

—Dying the time between the close of the river, and that when the ice became strong enough to bear a team, the boys from ten to sixteen years of age made piles of spoolstix by hauling freight across the river on hand sleds.

—We learn with pleasure of the appointment of J. C. Hays, Esq., of Mendville, to the position of Special Agent of the P. O. Department. He has already entered upon his duties, and will make a faithful officer.

—Jno. Cobb & Sons have piled on the banks of the creek from the mills at Cobbletown and Thom's Run, during the small run of sleighing we have had, seven and a half million feet of boards. They are still sawing steadily, and will probably run out the largest amount of lumber in the spring ever run by any firm about here in one season.

—Katie, a little daughter of Frank Chappelin, of Montana, Iowa, a niece of Mrs. A. H. Steele, of this place, who with her mother, has been visiting here for a week past, met with a painful accident on Thursday of last week.

—Another of the failures in the school room is caused by the itinerant system of "boarding around." Heretofore, and even now, except in a very small proportion of cases, the teacher has been, not exactly houseless, but a homeless wanderer, a hanger-on on the outskirts of society.

—Our citizens will recollect the circumstances of the disappearance of George Sybil, who lived on the place now occupied by Jacob Hood, about seven years ago. Until recently nothing had been heard of him since, but now he turns up in Olean, N. Y.

—The best feature of the Institute, in our judgment, was the recital of "Shamus O'Brien," by Mr. E. B. Freeman, of Fort Pitt. We have heard this piece recited by the best elocutionists of the day, and must say that we never heard a better rendition of it than was given by Mr. Freeman, on Thursday evening last.

FAILURES IN SCHOOL ROOMS.

Read at the Forest County Teachers' Institute, Wednesday Eve, Jan. 24th, 1872.

Teaching is a subject on which much has been said, and much remains yet to be said. The more we delve into minute researches, the more we find there is to be learned; and the common school teacher of the present period can find no excuse for failures in the school room.

But there is another class of persons, who find they must do something to support themselves; they look around to find some easy position, which will enable them to slide through the world without much exertion, and they finally conclude that teaching is about as easy work as presents itself.

Parents have a great deal to do with the failures in the school room. Take a school where the parents take no interest (save to send the younger children, from five down out of the road), where they expect the teacher to govern all the families of the district in peace and harmony, not daring to use the rod.

Notice is hereby given that the partnership heretofore existing between D. S. Knox and J. G. Dale, under the firm name of D. S. Knox & Co., is this day dissolved by mutual consent.

We are agent for as good a book-binding as there is anywhere. We are prepared to do all the binding which may be brought to us, at low rates, and satisfaction guaranteed.

"How To Go West."

Forty years ago, Illinois was as far West as most people wished to go, and journeys were made in the legendary "Prairie Schooner," but in these days of Progress and Improvement, the word West has come to mean Iowa, Nebraska, Kansas, Colorado, California and the Territories, and the traveler reaches almost any point therein by a splendid Line of Railroad.

This Line of Railroad is the Burlington Route, which starts from Chicago over the Chicago, Burlington & Quincy R. R., from Indianapolis over the Indianapolis, Bloomington & Western Short Line, and from Logansport over the Toledo, Peoria & Warsaw R. R., and running through Burlington, reaches Omaha, Lincoln, Nebraska City, St. Joseph, Atchison, Leavenworth and Kansas City, connecting with the Union Pacific, Kansas Pacific and other Railroads running from those cities.

Always go "By way of Burlington," and you will be sure to be right. The Burlington Route has admirably answered the question, "How to go West?" by the publication of a truthful and interesting document filled with facts in regard to Time, Connections, Accommodations, rates of Fare, and other interesting items, and illustrated by a large map, truthfully showing the whole West which they distribute free of charge.

Frequently it is a want of permanency in the profession that makes so many fall from the ranks, and seek employment elsewhere; but "a word to the wise is sufficient," and I will only say in conclusion: "The Teacher's been too long abroad, Now let her cross to roam; For weary grows the smoothest road That always leads from home."

—New Music! Good Music! Cheap Music! can now be had for a mere trifle, if you understand how to buy it. We know the secret, and would advise all our musical friends who want good music, and plenty of it, to get a sample copy of Peters' Musical Monthly. Every number contains four or five Piano Songs, three or four Instrumental Pieces, besides Vocal Duets, Quartets, and four hand pieces, and all for 30 cents.

You can get five back numbers for \$1, by addressing the publisher, J. L. Peters, 599 Broadway, New York. Try it, and you will get more good music than you can buy in sheet form for \$20.

Such a filthy and profuse discharge! Where does it all come from? The little glands in the tissue lining the chambers of the nose are ulcerated and diseased, drawing from the system its corruption. It is an outlet for its impurities. Stop this discharge by using the many advertised strong liquids, snuffs and inhalants, and you make an outlet in the lungs and elsewhere.

The rational way to cure is to correct the system by using Dr. Pierce's Golden Medical Discovery which tones it up, cleanses the blood and heals the diseased glands by a specific influence upon them, and to assist, use Dr. Sage's Catarrh Remedy with Dr. Pierce's Nasal Douche, the only way to reach the upper and back cavities where the nasal discharge comes from.

LITERARY DEPARTMENT. Where so much attention is paid to illustration and get up of the work, too much dependence on appearances may very naturally be feared. THE VOLUME FOR 1872 will contain nearly 300 pages, and about 250 line engravings. A MIRACLE!

Mr. Samuel Bell, of W. E. Selmeitz & Co., Wholesale Foot and Shoe Manufacturers, 31 Fifth Avenue, Pittsburgh, Pa., has been afflicted with chronic rheumatism for thirty years, from his right hip to his toe, having to use a crutch and a cane, at times so painful as to utterly incapacitate him from attending to his business. Having tried every remedy known, without effect, except Gilliland's Pain Killer, he was finally induced to try it. A second application enabled him to lay aside his crutch, and a third effected a permanent cure. Mr. Bell is a popular and well-known citizen, and is a living monument of the efficacy of that great medical discovery, Gilliland's Pain Killer. The afflicted should ask their grocer or drug gist for it, and try its wonderful power. Mr. Gilliland, we understand, wants a respectable agent in every town and county for it. The principal office is at 72 Third Avenue, Pittsburgh, Pa. 31-4t
