LOCAL AND MISCELLANEOUS.

—A child of Capt. Clark's on the other side of the river, is at present very low with lung fever. Hopes are entertained of its recovery.

—The Town Council meets regularly now, and will, very likely, soon have some laws which will make our town a model of law and order.

—Our ice bridge is still good. If the present state of weather continues, we don't believe it will be necessary for Mr. Hunter to get a charter for a bridge.

—The Brookville *Republican* has adopted the cash system, and will not send any more papers to subscribers in arrears. We are not rich enough to do that yet.

—This week we present the first installment of the history of Co. G, 83d Pa. Vol's. The rest will follow and probably continue through five or six weeks.

—Five of the principal buildings of Cash up, were recently burned, among others the Cash-up City Hotel. This makes a large hole in the young city. They will not probably be rebuilt.

—There is nothing of any interest going on at East Hickory. At a spelling match lately held by Miss Almira Lusher, Mr. Austin Wallace of the West Hickory school was the victor. He is a very promising boy.

—We sent a reporter on Dutch Hill on Sunday, but he comes back to remark that there is no news there. We depended a good deal on his reports to fill up our paper this week, but as usual we are disappointed.

—Some of the roads which had contracted with the Southern Improvement Monopoly are weakening, and are knocking down on their rates. Keep a stiff upper lip, gentlemen, and we have no doubt you will bring the S. I. C. to time.

—Erastus Ensign, who disappeared from this place some years ago, has recently been heard from. He went off leaving some of his Pittsburgh debts to be settled up by his security, and we suppose, of course was laboring under "mental aberation."

—Mr. S. Brandenburger, who has been in charge of Klinordlinger's Store in this place for several months past, is about to leave us, and seek his fortunes in the far west. Mr. B. is "a nice young man," and has made many friends here. We wish him good luck.

—At length the contested election case of Green and Shortt, of Warren County, has been decided in favor of Shortt, six of the committee reporting in his favor. We presume this case will form a bone of contention for Warren County elections for some time to come.

—Dick Lynch, a lumberman well known about here, was taken to his home in Venango County recently, on account of a severe bruise on his leg, which he had caught cold in, and which bid fair to make him a cripple for life. We hope he may get through with it all right.

—Messrs. Wheeler & Dusenbury have purchased and erected a nice tombstone, at the grave of Vincent Gessler, in the Whig Hill burying ground. It is the only marble headstone to be seen there. This is certainly a generous tribute of respect to the memory of Mr. Gessler, who was an employee of the above firm and a very worthy man.

—Some individual who will never reach his sphere until his recreant ashes repose in the Western Penitentiary, recently tapped a tank belonging to P. H. Watson, President of the S. I. Co., and let out about 200 barrels of oil, when the mischief was fortunately discovered. The producers have passed a resolution of censure against the criminal.

—Col. and Mrs. J. H. Dewees, have been sojourning in town for a few days past. The Col. is at present engaged in putting the Pithole Railway in good shape, and may build a few miles more road to connect with the Penn'a Pet. R. R.

—We have inquired of every living man we have met for two days for local news, and can hear of nothing. In such cases made and provided, the editor is supposed to coin them to the extent of two or three columns. We have done our level best, and if there isn't enough to suit folks, why they must commit some depredation, and we'll dish it up to an admiring public in the highest style of the art.

—Miss Lizzie Heath, formerly of this place, aged about 18, died in Oil City, at the residence of her mother, on Saturday last. Her body was brought to this place on Monday for interment. Rev. Burton preached a funeral sermon at the M. E. Church. She was interred in the cemetery, where her remains were followed by a large number of relatives and friends. Her loss will be severely felt by her widowed mother and friends.

GAIL HAMILTON, EDITOR, AT TEN DOLLARS PER DAY.—Gail Hamilton has recently been engaged as one of the Editors of Wood's Household Magazine at a salary of three thousand dollars, which is about ten dollars per day. How a monthly magazine of forty-eight pages, including contributions from the best writers at from twenty five to two hundred dollars per article, can afford to pay from one thousand to three thousand dollars salary, is a financial problem which only Mr. Wood has yet demonstrated.

—The *Petroleum Monthly* for March comes to us chuck full of interesting matter, which will be appreciated by those who live in the Oil Regions, or who have any thing to do with the business. We think that every number we get, is an improvement on the previous one. If the editors keep on there will soon be no room for improvement. A portrait and biography of E. E. Clapp, Esq., of President, is contained in this number. The portrait is very good, and the biography very truthful. The terms of this useful periodical are $3 per annum, in advance. Bowman & Linn, publishers, Oil City, Pa.

—The Forest Brass Band has been re-organized, with D. W. Clark as leader. Prof. Boynton, who, we believe is the most successful musical director and teacher in Western Pennsylvania, has been engaged to teach the band, and gives them one evening of each week. Prof. Boynton is Musical Director of the Philharmonic Society of Meadville, and of a similar society in Titusville, and teaches Meadville and Franklin Brass Bands. If our boys do not improve under his instruction it will be their own fault, as he will do his part well. We suppose we shall soon be favored with some choice music, when the summer evenings come.

—Our readers will remember that we published an account of some queer doings of a man named Haight, about Clarington some time last fall. It will be seen by the following extract that he has been caught, and will probably suffer the penalty of his numerous crimes:

On Thursday evening last, Feb. 14, S. F. Frampton and Judge Coon, brought to the jail in this place, Lorenzo Haight, for whom the Commissioners of the county had offered $100 reward. For some time past Haight has been a terror to the citizens of the northern portion of the county. He is charged with being guilty of almost every crime in the calendar, and if one half the charges against him are true, he is certainly the most dangerous character we have had in our county for a long time. The officers had been looking for him for the past month, but he had managed to elude them thus far. He was finally unearthed by the Sheriff of Elk county, who had a warrant for his arrest on the charge of horse stealing, and who had followed him up so closely that he was compelled to return to this county, where he was immediately surrounded, and after a chase through the woods of Barnett and Eldred townships of three days was finally captured and committed to jail. Among the crimes with which he is charged are rape, arson and larceny.—*Brookville Jeffersonian.*

"How To Go West."

Forty years ago, Illinois was as far West as most people wished to go, and journeys were made in the legendary "Prairie Schooner," but in these days of Progress and Improvement, the word West has come to mean Iowa, Nebraska, Kansas, Colorado, California and the Territories, and the Traveler reaches almost any point therein by a splendid Line of Railroad.

This Line of Railroad is the Burlington Route, which starts from Chicago over the Chicago, Burlington & Quincy R. R., from Indianapolis over the Indianapolis, Bloomington & Western Short Line, and from Logansport over the Toledo, Peoria & Warsaw R. R., and running through Burlington, reaches Omaha, Lincoln, Nebraska City, St. Joseph, Atchison, Leavenworth and Kansas city, connecting with the Union Pacific, Kansas Pacific and other Railroads running from those cities.

Always go "By way of Burlington," and you will be sure to be right.

The Burlington Route has admirably answered the question, "How to go West?" by the publication of a truthful and interesting document filled with facts in regard to Time, Connections, Accommodations, rates of Fare, and other interesting items, and illustrated by a large map, truthfully showing the whole West which they distribute free of charge. Copies, and additional information, can be obtained by addressing General Passenger Agent, B. & M. R. R., Burlington, Iowa.

A MIRACLE!

Mr. Samuel Bell, of W. E. Schmertz & Co., Wholesale Boot and Shoe Manufacturers, 31 Fifth avenue, Pittsburgh, Pa., has been afflicted with chronic rheumatism for thirty years, from his right hip to his foot, having to use a crutch and a cane, at times so painful as to utterly incapacitate him from attending to his business. Having tried every remedy known, without effect, except Gilliland's Pain Killer, he was finally induced to try it. A second application enabled him to lay aside his crutch, and a third effected a permanent cure. Mr. Bell is a popular and well-known citizen, is a living monument of the efficacy of that great medical discovery, Gilliland's Pain Killer. The afflicted should ask their grocer or druggist for it, and try its wonderful power. Mr. Gilliland, we understand, wants a respectable agent in every town and county for it. The principal office is at 72 Third Avenue, Pittsburgh Pa. 31-4t

WOMAN

By an unusual practice, extending through a period of many years, having, within that time treated over nine thousand cases of those diseases peculiar to woman, I have been enabled to perfect a most potent and agreeable remedy that meets the indications presented by that class of diseases with positive certainty and exactness.

To designate this natural specific compound, I have named it

Dr. Pierce's Favorite Prescription.

The term, however, is but a feeble expression of my most unbounded appreciation of its value, based upon a tried and well-proved realities. As a close observer, I have had witnessing its positive results in the following diseases incident to the separate organism of woman, singled it out as *the climax or crowning gem of my medical career.* Of its merits as a positive, safe and effectual remedy for the class of diseases, and on that will at all times and under all circumstances act kindly and in harmony with the laws which govern the female system, I am willing to stake my reputation as a physician. Nay, even more, to confident am I that it will not disappoint the most sanguine expectations of a single invalid lady who employs it for any of the ailments for which I recommend it, that I do not sell it under AN OPTIONAL GUARANTEE. Has it failed, in even a single instance in the hands of the agents of the book, are week, I will, on the return of the book, two-thirds of the money has been taken according to directions, and the case being one for which I recommend it, promptly refund the money paid for it. Has I met the most perfect success in its various, I could not offer as I do under these conditions; but having witnessed its truly miraculous cures in thousands of cases, *I feel warranted and perfectly safe in making such a proposition and say more or less.*

The following are among the diseases in which my *Favorite Prescription* has proved successful in a most magic and wonderful power: Inflammation, Congestion, Irritation, Ulceration, Excessive Flowing, Painful, Scanty or Suppressions when from womanly causes, Irregularities, Weak Backs, Prolapsus, or Falling of the Uterus, Anteversion and Retroversion, Bearing Down Sensations, Internal Heat, Nervous Depression, Debility, Hysteria, Leucorrhœa, Alcerating, Cancerous and Glandular Affections of the Uterus, and very many other Chronic diseases peculiar to women not mentioned here in which, as well as the cases which have mentioned, my Favorite Prescription works cures—the marvel of the world. Two months (do not exceed in a case of), but in a majority of cases a less number of months, using a moderate quantity, is sufficient to establish a perfect and radical cure in all curable cases of the above class of women. It will build up, strengthen and invigorate the whole system, and will do it more to the point and in less time than any other remedy known to the world. Indeed, it is a *Mother's Cordial*, and so prepares the system for parturition that it rarely ever fails to do so. I have received hearty thanks and praise from hundreds of mothers for the invaluable relief it has conferred.

I have my Favorite Prescription to the Ladies of America as the surest remedy of an honest heart, and for truth's sake. I have no fear of success. Those who desire further information in regard to my Favorite Prescription, or Chronic Diseases of the Generative and Urinary Organs, send a cure I can assure you on receipt of ten postage stamps. It treats minutely on these diseases peculiar to females, and gives much valuable advice in regard to their management.
