CROVER & BAKER

The following are selected from thousas expressing the reasons for the preference of the Grover & Baker Machines over

\* "Hitke the Grover & Baker Ma-chine, in the first place, because if I had any other, I should still want a Grover & Baker; and having a Grover & Baker it answers the purpose of all the rest. It does a greater variety of work and iscasier to care than any other,"-Mrs. J. C. Cro-ly (Jenny June)

\* " "I have bad several years' exporience with a Gravor & Baker Machine, which has given me great satisfaction. I think the Graver & Baker Machine is more easily managed, and less liable to get out of order. I prefer the Graver & Baker decidedly,"—Mrs. Dr. Watts, New York.

"I have had one in my family for some two years; and from what I know of its workings, and from the testimony of many of my friends who use the 's me, I can hardly see how anything could be more complete or give better satisfaction,"—Mrs. Gen. Grant.

"I believe it to be the best, all things considered, of any that I have known It is very simple and easily learned; the sewing from the ordinary species is a great advantage; the stitch is entirely reliable; it does ornamental work beautifully; it is not liable to get out of order,—Mrs. A. M. Sporner, 36 Bond St. Brooklyn.

\* \* "I am acquainted with the work of thing in the Hardware line, should go to Andrews & Co., Tidioute. They have the largest stock in this section to Creaty, No. 43 East 23d street, N. Y. of the country. They are making and \* \* "More than two-thirds of all the

Machine, and I never had a garment rip or need mending, except those rents which trollesome boys will make in whole cloth. It is, in my opinion, by far the most valuable of any I have tried."—Mrs. Henry Ward Beecher.

"I have had the Grover & Baker Machine for ten or twelve years in constant use in my house. I have seen and known every kind of Family sewing, both personal and household, accomplished up the Grover & Baker Machine, to the ent. disfaction of all concerned,-Rev. Stepher

I find the Grover & Baker Stitch will wear as long as the garments do-outweathe garment in fact. The stitch will no break on bias seams, when stretched, as others do; and neither does it draw the work, "- Mrs. Dr. Whiting, 4 East twen-ty-fourier stress."

Company manufacture both the Electic and Lock Stitch Machines, and offer the public a choice of the best machines of both sinds, at their establishments in all the large cities, and through agencies in nearly all towns throughout the country. Price lists and samples of sewing in both stitches furnished on application to T. J. VAN GIESEN, Agent,
