LOCAL AND MISCELLANEOUS.

Good Templars Attention.

There will be a meeting of the Good Templars at their Hall, on Wednesday evening next. A full attendance is desired.

A class in German is talked of with Prof. Weber as teacher. We do not know whether it is a sure thing or not.

Clarion Presbytery meets on the 23d inst., at Brookville. Rev. Virtue will represent the church of this place at the Presbytery.

Peterson's Magazine for April comes to us with an attractive list of engravings, patterns and choice reading matter. It is very cheap at the rates, \$1.50 a year.

Spurious bills of the two dollar denomination having a large "2" engraved horizontally upon them, are again in circulation, and are not easily detected, except by experts.

The Senate on Friday passed a bill allowing the time of service of soldiers in the Union army to be deducted from the time which under the homestead laws is usually required to perfect titles.

The History of the Original Co. G. 83d Reg't, is omitted this week on account of the writer being too busy to hand in the usual installment. It will be continued next week.

Yesterday being "All Fool's Day," was the occasion of a great many practical jokes about here. We believe nobody was hurt, however, and very few lost their temper.

The Shriver School, near Newmansville, closed on Tuesday last. Mr. Carson informs us that the teacher, Mr. Painter, has done remarkably well with the school, and given general satisfaction.

March was much colder and more winter-like than February, and to close up "went out like a lion." April opens up pretty severely, but we expect nice spring weather right along now.

Klinordlinger & Co. are selling 3 cans of Tomatoes at 25 cts. per can, and canned Peaches, same size at 25 cts. per can. Pickles in jars and kegs, for sale cheaper than ever before. Give them a call before purchasing elsewhere.

We notice that our friend F. W. Hays, Attorney at Law, of Oil City Pa., has been appointed a Notary Public, by the Governor. We consider the appointment a good one, and hope Mr. H. will make a fortune out of it.

The disagreeable and changeable weather of March has had the effect to give a majority of our citizens sore throats, colds, from which many of them are yet suffering. Cough syrups, expectorants, and cures of all kinds have been in good demand.

We received a call on Friday from Prof. Boynton, the gentlemanly teacher of the Forest Brass Band. He expresses himself that the band is getting along nicely, and that we may expect soon to hear some good music from them. We consider the members of the band very fortunate in securing services.

The ice started out of the river at this point at about 8 o'clock Sunday evening, March 31st. A good many have prophesied falsely about the matter, saying that the ice would melt before the 1st of April. Several small bets were lost by the sporting wagers of our place. The continuation of last week and the rain of Sunday night and Sunday had rotted the ice so that it went out very quietly and no damage was done. We soon expect the rafting season to commence.

The Telegraph Office on this side of the river, in the Savings Bank, is to be started up to-day again. We believe the citizens are expected to make some special effort to make it a paying institution, and encourage the W. U. Telegraph Co. to make the office a permanent one.

We wish to call attention to the advertisement of Grover & Baker's Sewing Machine, in another column. T. J. Van Giesen, of this place has taken the agency for this County, and will furnish machines at the lowest prices, or lease them to responsible parties.

The N. Y. Herald says it upholds President Grant on the broad ground of the honesty, sincerity and patriotism of his administration; because he maintains the nation's honor, strengthens its credit, promotes its prosperity and seeks to restore to the public service the integrity and earnestness by which it was marked in the early days of the republic.

The Young Men's Christian Association of Tionesta met and organized permanently on Sabbath afternoon, by the election of T. J. Van Giesen, President, Mrs. H. H. May, Vice President, and W. R. Dunn, Secretary and Treasurer. A constitution was adopted, and several new members added to the Association. A meeting will be held in the Presbyterian Church on next Sabbath afternoon at 3 o'clock. All are invited to attend.

Geo. Francis Train is lecturing through the oil regions, touching on all subjects from the Fall of Man to the South Improvement Company. The Tidouite Commercial has a sort of a queer criticism on his lecture in Tidouite, from which it is hard to tell whether the editor endorses G. F. or not. It seems to think that George is very eloquent, but has intervals of lunacy. We think he has been having that same "interval" for some years.

Mr. Robert Troup, Editor of the Union Times, met with a serious accident on Monday last, by which he broke his shoulder blade. He was on his way home to tea, and when near his residence stepped on a piece of un even sidewalk, covered with snow and ice, throwing his feet from under him and falling on the point of his shoulder with the above result. The fracture though painful will not probably prove more serious than to confine him to the house for a short time.

Iowa, Nebraska, Kansas, California.

Advertising alone does not produce success. The thing which is advertised must have intrinsic merit, or else large advertising will eventually do it more harm than good. If you have anything which you know to be good, advertise it thoroughly, and you will be sure to succeed; if it is poor, don't praise it, for people will soon discover you are lying.

Such is the policy of the "Burlington Route," which runs to three great regions in the West: 1st, To Omaha, connecting with the great Pacific Roads, 2d, To Lincoln, the capital of Nebraska, and all that beautiful region south of the Platte, filled with R. R. lands and homesteads, 3d, To St. Joseph, Kansas City and all Kansas points.

The roads are splendidly built, have the best bridges, finest cars, the Miller platform and coupler, and the safety air brake (to prevent the loss of life that is every where else happening); Pullman's sleepers, Pullman dining cars, large and powerful engines (to make quick time and good connections), and are in a word the best equipped roads in the West. So that if you desire to go safely, surely, quickly and comfortably to any point in Southern Iowa, Nebraska, Kansas, or on the Pacific Roads, sure be that you go "By Way of Burlington."

All who wish particular information, and a large map, showing correct connections, can obtain them, and any other knowledge, by addressing General Passenger Agent, B. & Mo. R. R. R., Burlington, Iowa.

CROVER & BAKER SEWING MACHINES.

The following are selected from thousands of testimonials of similar character, as expressing the reasons for the preference of the Grover & Baker Machines over all others.

"I like the Grover & Baker Machine, in the first place, because if I had any other, I should still want a Grover & Baker; and having a Grover & Baker it answers the purpose of all the rest. It does a greater variety of work and is easier to learn than any other."—Mrs. J. C. Croft (Janey Jones).

"I have had several years' experience with a Grover & Baker Machine, which has given me great satisfaction. I think the Grover & Baker Machine is more easily managed, and less liable to get out of order, I prefer the Grover & Baker decidedly."—Mrs. Dr. Watts, New York.

"I have had one in my family for some two years; and from what I know of its workings, and from the testimony of many of my friends who use the same, I can hardly see how anything could be more complete or give better satisfaction."—Mrs. Gen. Grant.

"I believe it to be the best, all things considered, of any that I have known it is very simple and easily learned; the sewing from the ordinary spoils is a great advantage; the stitch is entirely reliable; it does ornamental work beautifully; it is not liable to get out of order."—Mrs. A. M. Spooner, 36 Bond St. Brooklyn.

"I am acquainted with the work of the principal machines, and I prefer the Grover & Baker to them all, because I consider the stitch more elastic. I have work in the house which was done nine years ago which is still good."—Mrs. Dr. McCready, No. 43 East 23d street, N. Y.

"More than two-thirds of all the sewing done in my family for the last two years has been done by Grover & Baker's Machine, and I never had a garment rip or need mending, except those rents which troublesome boys will make in whole cloth. It is, in my opinion, by far the most valuable of any I have tried."—Mrs. Henry Ward Beecher.

"The Grover & Baker Sewing Machine has rendered in every respect, the most perfect satisfaction. It combines so many advantages with beauty of execution and economy in price that it is a necessity in every household."—Mrs. Governor Geary, Harrisburg, Pa.

"I have had the Grover & Baker Machine for ten or twelve years in constant use in my house. I have seen and known every kind of Family sewing, both personal and household, accomplished by the Grover & Baker Machine, to the entire satisfaction of all concerned."—Rev. Stephen H. Tappan.

"I find the Grover & Baker Stitch will wear as long as the garments do—outwear the garment in fact. The stitch will not break on bias seams, when stretched, as others do; and neither does it draw the work."—Mrs. Dr. Whiting, 4 East twenty-fourth street, N. Y.

The Grover and Baker Sewing Machine Company manufacture both the Elastic and Lock Stitch Machines, and offer the public a choice of the best machines of both kinds, at their establishments in all the large cities, and through agencies in nearly all towns throughout the country. Price lists and samples of sewing in both stitches furnished on application to T. J. VAN GIESEN, Agent, Tionesta, Pa.
