LOCAL AND MISCELLANEOUS.

BOOKS BOUND.

Those who have had books bound through this agency are requested to make immediate payment, as we are obliged to send the money off in the course of two or three days.

Rev. Burton will preach in the M. E. Church in this place next Sabbath morning and evening.

Capt. Knox is still improving, but is still confined to his bed. With proper care he will soon be around again.

We go to press Monday afternoon, and are obliged to omit several items which have just come in from Hickory.

Several of our citizens have been getting their fruit trees trimmed this spring. The boys will trim them next fall.

Our capitalists are getting ready to make 24 per cent. on their money by buying land at the Treasurer's sales.

For sale at the Superior Lumber Company store—a bound volume of the Aldine for 1871. Will be sold below cost.

I. G. Butterfield, formerly station-agent of this place, is again among us. He came from Pittsburgh this trip, and may stop for some time.

The first steamboat, or tug of the season, passed up the river on Sunday morning, having several barges in tow. We believe the name of the boat was "Jax Jackson."

We learn that several derricks along the creek and river were blown down on Saturday by the March winds which forgot to make their appearance until about a month too late.

Prof. Weber is agitating the subject of getting up a concert in which all his pupils will take part, and a little outside help obtained. We see no reason why it shouldn't work.

The South Improvement Company is bursted, and everybody sells oil to everybody now. Mr. Fisher, of Oil City, was the first to break over, and we believe the oil men have ostracized him.

The publication of the Treasurer's sale this term has had the effect of bringing us several new subscribers, and we know of several more who are bound to take our paper as soon as the flood is gone.

We learn that the B. B. C. of this place will be reorganized this spring and will attend to the business vigorously during the season. It may be possible that we will see some match games here during the summer.

We were shown a receipt by the P. M. on Saturday last for all the Postoffice Department's claims against him up to the first of April. This is surely a healthy condition of things for the Postoffice.

During the high winds of Saturday, the woodshed of J. J. Fisher's house was blown down, while a young lady, whose name we cannot learn was in it. She was severely bruised, and cut pretty badly in several places. We believe she was not dangerously hurt.

Pittsburgh bows her spinal column because she had some one to recommend for the nomination for the offices to be filled, and the majority of the Convention had others. Some of the papers talk very "lofty," but we guess they'll come around all right before the election.

Indian clubs are the latest muscular development in our place. Young men may be seen most any time of day swinging their clubs wildly around, looking like Nast's last caricature of a windmill. If this fails to have the desired effect they calculate to try sawing wood awhile.

DIED.

HENRY.—In Tionesta, April 14, 1872, at 6 o'clock, A. M. Michael Henry, aged 40 years 3 months and 20 days.

The deceased was born at Henry's Bend, about ten miles down the Allegheny River from this place, on Christmas day, 1822, where he remained until he was a young man, when he went to Horse Creek and took charge of the furnaces there. He made this his business until the first oil excitement broke out, at which time he was in charge of the President Furnace. He has been identified with the oil business since that time until his death. He was a party in the ejection suit of Dale vs. Wilkins, which is still pending. He was a man respected by all, and his loss will be sadly felt by the community as well as his bereaved family. He will be taken to Eagle Rock this morning for interment.

Rafting has been very lively during the past week, the mouth of the creek having been full all the time, and rafts dropping down to the Little Tionesta and Holeman's Eddy every day. We believe, however, that no lumber started down out of the creek until Sunday morning, at which time several were started. For several days, however, one or two rafts have passed by this place on the river, but the water has been too high for good running. We are informed that about 8,000,000 feet of lumber will go out on this rise, which will leave about one-half back for the next flood. Our town has been full of raftmen ever since the water began to rise, all the hotels and boarding houses have been crowded. A few slight ructions have taken place, but considering the excitement the town has been very orderly. It will not be long now until money be plenty in this section.

The Concert, on Saturday evening by the "Woodworth Sisters" was well attended, but was considered rather a failure, which might have been attributable to the fact that the eldest sister, the conductress of the exercises, was sick, and unable to appear. Prof. Weber helped them out with the instrumental part of it, and played two or three pieces very excellently. The performances were interrupted several times by some person or persons who were freighted with benzine. We have noticed this same disposition on the part of some would-be witty chaps who don't seem to appreciate the fact that they pay their money to be entertained or disgusted by the performers, but must make a small side-show of themselves; a proceeding of very questionable taste, and all who persist in so disturbing public entertainments should be entertained by the constable.

T. J. Payne, of President, on Thursday last procured a warrant for the arrest and detention of Jacob and Boyle Heckathorn, on a charge of assault and battery on the person of Mr. A. Lewis with intent to kill. D. W. Clark served the warrant and brought the "assaulters" in. They were examined before Esq. Merrelliott on Saturday. It appeared that Mr. Lewis, accompanied by a lady, was grossly assaulted by these men, who threw large stones at him, and used very abusive and indecent language. They were bound over in \$500 each for their appearance at the May court to answer the charge.

A niece of wood was handed us yesterday, taken from 24 feet under ground. It was found while digging the conductor hole for the Trout Run oil well just east of town. The wood is quite firm, and well preserved. How did it get there?—Clarion Democrat.

We showed the above to an antiquarian of our place, who says such things are so common that they scarcely excite comment in antiquarian circles. "His solution of the query is, that some antediluvian giant stepped on the top of a tree and it disappeared in the ground under his pressure. Ask us something hard.

A telegram to the Associated Press from Cairo, Ill., states that the steamer Oceanus, from Red River to St. Louis, when near Brooks' Point, thirty miles above Cairo, at four a. m., exploded her boiler, blowing the upper works almost entirely away, immediately after which the wreck took fire, burning to the waters edge. About one hundred souls were on board, and it is supposed that eighty perished. The survivors were picked up by the steamer John Lumaden.

LOCAL ADVERTISING.—A desirable article may bring a bidder for miles, and an extra bidder may make a difference of many dollars in receipts. This is where the profits from advertising come in, and those who do not take the advantage of this, are likely to be careful losers. When you make public sales you must advertise that the entire community will see and become interested in everything you offer for sale. This is the way to be successful and get good and profitable bidders.

To the School Directors of Forest County.

GENTLEMEN:—In pursuance of the forty-third section of the act of 8th of May, 1854, you are hereby notified to meet in convention, at the Court House, in Tionesta, on the first Tuesday in May, A. D. 1872, being the seventh day of the month, at 1 o'clock in the afternoon, and select *vis a voce*, by a majority of the whole number of directors present, one person of literary and scientific acquirements, and of skill and experience in the art of teaching, as County Superintendent, for the three succeeding years; determine the amount of compensation for the same; and certify the result to the State Superintendent, at Harrisburg, as required by the thirty-ninth and fortieth sections of said act.

Neillsburg, Friday, " 3. Tionesta, Wednesday, " 8. Marienville, Saturday, " 11. Examinations commence at 9 o'clock A. M. Directors and friends of education, are respectfully invited to attend. S. F. ROHRER, Co. Sup't. Apr. 5, 1872.

B. B. C. Notice.

A meeting of the base ballists of this neck of woods will be held in the Sheriff's office, on Wednesday evening of this week, being the 17th inst. All are invited to attend. Com.

Over \$30,000 have been subscribed in Tidioute for the building of a branch from that place to connect with the Buffalo and Titusville Road, which will pass within five or six miles of that place. We consider this action very creditable to the citizens.

E. B. Freeman, the contractor at the Superior Mills, has rented Mr. Fisher's house, where his mother and sister will reside during the summer, and where he will probably be found on Sundays. They are heartily welcome in our midst.

The mail route from this place to Clarion, has been let to Mr. H. A. T. Loomis, of Clarion. He will take possession on the first of July next. I he gives as general satisfaction as those who carry the mail now, he will do well enough.

Snow and rain prevailed yesterday to a great extent. Some of our weather prophets are becoming discouraged, and are almost persuaded to relinquish the business.

Robinson & Bonner have used all the sheet iron between here and Pittsburgh making stove for rafts. We believe they have yet some stoves on hand.

Thomas Gillespie, Esq., Superintendent of the Gillespie Farm, called upon us on Saturday. He reports business steady, and pumping easy.

Almost everybody make a practice of papering their houses this time of the year. Bolard Bros., Tidioute, have the best assortment in this section of the State. 2 4t

Bolard Bros. inform us that our citizens will save money by going to Tidioute to purchase Wall Paper. They have the largest assortment ever brought to Western Pennsylvania. 2 4t

A nicely papered room is a pleasant place. Buy your Wall Paper at Bolard Bros' Drug Store, Grandin's Block, Tidioute, Pa. 2 4t

Having procured the assistance of two good workmen in our Tailoring Department, we are able to turn out suits for men and boys with dispatch, and guarantee entire satisfaction. We always keep a first class stock of coatings, vestings, and cassimeres. All work guaranteed before leaving the shop. Where we sell one we have the assurance of selling again. 44tf SUPERIOR LUMBER CO. STORE.

Mr. E. Culleton, the Cutter for Superior Lumber Co. Store, having returned from Pittsburgh with new plates and patterns, now is your time to call and examine the Spring Styles. Also examine the work done by the Singer Family Sewing Machine. We have always samples of sewing, and give satisfactory information at any time. A large assortment of machine fixtures, needles &c., always on hand.

LOCAL ADVERTISING.—A desirable article may bring a bidder for miles, and an extra bidder may make a difference of many dollars in receipts. This is where the profits from advertising come in, and those who do not take the advantage of this, are likely to be careful losers. This is the way to be successful and get good and profitable bidders.

Poisoned to Death.

A healthy liver secretes each day about two and a half pounds of bile, which contains a great amount of waste material taken from the blood. When the liver becomes torpid or congested, it fails to eliminate this vast amount of noxious substance, which, therefore, remains to poison the blood and be conveyed to every part of the system. What must be the condition of the blood when it is receiving and retaining each day two and a half pounds of poison? Nature tries to work off this poison through other channels and organs—the kidneys, lungs, skin, etc.; but these organs become overtaxed in performing this labor, in addition to their natural functions, and can not long withstand the pressure, but become variously diseased.

The brain, which is the great electrical centre of all vitality, is unduly stimulated by the unhealthy blood which passes to it from the heart, and it fails to perform its office healthfully. Hence the symptoms of bile poisoning, which are dullness, headache, incapacity to keep the mind on any subject, impairment of the memory, dizzy, sleepy, or nervous feelings, gloomy forebodings and irritability of temper. The blood itself being diseased, as it forms the sweat upon the surface of the skin, is so irritating and poisonous that it produces discolored brown spots, pimples, blotches and other eruptions, sores, boils, carbuncles and scrofulous tumors. The stomach, bowels, and other organs spoken of, cannot escape becoming affected, sooner or later, and costiveness, piles, dropsy, dyspepsia, diarrhoea, female weakness, and many other forms of chronic disease, are among the necessary results. As a remedy for all these various manifestations of disease, Dr. Pierce's Golden Medical Discovery is positively unequalled. By it the liver and stomach are changed to an active, healthy state, the appetite regulated and restored, the blood and secretions thoroughly purified and enriched, and the whole system renovated and built up anew. Sold by all first-class Drug-gists. 576.

Advertising alone does not produce success. The thing which is advertised must have intrinsic merit, or else large advertising will eventually do it more harm than good. If you have anything which you know to be good, advertise it thoroughly, and you will be sure to succeed; if it is poor, don't praise it, for people will soon discover you are lying.

Such is the policy of the "Burlington Route," which runs to three great regions in the West: 1st, To Omaha, connecting with the great Pacific Roads. 2d, To Lincoln, the capital of Nebraska, and all that beautiful region south of the Platte, filled with R. R. lands and homesteads. 3d, To St. Joseph, Kansas City and all Kansas points.

The roads are splendidly built, have the best bridges, finest cars, the Miller platform and coupler, and the safety air brake (to prevent the loss of life that is every where else happening); Pullman's sleepers, Pullman dining cars, large and powerful engines (to make quick time and good connections), and are in a word the best equipped roads in the West. So that if you desire to go safely, surely, quickly and comfortably to any point in Southern Iowa, Nebraska, Kansas, or on the Pacific Roads, sure be that you go "By Way of Burlington."

All who wish particular information, and a large map, showing correctly the Great West, and all its railroad connections, can obtain them, and any other knowledge, by addressing General Passenger Agent, B. & Mo. R. R., Burlington, Iowa.

CARPENTERS, Blacksmiths, Saw mill men, Oil men, and other citizens of Forest county, who are in want of anything in the Hardware line, should go to Andrews & Co., Tidioute. They have the largest stock in this section of the country. They are making and repairing all kinds of Machinery and Saw mill castings at short notice. 4-tf.

FOR SALE.—To close an estate, two tracts of land of about 2000 acres, situated on Millstone Creek, Forest County. Heavily timbered, mainly hemlock, valuable for the bark, and supposed by good judges to be good oil territory. Map with particulars at this office.

D. S. Knox having purchased the stock of D. S. Knox & Co., is now selling goods for cash, cheaper than ever they were sold in town. Cash being needed just at this time, he is offering great inducements to cash buyers. Give him a call, and if you don't buy it will not be his fault. 43
