To designate this

Dr. Pierce's Favorite Prescription.

Dr. Pierce's Favorite Prescription.

The term, however, is but a feeble expression of my most matured appreciation of its value, based upon actual and witnessed realities. As a close observer, I have while witnessing its positive results in the few special diseases incident to the separate organism of woman, singled it out as the risman or crewwing grim of my material and the separate organism of woman, singled it out as the risman or crewwing grim of my material and the separate organism of woman, singled it out as the risman of separate organism of woman, and effectual remedy for this class of diseases, and one that will at all times and under all circumstances act kindly and in harmony with the laws which govern the female system, I am willing to stake my reputation as a physician. Nay, even more, so confident am I that it will not disappoint the most sanguine expectations of a single invalid lady who employs it for any of the allments for which I recommend it, that I offer and sell it under A POSITIVE GUAR-ANTEE. If a beneficial effect is not experienced by the time two-thirds of the contents of the bottle are used, I will, on the return of the bottle, two-thirds of the menety poul for it. Had I not

the medicina having been taken according to directions, and the case being one for which I recommend it, promptly refund the mensy pand for it. Had I not the most perfect confidence in its virtues, I could not offer it as I do under these conditions; but having witnessed its truly miraculous cures in thousands of cases, I feel marranted and perfectly angle in risking both my regulation and my manay on its merits.

The following are among those diseases in which my Parestle Prescription has worked cures—as if by magic and with a certainty never before attained by any medicine: Leucorrheas, Excessive Flowing, Painfull Monthly Periods, Suppressions when from unnatural causes, Irregularities, Weak Back, Prolapsus, or falling of the Unerus, Antewersion and Retroversion, Bearing Down Sensations, Internal Hear, Nervons Depression, Debility, Despondency, Thratiened Miscarriage, Chronic Congestion, Inflammation, and Ulceration of the Uterus, and very many other chronic diseases peculiar to woman not mentioned here, in which, as well as in the cases which I have mentioned, my Favorite Prescription works cures—the marvel of the world. This medicine Life one or credit a constant. diseases peculiar to woman not mentioned here, in which, as well as in the cases which I have mentioned, my Favorite Prescription works cures—the marvel of the world. This medicine I do not extol as a cure-all, but it admirably fulfills a singleness of parpose, being a most perfect specific in all chronic diseases of the sexual system of woman. It will not diseases of the sexual system of woman. It will not diseases of the sexual system of woman in any state or condition. It is a most Powerful, Regrenarize Tonic to the general as well as the sexual system, also combining the most valuable nervine properties. Both the misscular and nervous forces are strengthened and built up by its use. It will be found invaluable in diseases incident to prognancy, and can be taken in moderate doses with perfect safety while in that state. Indeed, it is a Mesker's Corvidial, and so prepares the system for parturition that it renders child-labor easy. I have received the heartfelt praise from hundreds of mothers for the inestimable benefits thus conferred.

I offer my Favorite Prescription to the Ladies of America with the sincerity of an honest heart, and for that best welfare. Has stood the test of seven years before the public; and no prepar-ation for the hair has yet been dis-covered that will produce the same covered that will produce the same beneficial results. It is an entirely new scientific discovery combining many of the most powerful and restorative agents in the VEGET-ABLE KINGDOM. It restores CREY HAIR TO ITS ORIGINAL YOUTH-FUL COLOR. It makes the scalp white and clean; cures dandruff and humors, and fulling out of the hair; and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a glossy, and is unsurpassed as a HAIR DRESSING. It is the cheapest preparation ever offered to the public, as one bottle will ac-complish more and last longer than three bottles of any other

DR. SACE'S CATARRH REMEDY. DR. SACE'S CATARRH REMEDY.

It is the only form of instrument yet invented with which fluid medicine can be carried high up and perfectly applied to all parts of the affected nasal passages, and the chambers or cavities communicating therewith, in which sores and ulcera frequently exist, and from which the catarrhal discharge generally proceeds. The want of success in treating Caberth heretofore has arisen largely from the impossibility of applying remedies to these cavities and chambers by any of the ordinary methods. This obstacle in the way of effecting cures is entirely overcome by the invention of the Douche. In using this instrument, the Fluid is carried by its own weight, one smiling, forcing or pumping being required, up one nestril in a full gently flowing stream to the highest portion of the masal passages, passes into and theroughly cleanseal the tubes and chambers connected therewith, and flews out of the opposite nestril. Its use is pleases all the tubes and chambers connected therewith, and flows out of the opposite neutril. Itsuse is pleasant, and so simple that a child can understand it. Full and explicit directions action of the continuous actions are the instrument. When used with this

In others a dryness, dry, watery, weak or inflamed eyes, stopping up or obstruction of masal passages, ringing in ears, deafause, hawking and coughing to clear throat, dicerations, scales from alcers, roles altered, masal twang, offensive breath, impaired or total deprivation of sense of smell and taste, diazinces, mental depression, loss of appetite, indigestion, enlarged tonsils, itching cough, &c. Only a few of these symptoms are likely to be present in any case at one time.

3 Dr. Sage's Catarrb Hemedy, when used with Dr. Pierce's Nasal Douche, and accompanied with the constitutional treatment which is recommended in the pamphlet that wraps each bottle of the Remedy, is a perfect specific for this loathsome disease, and the proprietor offers, in good faith, \$500 reward for a case he can not cure. The Remedy is sold at 50 cents, Bouche at 00 cents, By all Druggists, or either will be mailed by proprietor on receipt of 60 cents. H. V. PIERCE, M. D., Sole Proprietor, BUFFALO, N. Y.

"I find the Grover & Baker Stifeh will wear aslong as the garments do—outwear the garment in fact. The stitch will not break on blas seams, when stretched, as others do; and neither does it draw the work."—Mrs. Dr. Whiting, 4 East twenty-fourth street, N. Y.

DEBILITATED.

WHOSE sufferings have been protracted from hidden causes, and whose cases require prompt treatment to render existence desirable;

If you are suffering, or have suffered from involuntary discharges, what effect does it produce on your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, of urinary organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky or flocky, or is it ropy on settling? Or does a thick skum rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dispepsia? Are your bowels constipated? Do you have spells of frainting, or rushes of blood to the head? Is your memory impared? Is your mind constantly dwelling on this subject? Do you feel dull, listless, moping, tired of company, or life? Do you wish to be left alone, away from everybody? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Do you feel as much confidence in youself? Are your spirits dull and flag. ging, given to fits of melancholy? If so, do not lay it to your liver or dyspepsis. Have you restless nights? Your back weak, your knees weak, and have but lib-
