LOCAL AND MISCELLANEOUS.

—Rev. Burton will hold Quarterly Meeting at Hunter's station on Saturday next. —The rains of the past week raised the creek and river somewhat, but not enough to do the lumbermen any good. —Hackett's mill is running steadily now, and the proprietor is turning out large quantities of lumber, which is being gobbled up by those who are building in town. —The Court House grounds are being sodded, which adds materially to the looks of things around there. The expense is trifling, but the improvement will be marked. —Al. Partridge is dishing out eggs, butter, provisions and boots and shoes to the inhabitants of Pitchole. He was at home on Sunday, and reports business very brisk over there. —Our town presents a lively appearance this week, owing to the fact that this is Court week. We notice that lawyers, jurors, and witnesses predominate. Judge Trunkey presides. —The licenses of all liquor dealers in town expired on Friday last at 12 o'clock, midnight, and notwithstanding we have had some pleasant showers in the interval, we believe some experienced a very "dry" time. —The brass band was out serenading on Saturday evening last, and we were really surprised to hear them play so correctly. We have no doubt that this band will in the course of a few months reflect credit on our town. —The Presbytery of Erie appointed the following delegates to the General Association, to meet in Detroit, in May: Rev. W. A. Rankin, Warren, P.; Rev. N. McPetridge, Oil City, Ministerial; Judge Lowe, Meadville; Samuel Seldon, Erie. —Not a good time to repair the sidewalks in our place, which are really getting in a very dilapidated condition. We hope that those whose business it is to look to these things will have no time in putting the walks in proper condition. —The Democratic Editorial Association, and the State Editorial Association of Pennsylvania, will hold a convention in Erie on the 25th of June. The "bill of fare" will include a sail upon the lake, a banquet, and an excursion through the oil regions. —A petition is to be presented to the Commissioners this week for the use of the Court Room for a home concert, to be given by Prof. Weber and his pupils, assisted by some others who have talent in that direction. We hope the Commissioners will report favorably on the petition. —Bonner & McKay's building, May Parks & Co.'s brick and S. H. Haslet's residence are being put through as rapidly as the weather will permit, and the bridge builders are getting out stone at a great rate. This year will add much to the appearance of our place. —The ejection case of Dale vs. Wilkies was settled satisfactorily by the parties in the suit last week at Pittsburgh. It had been nearly two years since proceedings had been commenced, and it seemed no nearer completion than when it started. We are glad to see that a satisfactory settlement has been arrived at. —Robinson & Bonner have just put up some new curtains in their store, which add materially to the embellishment of their front windows. In this connection we would also remark that they have just received a superior stock of Boots, Shoes, gaiters and slippers, which they sell at prices which cannot fail to please all. Give them a call, and clothe your feet handsomely.

—The Catholic Church society about Tylersburg are erecting a magnificent church, of brick, 50x80 feet which is under roof, the floor and gallery in. The tower is to be 90 feet high, and the structure when completed, will cost \$20,000. Of this amount \$10,000 has been paid in, and all except \$500 has been raised among the members of that church, who comprise about fifty families. \$500 was raised by picnics given for the purpose. This will be one of the most beautiful church structures in this section, when completed. The priest of that charge, whose name just now escapes us, has superintended the whole affair, and will continue to act in that capacity until it is finished. St. Mary's Church is to be the name of the edifice. We do not know of an instance where more energy, self-denial and generosity has been manifested among any sect than in this.

—We learn from the Clarion papers that a sad accident occurred near Ellison's mill on Monday 13th inst., which resulted in the death of a highly esteemed young man, Clement Seigworth. He and some others were rebuilding an oil derick which burned down a few weeks ago, while at work twenty-four feet up, a plank gave way, he fell down through the derick timbers into the well which contained nine feet of water. He was picked up immediately in a comatose condition, and remained so for nineteen hours when death gave him relief. No means were spared for his benefit, but without success. —On Tuesday last, being in a hurry to get some of our mails off, we went to see a boy who had previously been our Devil pro tem, in other words had rolled for us, when we were in a hurry. We interviewed him on the subject, and he informed us that his father had gone away leaving him some work to do, and furthermore volunteered the information that the paternal parent was "a funny man that way," that "when he goes away and leaves work for me to do, and I don't do it, he gets mad." We came away, pondering about the peculiarities of parents. —Decorating Day will be observed here on Thursday of this week, 30th inst. All are requested to contribute flowers, which can be handed in to the committee in the Court House grounds, at 3 1/2 o'clock of that day. The procession, headed by the brass band, will be formed at the Court House at 4 o'clock and march to the Cemetery, to decorate the graves of soldiers who died in the defense of their country. Let everybody attend punctually. —Maj. Goodman has returned from his trout fishing expedition on the headwaters of the Tonesta, and we hear that during his absence he safely landed the enormous quantity of 1490 trout, some of them being eleven inches in length. Some gentlemen from Petroleum Centre, whose names we did not learn, were with him. The Major is an experienced hunter and fisher, and bags as much game as the next one, when he puts his mind to it. —Last week just after closing our forms, a letter was handed us from Jas. Green, Esq., dated at Cincinnati, and relating to the Liberal Convention recently held at that place. Had we received the letter a few days earlier, we should have made some extracts from it. In the communication Mr. Green predicts that the Democracy will fall in with the Liberals, and endorse Greeley, a prophecy which seems likely to be fulfilled. —Robert Gillespie, son of C. F. Gillespie, who has been sick for four or five weeks, unable to get home, desires to return thanks to the citizens of Tionesta for kindness received at their hands during his illness. Especially does he wish to express his gratitude to Mrs. Riddle and family for their care and attention to him. Should it ever be in his power, he will reciprocate in kind. —G. W. N. Yost, convicted of perjury in the United States Court and sentenced to two years in the Western Penitentiary, and to pay a fine of two thousand dollars, an account of which we published a few weeks ago, has been pardoned by the President. It is said that the petition for pardon was the strongest one ever presented to any State or National Chief Magistrate for a number of years. —The Emelton Sun changes its name this week to *The People's Friend*. It seems to us the former was the better name, but the editor is the father and has the right to name his child. —A. S. Moore, Esq., of Tidioute, and Mr. Crosby, of the firm of Crosby & Brown, of Corry, were yesterday admitted to practice in the several Courts of Forest County.

—FOR SALE.—To close an estate, two tracts of land of about 2000 acres, situated on Millstone Creek, Forest County. Heavily timbered, mainly hemlock, valuable for the bark, and supposed by good judges to be good oil territory. Map with particulars at this office.

—The invalid—A Pen Picture. See her pallid countenance, but a short time ago the picture of ruddy health, the envy of the school and the pride of the household. She was always welcomed by her schoolmates, for her lithe form and pleasing disposition carried cheerfulness into their ranks. Diligent, punctual and exemplary, obedient and graceful at home, she won the hearts of all. But alas, we are sorrowed. Those cheeks and ruddy lips are blanched by consumption. The voice once so enchanting in laugh and song is feeble, husky and supplanted by a hollow cough. Let us approach her couch gently and take her hand. Do not shudder because of the feeble and passionless grasp. The hand once so hearty and plump is emaciated and shows bony outlines, while the cords and tortuous veins are plainly mapped upon the surface. The pulse that bounded with repletion, carrying vigor to the whole system and imparting life, beauty, vivacity, health and strength, is delicate to the touch. The feeble heart can not propel the thin, scanty blood with force. Must we lose her while yet in her teens? Companions and friends gather around with words of cheer and consolation and depart with moistened eyes and silent steps. Must we lose her. No! there is relief! We can stay this destroyer of our happiness and not suffer the loss of so bright a gem. Something more is required now than dietary and hygienic observance, for nature calls for aid and she shall have it. Take this pleasant medicine. It is invigorating. How it allays the irritable cough, improves the appetite and digestion and sends a healthy tingle through the frame. The blood is enriched, nervous force increased, and the heart bounds with a new impulse. See her face brighten by degrees; the color returning, her voice is getting clearer, and pleasant words are spoken. The strength filters yet but is gaining. Let us take her out in the warm sunshine. In a short time she will be able to go without our aid, a cheerful girl. This delightful medicine must be God-blessed. It is restoring health to our loved one. She is emerging from her sickness sweeter and nobler than before, and Dr. Pierce's Golden Medical Discovery must have the credit. It has raised her. Sold by all first class Druggists everywhere.

—Richard Keefe, Dennis Shea, Geo. Riggs, and Thos. Franklin, captured in a sail boat, off Erie, on Sunday night. Franklin got an ear and paddled the boat ashore with one of the others on it, who died soon after; the others drifted off, and their bodies were not recovered.

Iowa, Nebraska, Kansas, California.

Advertising alone does not produce success. The thing which is advertised must have intrinsic merit, or else large advertising will eventually do it more harm than good. If you have anything which you know to be good, advertise it thoroughly, and you will be sure to succeed; if it is poor, don't praise it, for people will soon discover you are lying.

Such is the policy of the "Burlington Route," which runs to three great regions in the West: 1st, To Omaha, connecting with the great Pacific Roads. 2d, To Lincoln, the capital of Nebraska, and all that beautiful region south of the Platte, filled with R. R. lands and homesteads. 3d, To St. Joseph, Kansas City and all Kansas points.

The roads are splendidly built, have the best bridges, finest cars, the Miller platform and coupler, and the safety air brake (to prevent the loss of life that is every where else happening); Pullman's sleepers, Pullman dining cars, large and powerful engines (to make quick time and good connections), and are in a word the best equipped roads in the West. So that if you desire to go safely, surely, quickly and comfortably to any point in Southern Iowa, Nebraska, Kansas, or on the Pacific Roads, sure that you go "By Way of Burlington."

All who wish particular information, and a large map, showing correct-ly the Great West, and all its railroad connections, can obtain them, and any other knowledge, by addressing General Passenger Agent, B. & Mo. R. R. R. Burlington, Iowa.

DOCTOR PIERCE'S Golden Medical Discovery. CURES DISEASES OF THE THROAT, LUNGS, LIVER & BLOOD.

In the wonderful medicine to which the afflicted are above pointed for relief, the discoverer believes he has combined in harmony more of Nature's most sovereign curative properties, which God has furnished into the vegetable kingdom for healing the sick, than were ever before combined in one medicine. The evidence of this fact is found in the great variety of most obnoxious diseases which it has been found to conquer in the cure of Bronchitis, Whooping Cough, and the early stages of Consumption. It has established the medical faculty, and eminent physicians pronounce it the greatest medical discovery of the age. While it cures the severest Coughs, it strengthens the system and purifies the blood. By its great and thorough blood purifying properties, it cures all Humors from the source. Scrofula to a common Rheumatism, Pimple, or Eruptive Morbidity, Mercurial poisons, and their effects, are eradicated, and vigorous health and a sound constitution established. Erysipelas, Salt Rheum, Fever sores, Scaly or Scurfy Skin, in short, all the numerous diseases caused by bad blood, are conquered by this powerful purifying and invigorating medicine.

It cures the blood, drives out, and cures all low color of skin, or yellowish brown spots on face or body, frequent headache or dizziness, bad taste in mouth, lateral heat or chills, alternated with hot flushes, low spirits, and gloomy fancies, irregular appetites, and a long catalogue of ailments. Torpid Liver, "Biliousness." In many cases of "Liver Complaint," only just of these symptoms are experienced. As a remedy for all such cases, Dr. Pierce's Golden Medical Discovery has no equal, as it effects perfect cures, saving the lives of a great number, and those who have used it for this purpose are loud in its praise.

The proprietor offers \$1,000 reward for a medicine that will cure all the diseases of which it is recommended. It is the best medicine for the cure of all the diseases of which it is recommended. Prepared by Dr. J. C. Long, Sole Proprietor, at his Chemical Laboratory, 128 Nassau street, Buffalo, N. Y. Send your address for a pamphlet.

WINEGAR BITTERS. PURELY VEGETABLE. FREE FROM ALCOHOL. BEST PREPARED. VINICAR BITTERS are not a fancy Drink, made of Pure Honey, Food Spices and Refine Essences, distilled, brewed, and bottled to please the taste, called "Tonic," "Appetizer," "Restorer," &c., that led the tippler on to drunkenness and ruin, but are a true Medical Bitter, made from the pure roots and herbs of Alabama, free from all Alcoholic Stimulants. They are the Great Blood Purifier and a Life-giving Principle. A Perfect Remedy for Indigestion, the Stomach, carrying off all poisonous matter and restoring the blood to its healthy condition. They are easy and invigorating, both mind and body. They are easy of administration, prompt in their action, certain in their results, and perfectly safe in their use. No Person can take the Bitter according to directions, and remain long unwell; provided their bowels are not completely paralyzed, or otherwise obstructed, and the vital organs have not been so far gone as to be beyond the power of the medicine.

Depressio or Indigestion, Headache, Pains in the Shoulder, Cough, Tightness of the Chest, Distention, Sour Eructations of the Stomach, Bad Taste to the Mouth, Nervous Attacks, Pain in the Head, Heat, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. In these conditions, it has no equal, and one bottle will restore a better guarantee of its medicinal qualities. For Female Complaints, in young or old, married or single, at the dawn of womanhood, or at the close of life, these Bitters are invaluable. They are a medicine that a marked improvement is seen perceptibly.
