FOREST COUNTY OFFICERS.

President Judge—W. P. JENES.
Associate Judges—J. A. PROPER, ANDREW COBE.

LOCAL AND MISCELLANEOUS.

—Rev. and Mrs. E. D. McCreary were in town last week. Mr. McCreary called upon us for a few moments. His wife is still here.

—Rev. Burton will preach at the school house near Hunter's Station, a week from next Saturday evening. He will hold services in the M. E. Church here the next day.

—A man named Ernst from Fagundes was in jail yesterday on a charge of slander, preferred by one of his neighbors. We believe he was taken back there for trial before a justice last evening.

—Fishermen are reaping a rich harvest just now. During the last week we have seen more fish on strings than would victual a regiment for a week. Bass, salmon, pickerel, and suckers are the principal fish caught.

—Col. Reisinger of the Meadville Republican called upon us last week, being in town to attend the funeral of his mother-in-law, Mrs. Winans. The Col. reports business rushing up there, and is in immediate want of two first-class job hands.

—The old Copland well, of which we wrote a few weeks ago, four miles up Hunter's Run, is being tested this week. Casing is to be put in, and a torpedo exploded in the well, when we expect to have some first-class oil news to lay before our readers.

—Strawberries, sweet potatoes and fresh peas made their appearance in town last week, and were eagerly gobbled up by heads of families. Capt. Knox brought them on, and has since been regarded in the light of a public benefactor.

—Our borough schools commenced yesterday with Mrs. S. M. F. Jones and Miss Emma Arner as teachers. We believe this is to be a four months' term. The "bung ideas" about here were forgetting "how to shoot," and it was time that school should commence.

—Jas. Cole captured a fawn last week near Balltown, and brought it to town. It is now at M. Itel's Hotel, and is a very affectionate pet. It is about two weeks old, and one of the prettiest creatures imaginable. We believe this is the first catch of the season in the fawn line.

—The Democratic Primary meetings are to be held on Saturday next, and the convention is to meet on Tuesday next. Not much excitement is expected because of the fact that there is only one candidate for each office announced. We will give the result as soon as it is ascertained.

—A party consisting of several young folks of Tionesta, went to President on Thursday evening of last week, and during the evening "tripped the light fantastic" to their hearts' content. They returned on Friday morning. We understand that a very nice time was had by all who attended.

—We publish to-day, on the first page, the Rules governing the Republican Primary Elections, known as the Crawford County System. A copy of them should be in the hands of every election officer and Return Judge, so that there may be no misunderstandings in regard to the system as there has been heretofore.

—P. T. Barnum's wonderful trav-Museum, Menagerie, Circus and World's Fair, will exhibit in Oil City to-morrow, (Wednesday). This establishment requires seven large tents to exhibit in, and the admission to all is only 50 cents. Doors open at 10 a. m. 1 and 7 p. m. Performances commence at 11 a. m. 2 and 8 p. m. We hear that an excursion train will be run from Tidioute to Oil City in the morning, returning after the evening performance. We presume that large numbers will attend from along the line of the road.

DIED.

HUNTER.—On Wednesday, June 5th at the residence of her son, at Hunter's Station, Mrs. Mary Hunter, aged nearly 81 years.

Mrs. Hunter was born in Centre County, this State, on the 13th day of July, 1791, and was married to Joseph Dale in 1807. Mr. Dale died in 1815. Her father moved to this section during the same year, settling in the place now known as Oldtown. She came on about a year after. In 1821 she married David Hunter, and moved to the farm on which Hunter's Station is now situated. Mr. Hunter died some ten or twelve years ago, since which time she has lived principally with her son, David Hunter. Since she came here in 1815, she never lived more than three miles from the mouth of the Tionesta Creek. She was a member of the M. E. Church for sixty-one years, and died in the faith. She has always been known for her piety, and for years walked from five to seven miles to attend prayer meeting and church, never missing an occasion of this kind when she was able to leave the house. She was buried in the Methodist Church-yard in this place on Saturday, and was followed to her grave by a large procession of relatives and friends. Rev. Burton delivered her funeral discourse on Sunday morning to a crowded house. He spoke very feelingly of her devoutness and consistency. She was a woman universally respected and loved, and will be sadly missed by all who had the pleasure of her acquaintance.

—Sunday and Sunday night the rain descended in such quantities that on Monday morning rafts commenced running out of the creek, but we believe none were landed in the mouth, on account of the water being too swift. At present writing (Monday afternoon), the water in the river has not risen materially, but by the time we go to press it is probable that the water will be up to, if not above rafting stage. A season of general rejoicing and congratulation is now going on, and business is good. The vast amount of good that this water will do the lumber country cannot be computed. We have had no natural rise for over two years, and there must have been over 50,000,000 feet of lumber back. If it continues long enough to get the most of the lumber out, we shall have prosperous times from now henceforth. The sky has still the appearance of rain, and we shall undoubtedly have water enough to supply the demand.

—The types of Oil City played the printers of Titusville a game of base ball, on Saturday of last week, and "walloped 'em gorgeous," the score standing 48 to 23 in favor of Oil City.

—An effort is being made to get up an old-fashioned celebration in town on the Fourth of July but whether it will succeed or not is a question for the public to answer.

—The firm of Bloss Bros. & Cogswell, publishers of the Titusville Herald, has been dissolved. W. B. Bloss retiring. H. C. Bloss and J. H. Cogswell will continue publishing the paper. Mr. Bloss will be very much missed on the Herald, as he is a superior journalist and an agreeable writer. We believe however that the present proprietors will keep the paper up to its present standard.

—The Citizen says that Mr. Chas. Wood who has been manager of the Exchange Hotel since the retirement of Maj. Mills, skeddaddled on Wednesday night last, carrying with him about eleven hundred dollars, three hundred and ninety of which belonged to his wife. It is supposed that he took a steamer at New York for England. It seems that "history repeats itself" in his case, as this is one of his old tricks.

—Latest reports from the Crawford county election, held on Thursday last, prove the nomination of H. L. Richmond, for Congress; William H. Dickson, Register and Recorder, and A. J. McQuiston, Clerk of the Courts, and indicate the nomination of Samuel Minor and Frank Mantor, District Delegates to the Constitutional Convention; M. W. Oliver, Jr., and Fred. Bates for Assembly; Orlando Reed, Sheriff; J. J. Henderson, District Attorney.

—The remains of Mrs. Winans were followed to the depot on Wednesday morning last, by a large circle of friends. She was taken to Waterloo and there interred beside her friends who had gone before. During her long sickness she was more than ordinarily patient, and was ready for death when it came. During her health she was one of our most active women in all good causes, and will ever be remembered gratefully by many who were the recipients of her charity in life.

—Maj. McClintock of the Tidioute Journal has severed his connection with that paper, and is succeeded by G. A. Needle & Co. They had ought to put out a right sharp paper. We wish them unqualified success.

Iowa, Nebraska, Kansas, California.
Advertising alone does not produce success. The thing which advertised must have intrinsic merit, or else large advertising will eventually do it more harm than good. If you have anything which you know to be good, advertise it thoroughly, and you will be sure to succeed; if it is poor, don't praise it, for people will soon discover you are lying.

Such is the policy of the "Burlington Route," which runs to three great regions in the West: 1st, To Omaha, connecting with the great Pacific Roads. 2d, To Lincoln, the capital of Nebraska, and all that beautiful region south of the Platte, filled with R. R. lands and homesteads. 3d, To St. Joseph, Kansas City and all Kansas points.

The roads are splendidly built, have the best bridges, finest cars, the Miller platform and coupler, and the safety air brake (to prevent the loss of life that is every where else happening); Pullman's sleepers, Pullman dining cars, large and powerful engines (to make quick time and good connections), and are in a word the best equipped roads in the West. So that if you desire to go safely, surely, quickly and comfortably to any point in Southern Iowa, Nebraska, Kansas, or on the Pacific Roads, sure that you go "By Way of Burlington."

All who wish particular information, and a large map, showing correctly the Great West, and all its railroad connections, can obtain them, and any other knowledge, by addressing General Passenger Agent, B. & Mo. R. R. R., Burlington, Iowa.

Bronchitis.

This is an irritation or inflammation of the bronchial tubes which carry the air we breathe into the lungs. It arises from a cold settled in the throat, from Catarrh extending to these parts, from scrofulous affections, and from severe use of the voice. The irritation from this latter cause commences in the larynx and glottis, which are the organs of the voice, and, extending downwards, produces hoarseness, coughing, and spitting mucous matter, sometimes mixed with blood. It is chiefly dangerous from its tendency to spread into the lungs, and terminate in consumption. It is in the cure of severe and obstinate cases of this disease that Dr. Pierce's Golden Medical Discovery has achieved unparalleled success, and won the loudest praise from all who have used it. It is sold by all respectable Druggists. 584.

FOR SALE.—To close an estate, two tracts of land of about 2000 acres, situated on Millstone Creek, Forest County. Heavily timbered, mainly hemlock, valuable for the bark, and supposed by good judges to be good oil territory. Map with particulars at this office.

GROVER & BAKER SEWING MACHINES.

The following are selected from thousands of testimonials of similar character, as expressing the reasons for the preference of the Grover & Baker Machines over all others.
* * * "I like the Grover & Baker Machine, in the first place, because if I had any other, I should still want a Grover & Baker; and having a Grover & Baker it answers the purpose of all the rest. It is so handy, and so easy to work and easier to learn than any other."—Mrs. J. C. Croly (Jenny June)
* * * "I have had several years' experience with a Grover & Baker Machine, which has given me great satisfaction. I think the Grover & Baker Machine is more easily managed, and more reliable, than any other. I prefer the Grover & Baker decidedly."—Mrs. Dr. Watts, New York.

"I have had one in my family for some two years; and from what I know of its workings, and from the testimony of many of my friends who use the same, I can hardly see how anything could be more complete or give better satisfaction."—Mrs. Gen. Grant.

"I believe it to be the best, all things considered, of any that I have known of. It is very simple and easily learned; the sewing is better than the ordinary Grover & Baker; and the stitch is so much more complete or give better satisfaction."—Mrs. Gen. Grant.

"I have had the Grover & Baker Sewing Machine for ten or twelve years in constant use in my house. I have seen and known every kind of Family sewing, both personal and household, accomplished by the Grover & Baker Machine, to the entire satisfaction of all concerned."—Rev. Stephen H. Tyng.

"I find the Grover & Baker Stitch will wear as long as the garments, do not wear the garment in fact. The stitch will not break on bias seams, when stretched, as others do; and neither does it draw the work."—Mrs. Dr. Whiting, 4 East twenty-fourth street, N. Y.

The Grover and Baker Sewing Machine Company manufacture both the Elastic and Lock Stitch Machines, and offer the public a choice of the best machines of both kinds, at their establishments in all the large cities, and through agencies in nearly all towns throughout the country. Price lists and samples of sewing in both stitches furnished on application to T. J. VAN GIESEN, Agent, Tionesta, Pa.

DOCTOR PIERCE'S Golden Medical Discovery

THE GREAT CURE FOR THE THROAT, LUNGS, LIVER & BLOOD

In the wonderful medicine to which the attention is above pointed for relief, the discoverer believes he has combined in harmony more Nature's most sovereign curative properties, which has resulted in the vegetable kingdom for healing the sick, than ever before combined in one medicine. The evidence of its great efficacy is found in the great variety of most obstinate diseases which it has been found to conquer. In the cure of Bronchitis, Croup, Whooping Coughs, and the early stages of Consumption, it has astonished the medical faculty, and obtained the highest testimonials. It is the greatest medical discovery of the age. While it cures the severest Coughs, it strengthens the system and purifies the blood. By its great and thorough blood purifying properties, it cures all Humors, from the worst Scrofula to a common Itch, Pimples, or Eruptions. Mercurial disease, Almond poisons, and their effects, are eradicated, and the system purified. It cures Erysipelas, Salt Rheum, Fever Sores, Scaly or Rough Skin, in short, all the cutaneous diseases caused by bad blood, and eradicates by its powerful purifying and invigorating medicine. If you feel dull, drowsy, debilitated, have sallowness of face, or yellowish complexion, bad taste in mouth, internal heat or chills, alternated with chilliness, low spirits, and glaucous forebodings, irregular appetite, and tongue coated, and swollen, it is a sure sign of "Liver Complaint" in many cases of "Liver Complaint" only part of these symptoms are experienced. As a remedy for all such cases, Dr. Pierce's Golden Medical Discovery has no equal, as it effects perfect cures, leaving the system purified and healthy. For the cure of Habitual Constipation of the bowels it is a never failing remedy, and those who have used it for this purpose are and in its praise. The proprietor offers \$1,000 reward for a medicine that will equal his "Golden Medical Discovery" for which it is recommended. Sold by druggists at \$1 per bottle. Prepared by Dr. J. C. Pierce, Proprietor, at his Chemical Laboratory, 151 Seneca street, Buffalo, N. Y. Send your address for a pamphlet.
