WOMAN

By an immense practice, extending through a period of many years, having within that time treated over nine thousand cases of those diseases peculiar to woman, I have been enabled to perfect a most potent and agreeable medicine that meets the indications presented by that class of diseases with positive certainty and exactness.

To designate this natural specific compound, I have mamed it

Dr. Pierce's Favorite Prescription.

To designate this natural specific compound, I have named it

Or. Pierco's Favorite Prescription.

The term, however, is but a feehle expression of my most matured appreciation of its value, based upon actual and witnessed realities. As a close observer, I have while witnessing its positive results in the few special diseases incident to the separate organism of woman, singled it out as the classate organism of woman, singled it out as the classate organism of woman, singled it out as the classate organism of woman, singled it out as the classate organism of woman, singled it out as the classate of diseases, and one that will at all times and under all circumstances act kindly and in harmony with the laws which govern the female system, I am willing to stake my reputation as a physician. Nay, even more, so confident am I that it will not disappoint the most sanguine expectations of a single invalid lady who employs it for any of the ailments for which I recommend it, that I ofter and sell it under A POSITIVE GUAR-ANTEE. If a beneficial effect is not experienced by the time two-thirds of the contents of the bottle, two-thirds of the motients of the intended to the motient having been taken according to directions, and the case being one for which I recommend it, promptly refund the money paid for it. Had I not the most perfect confidence in its virtues, I could not offer it as I do under these conditions; but having witnessed its truly miraculous cures in thousands of cases, I feel warranted and perfectly tap in victing have prejutative and my nearey as its nearth.

The following are among those discases in which my Favorite Prescription has worked cures—as if by magic and with a certainty never before attained by any medicine: I caucorrhose, Excessive Plowing, Painful Monthly Periods, Suppressions when from unnatural cause, Irreputative, Weak Back, Prolapsus, or falling of the Urdra, Ant

vegetable Sicilian Hair Renewer

Has stood the test of seven years before the public; and no preparation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the VEGET-ABLE KINQDOM. It restores GREY HAIR TO ITS ORIGINAL YOUTH-FUL COLOR. It makes the scalp white and clean; cures dandruff and humors, and fulling out of the hair; and will make it grow upon baid heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a glossy, and is unsurpassed as a HAIR DRESSING. It is the cheapest preparation ever offered to the public, as one bottle will ac-complish more and last longer than three bottles of any other

preparation.
It is recommended and used by
the First Medical Authority.
The Wonderful results produced
by our Sicilian Hair Renewer have by our Sicilian Hair Renewer have induced many to manufacture preparations for the Hair, under various names; and, in order to induce the trade and the public to purchase their compounds, they have resorted to falsehood, by claiming they were former partners, or had some connection with our Mr. Hall, and their preparation was similar to ours. Do not be deceived by them. Purchase the original; it has never yet been original: it has never yet been equalled. Our Treatise on the Hair, with certificates, sent free by mail. See that each bottle has our private Revenue Stamp over the top of the bottle. All others are initations.

It is the only form of instrument yet invented with which fluid medicine can be carried high typ and perfectly applied to all parts of the affected nasal passages, and the chambers or cavities communicating therewith, in which sores and alcers frequently exist, and from which the catarrhal discharge generally proceeds. The want of success in treating Catarrh heretofore has arisen largely from the impossibility of applying remedies to these cavities and chambers by any of the ordinary methods. This obstacle in the way of effecting cures is entirely overcome by the invention of the Douche. In using this instrument, the Fluid is carried by its own weight, one anufing, forcing or pumping being required,) up one nostril in a full gently flowing stream to the highest portion of the useal passages, passes into and theroughly cleansceall the tubes and chambers connected therewith, and flows out of the opposite nostril. It suce is pleasant, and so simply that a child can understand it. Full nnd explicit directions accompany each instrument. When used with this instrument, Dr. Sago's Catarrh Remedy cures re-DR. Symptoms of Catarrh. Frequent headache, discharge falling into throat, sometimes profuse, watery, thick mucus, puralent, offensive, &c. In others a dryness, dry, watery, weak or inflamed eyes, stopping up or obstruction of meal passages, ringing in ears, deafness, hawking and coupling to clear throat, ulcerations, ecabs from ulcers, voice altered, meal twang, offensive breath impaired or total deprivation of sense of smell and taste, disziness, mental depression, less of appetitle, indigestion, cularged tousils, tickling cough, &c. Only a few of these symptoms are likely to be present in any case at one time.

**Bur. Sage's Catarrh Hemedy, when used with Bur. Pierce's Nasal Bouche, and accompanied with the constitutional treatment which is recommended in the pamphlet that wraps each bottle of the Remedy, is a perfect specific for this loathsome disease, and the proprietor offers, in good faith, \$500 reward for a case he can not cure. The Remedy is mild and pleasant to use, containing no strong or caustic drugs or poisons. The Catarrh Hemedy is sold at 50 cents, bouche at 50 cents, by all Druggistin, or either will be mailed by proprietor on receipt of 60 cents. H. V. PIERCE, M. D., Sole Proprietor, BUFFALO, N. Y.

"I find the Grever & Baker Stitch will way and house at the carments do—outwear

wear as long as the garments do-outwear the garment in fact. The stitch will not break on bias seams, when stretched, as others do; and neither does it draw the work."—Mrs. Dr. Whiting, 4 East twenty-fourth street, N. Y.

AND DEBILITATED

W HOSE sufferings have been protract ed from hidden causes, and whose cases require prompt treatment to render existence desirable:

If you are suffering, or have suffered from involuntary discharges, what effect does it produce on your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heari? Does your liver, or urinary organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky or flocky, or is it ropy on settling? Or does a thick skum! rise to * "I am sequainted with the work of the principal machines, and I prefer the Grover & Baker to them all, because I consider the stitch more clastic. I have work in the house which was done nine years ago which is still good."—Mrs. Dr. Mc-Cready, No. 43 East 23d street, N. Y.

* "More than two-thirds of all the sewing done in my family for the last two years has been done by Grover & Baker as Machine, and I never had a garment rip or need mending, except those rents which trolicsome boys will make in whole cloth. It is, in my opinion, by far the most valuable of any I have tried."—Mrs. Henry Ward Beecher.

* "The Grover & Baker Sowing Machine has rendered in every respect, the chine has rendered in every respect, the chine has rendered in every respect, the chine has rendered in every respect, the jump? Is your sleep broken or re-tless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Do you feel as much confidence in youself? Are your spirits dull and flag. ging, given to fits of melancholy? If so, do not lay it to your liver or dyspepsia, Have you restless nights? Your back weak, your knees weak, and have but little appetite, and you attribute this to dys pepsia or liver-complaint?

> Now, reader, self-abuse, venereals; deases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health, make the man Did you ever think that those bold, defiant, energetic, persevering, successful busness-men are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, of nervousness, of palpitation of the heart. They are never afraid they cannot succeed in business; they don't become sad and discouraged; they are always polite and pleasant in the company of ladies, and look you and them right in the face-none of your downesst looks or any meanness about them. I do not mean those who keep the organs inflated by running to excess. Those will not only ruin their constitutions, but also these

How many men, from badly cured discases, from the effects of self-abuse and excess, have brought about that state of weakness in those organs that has reduced the geneal system so much as to produce almost every other disease -idlocy, lunacy, paralysis, spinal affections, snieide, and almost every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected and have doctored for all but the right one.

Diseases of these organs require the use of a Diuretic, HELMBOLD'S FLUID EXTRACT BUCHU is the great Diuretic, and is a certain cure for diseases of the Bladder, Kidneys, Gravel, Dropsy, Organie Weakness, Female Complaints, General Debity, and all diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating and no matter of how long standing.

If no treatment is submitted to, Cosumption or Insanity may ensue. Our sources, and the health and happiness, and that of Posterity, depends upon prompt use of a reliable remedy.
