By an immense practice, extending through a period of many years, having within that time treated over nine thousand cases of those diseases peculia to woman, I have been enabled to perfect a most potent and agreeable medicine that meets the indications presented by that class of diseases with positive certainty and exactnoss.

To designate this natural specific compound, I have named it

Or. Pierce's Favorite Prescription.

The term, bowever, us but a feeble expression of my most matured appreciation of its value, based upon actual and witnessed realities. As a close observer, I have while witnessing its positive results in the few special diseases incident to the separate organism of woman, singled it out as the climax ver creaming gent of my medical correct. On its merits as a positive, safe, and effectual remedy for this class of diseases, and one that will at all times and under all circumstances act kindly and in harmony with the laws which govern the female system, I am willing to stake my requirations as a physician. Nay, even more, so combident am I that it will not disappoint the most sanguine expectations of a single invalid lade who employs it for any of the ailments for which I recommend it, that I offer and sell it under A POSITIVE GUAR. ANTEE. If a beneficial effect is not experienced by the time two-thirds of the contents of the bottle are used, I will, on the return of the bottle, two-thirds of the medicine having been taken according to directions, and the case being one for which I recommend it, promptly refund the money pand for it. Had I not the most perfect confidence in its virtues, I could not offer it as I do under these conditions; but having witnessed its truly miraculous curse in thousands of cases, I feel marranted and perfectily afe in risking both my rejustation and my money en its merits.

## Vegetable Sicilian Hair Renewer

Has stood the test of seven years before the public; and no prepar-ation for the hair has yet been dis-covered that will produce the same beneficial results. It is an entirely beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the VECET-ABLE KINCDOM. It restores CREY HAIR TO ITS ORIGINAL YOUTH-FUL COLOR. It makes the scalp white and clean; cures dandruff and humors, and falling out of the hair; and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a If AIR DRESSING. It is the cheapest preparation ever offered to the public, as one bottle will accomplish more and last longer than three bottles of any other preparation.

The Wonderful results produced
by our Sicilian Hair Renewer have
induced many to manufacture
preparations for the Hair, under preparations for the Hair, under various names; and, in order to induce the trade and the public to purchase their compounds, they have resorted to fulsehood, by claiming they were former purt-ners, or had some connection with our Mr. Hall, and their prepara-tion was similar to ours. Do not be deceived by them. Purchase the original: it has never net been original: it has never yet been equalled. Our Treatise on the Hair, with certificates, sent free by mail. It is the only form of instrument yet invented with which fluid medicine can be carried high wy and perfectly applied to all parts of the affected nassal passages, and the chambers or cavities communicating therewith, in which sores and ulcers frequently exist, and from which the catarrhal discharge generally proceeds. The want of success in treating Catarrh heretofore has arisen largely from the impossibility of applying remedies to these cavities and chambers by any of the ordinary methods. This obstacle in the way of effecting cures is entirely overcome by the invention of the Donche. In using this instrument, the Fluid is carried by its own weight, (so sauffing, forcing or pumping being required,) up one nestril in a full gently flowing stream to the highest portion of the nasal passages, passes into and thoroughly cleanesall the tabes and chambers connected therewith, and flows out of the opposite neatril. Hence is pleasant, and so simple that a child can understand it. Full and explicit directions accompany each instrument. When used with this instrument, Dr. Sage's Catarrh Remedy cures recent attacks of "Cold in the Head". by a few applications.

WHOSE sufferings have been protract ed from hidden causes, and whose cases require prompt treatment to render existence desirable:

If you are suffering, or have suffered

from involuntary discharges, what effect does it produce on your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce, palpitation of the heart? Does your liver, or urinary organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky or flocky, or is it ropy on settling? Or does a thick skum rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dispepsia? Are your bowels constipated? > Now, reader, self-abuse, venereals; 4eases badly cured, and sexual excesses, aro all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health, make the man Did you ever think that those bold, defiant, energetic, persevering, successful business-men are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, of nervousness, of palpitation of the heart. They are never afraid they cannot succeed in business; they don't become sad and discouraged; they arealways polite and pleasant in the company of ladies, and look you and them right in the face-none of your downcast looks or any meanness about them. I do nat mean those who keep the organs inflated by running to excess. Those will not only ruin their constitutions, but also these they do business with or for.

How many men, from badly cured discases, from the effects of self-abuse and excess, have brought about that state of weakness in those organs that has reduced the geneal system so much as to produce almost every other disease-idioay, lunacy, paralysis, spinal affections, suicide, and almost every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected and have doctored for all but the right one.

Diseases of these organs require the use of a Diuretic, HELMBOLD'S FLUID EXTRACT BUCHU is the great Diuretic, and is a certain cure for diseases of the Bladder, Kidneys, Gravel, Dropsy, Organie Weakness, Female Complaints, General Debity, and all diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing.

If no treatment is submitted to, Co. sumption or Insanity may ensue. Ourflesh and blood are supported from thesesources, and the health and happiness, and that of Posterity, depends upon
