The Clarion Democrat says that "at the first announcement of the nomination of Greeley for President, a number of the Democrats of this vicinity expressed their disapprobation."

The following items are from the Venango Spectator: On Tuesday night, about 11 o'clock, a caboose car, tender and locomotive, fell through the trestle work at Rockland station.

Swope Goes for Lowry.—This is the way H. Bucher Swope said his respects to Senator Lowry in his speech at Erie on Tuesday night: "Well, he's been in office about ten years, and now he says he is in favor of the one term principle."

A distressing accident occurred at the new dam at Steiner's mill, on Tuesday last week. A son of Mr. J. W. Hassan, of Newtown, about 15 years of age, who was employed in building the dam, was returning from work at noon when he fell from a beam which he was walking, a few feet from the ground.

Yesterday afternoon a lad, about thirteen years of age, named Leo, while carelessly handling a loaded pistol on Water street, accidentally discharged it, the ball entering one of his fingers.

The Stokes Trial.

The interest in this trial culminated Monday morning, when the jury was brought into Court and discharged, they having failed to agree. Stokes was remanded to the Tombs. All manner of rumors were rife as to how the Jury stood. One report places it at nine for murder, one for manslaughter and two for acquittal; another report eight for acquittal, two for manslaughter and two for murder in the first degree.

The following particulars of the proceedings of the Jury are given: On Saturday evening when they first retired to deliberate a ballot was taken which resulted in seven for murder in the first degree, three for acquittal and two for manslaughter in the third degree. The names of the seven for murder are Myer Homberger, Bennett Williams, N. M. Cornish, Byron Stone, John E. F. Bond, Peter E. Hopkins and M. A. Lifferts.

On Tuesday night, about 11 o'clock, a caboose car, tender and locomotive, fell through the trestle work at Rockland station, A. V. R. R., killing Patrick Morrissey, brakeman, and badly injuring Patsy Horn, fireman, of this city, in the back. Mr. Morrissey was riding in the engine, and was caught in the wreck, where he was held as in a vice while the escaping steam from the locomotive boiler scalded him to almost an entire blister. He died in about an hour. The train consisted of only the locomotive, tender and caboose, and was on its way to Pittsburgh to bring another train up. There were five persons aboard, but all escaped with a few scratches, except Morrissey and Horn.

Charles Calahan, of Brady's Bend, was killed on Monday night last at Scrubgrass, by the train on the A. V. railroad going south. The unfortunate man had come to Scrubgrass on a visit and during the evening had drunk considerable. It is supposed he laid down upon the track and fell asleep. The train passed over his body from the thighs to the head, horribly mangle that portion of his person. His mangled remains were not discovered until about an hour after his death.

Mr. Michael Byer, of Glade township, died on Friday last, from the effects of sunstroke. Mr. Byer was about 62 years of age and came to Warren 35 years ago from France.

Mr. Joseph Peclor drove from Irvington to Warren in 28 minutes on Tuesday evening last. This is what we call fast driving. The distance that he drove is about 7 miles.

The Butler Citizen says: The farmers of our county are in the midst of an excellent harvest. The wheat and rye are a reasonable crop, oats very heavy, corn looks very fine, grass twice as good as last year, potatoes good, and a large buckwheat crop sown. If the weather is favorable a fine harvest will soon be gathered.

A Daughter of Mr. Burchfield near Hellen, this county, was drowned on Sunday, June 29th. She with some other children were in bathing, a sister of hers got out in the water where it was too deep and came near drowning, when she caught and brought her safe to shore, and she slipped back into the water and before assistance could reach she went under the water and was brought up lifeless.

Peter Fry, a notorious horse thief, belonging to an organized band between Virginia and Pennsylvania, and who is suspected of stealing a horse from Simon Bitner, of Shippenburg, last fall, and also of burning Mr. Bitner's barn a few days ago, was caught by the police at Martinsburg, Virginia on the 11th, inst., but succeeding in making his escape. He is described as being about five feet nine inches in height, dark hair and eyes, large white front teeth, with one tooth out of his upper jaw. He had on, when last seen, a dark coat, light striped pants, and slouch hat. Our exchanges will confer a favor by giving a description of the villain, that he may be brought to justice.

GROVER & BAKER SEWING MACHINES. The following are selected from thousands of testimonials of similar character, as expressing the reasons for the preference of the Grover & Baker Machines over all others.

"I like the Grover & Baker Machine, in the first place, because if I had any other, I should still want a Grover & Baker, in having a Grover & Baker it answers the purpose of all the rest. It does a greater variety of work and is easier to learn than any other."—Mrs. J. C. Croly (Jenny June)

"I have had several years' experience with a Grover & Baker Machine, which has given me great satisfaction. I think the Grover & Baker Machine is more easily managed, and less liable to get out of order, I prefer the Grover & Baker decidedly."—Mrs. Dr. Watts, New York.

"I have had one in my family for some two years, and from what I know of its workings, and from the testimony of many of my friends who use the same, I can hardly see how anything could be more complete or give better satisfaction."—Mrs. Gen. Grant, Brooklyn.

"I believe it to be the best, all things considered, of any that I have known of. It is very simple and easily learned; and the sewing from the ordinary spools is a great advantage; the stitch is entirely reliable; it does ornamental work beautifully; it is not liable to get out of order."—Mrs. A. M. Spooner, 36 Bond St. Brooklyn.

"I am acquainted with the work of the principal machines, and I prefer the Grover & Baker to them all, because I consider the stitch more elastic. I have work in the house which was done nine years ago which is still good."—Mrs. Dr. McCready, No. 43 East 23d street, N. Y.

"More than two-thirds of all the sewing done in my family for the last two years has been done by Grover & Baker's Machine, and I never had a garment rip or need mending, except those rents which troublesome boys will make in whole cloth. It is, in my opinion, by far the most valuable of any I have tried."—Mrs. Henry Ward Beecher.

"The Grover & Baker Sewing Machine has rendered in every respect, the most perfect satisfaction. It combines so many advantages with beauty of execution and economy in price that it is a necessity in every household."—Mrs. Governor Geary, Harrisburg, Pa.
