Has slood the lest of seven years before the public; and no preparation for the heir has yet been discovered that will produce the same beneficial results. It is an entirely new scientifle discovery combining many of the most powerful and restorative agents in the VECET-ABLE KINGDOM. It restores CREY HAIR TO ITS ORICINAL YOUTH-ABLE RINGDOM. It restores GREY HAIR TO ITS ORIGINAL YOUTH-FUL COLOR. It makes the scalp white and clean; cures dandruff and humors, and fulling out of the hair; and will make it grow upon baid heads, except in very aged persons, as it furnishes the natritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and It makes the hair moist, soft, and glossy, and is unsurpassed as a HAIR DRESSING. It is the cheapest preparation ever offered to the public, as one bottle will ac-complish more and last langer than three bottles of any other

J. C. HULL. This Cut Illustrates the manner of Using DR. PIERCE'S Fountain Nasal Injector,

This instrument is especially designed for the DR. SACE'S CATARRH REMEDY.

DR. SAGE'S CATARRH REMEDY.

It is the outy form of instrument yet invented with which fluid medicine can be carried high up and perfectly applied to all parts of the affected resal passages, and the chambers or cavities communicating therewith, in which seres and ulcers frequently exist, and from which the catarrhal discharge generally proceeds. The want of success in treating Catarrh heretofore has arisen largely from the impossibility of applying remedies to these cavities and chambers by any of the ordinary methods. This obstacle in the way of effecting curea is entirely overcome by the Invention of the Donche. In unine this instrument, the Fluid is carried by its own weight, (no amuffing, forcing or pumping being required,) up one nostril in a full gently flowing stream to the highest portion of the man passages, passes into and thoroughly cleanseral the tubes and chambers connected therewith, and flows out of the opposite nostril. Itsues is pleas. exall the tubes and chambers connected therewith, and flows out of the opposite matrix. Itsuse is pleas-aut, and so simple that a cilid can understand it. DEBILITATED

WHOSE sufferings have been protract ed from hidden causes, and whose cases require prompt treatment to render existence desirable:

If you are suffering, or have suffered from involuntary discharges, what] effectdoes it produce on your general health?" Do you feel weak, debilitated, easily tired? Does a little extra exertion produce" palpitation of the heart? Does your liver, or urinary organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky or flocky, or is it ropy on settling? Or does a thick skum rise to the top? Or is a sediment at the bottom afthe principal machines, and I prefer the Grover & Baker to them all, because I consider the stitchmore clastic. I have work in the house which was done nine years ago which is still good, "—Mrs. Dr. McCready, No. 43 East 23d street, N. Y. " " "More than two-thirds of all the sewing done in my family for the last two years has been done by Grover & Balder's Machine, and I never had a garment rip or need mending, except these renfa which frollesome boys will make in whole cloth. It is, in my opinion, by far the most valuable of any I have tried,"—Mrs. Henry Ward Beecher.

" "The Grover & Baker Sewing Machine has rendered in every respect, the most perfect satisfaction. It combines so many advantages with beauty of execution and economy in price that it is a necessity in every household."—Mrs. Governor Geary, Harrisburg, Pa.

"I have had the Grover & Baker Machine for ten or twelve years in constant use in my bourse. I have seen and known every kind of Family sewing, both personal and household, accomplished up the Grover & Baker Machine, to the ent. satisfaction of all concerned,—Rev. Stephen H. Tyng.

Do you have spells of frainting, or rushes of blood to the head? Is your memory impared? Is your mind constantly dwelling on this subject? Do you feel dull, listless, moping, tired of company, or life? Do you wish to be left alone, away from everybody? Does any little thing make" you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Dô you enjoy yourself in society as well? Do you pursue your business with the same energy? Do you feel as much confidence in youself? Are your spirits dull and flag. ging, given to fits of melancholy? If so, do not lay it to your liver or dyspepsia, Have you restless nights? Your back wear aslong as the garments do—outwear the garment in fact. The stitch will not break on bias seams, when stretched, as others do; and neither does it draw the work."—Mrs. Dr. Whiling, 4 East twenty-fourth street, N. Now, reader, self-abuse, venereals; deases badly cured, and sexual excesses, are the large cities, and through agencies in all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health, make the man Did you ever think that those bold, defiant, energetic, persevering, successful business-men are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, of nervousness, of palpitation No. 2. No. 4. 10.25 a m 3.30 p m 10.38 3.28 41 10.30 43 3.18 41 10.24 3.10 41 11.06 42 2.50 44 of the heart. They are never afraid they cannot succeed in business; they don't become sad and discouraged; they arealways polite and pleasant in the company of ladies, and look you and them right in the face-none of your downcast looks or any meanness about them. I do nat mean those who keep the organs inflated by running to excess. Those will not only ruin their constitutions, but also these they do business with or for,

> How many men, from badly cured diseases, from the effects of self-abuse and excess, have brought about that state of weakness in those organs that has reduced the geneal system so much as to produce almost every other disease-idiocy, lunacy, paralysis, spinal affections, suicide, and almost every other form of disease which humanity is beir to, and the real cause of the trouble scarcely ever suspected and have doctored for all but the right one.

> Diseases of these organs require the use of a Dinretic, HELMBOLD'S FLUID EXTRACT BUCHU is the great Diuretic. and is a certain cure for diseases of the Bladder, Kidneys, Gravel, Dropsy, Organie Weakness, Female Complaints, General Debity, and all diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing.
