Our Candidate for Sheriff.

Before and after the Primary Elections, some false impressions existed in regard to Mr. T. J. Van Giesen, and for fear those impressions are not entirely eradicated, we wish to give the short but correct history of the Republican candidate for Sheriff':

Thos. J. Van Giesen was born down the river within five miles of Tionesta, and lived there until the war broke out, when he enlisted as a private in Capt. Knox's Company, 83d Pa. Reg't, and was credited to Tionesta. He was promoted by degrees to the grade of 1st Lieutenant, for meritor | nduct. He was discharged som the in '64. After leaving the army he returned home and lived there and at President until two years ago, when he moved to this place and bought out W. W. Dimond's wagon and blacksmith shop, and has been carrying on the business ever since. His popularity where he is best known, is attested by the fact that in last spring's election he received the largest vote for town council of any man who run for councilman. At any other man on the ticket. We have not a man in the county more eminently fitted for the duties of the been more acceptable to the people, and we look to see him receive a large majority at the election in October.

The delegates from Armstrong county withdrew, and hence, Mr. Brown only has the endorsement of three counties, Republican voters of Forest county a while the other will probably go against him. Mr. Mason should have been the nominee, and we are informed that the Armstong delegates promised those from Forest, that at any time when Mr. Mason recieved five votes, two of the delegates of Armstrong would vote for him, thus securing him the nomination. He several times afterwards received the requisite number, but Mr. Golden, the Armstrong candidate, would not consent that they should redeem their word. He wanted it himself, and couldn't get it, so withdrew with his delegates from the convention. His influence will probably be thrown against Brown, and at any rate, we believe we have a sure thing on a Republican Senator

HOW TO GO WEST.

This is an enquiry which every one should have truthfully answered before he starts on his journey, and a little care taken in examination of Routes KEEP THEM AND THOU will in many cases save much trouble, time and money.

The "C. B. & Q. RR.," running from Chicago, through Galesburg to Burlington, and the "I. B. & W. Route," running from Indianapolis, through Bloomington to Burlington, have achieved a splendid reputation in the last two years as the leading Passenger Routes to the West. At Burlington they connect with the B. & M. R. R. and form the great Burlington Route, which runs direct through Southern Iowa to Nebraska and Kansas, with close connections to California and the Territories; and passengers starting from Tionesta, on their way westward, cannot do better than to take the Burlington Route.

This Line has published a pamphlet called "How to go West," which contains much valuable information; a large correct map of the Great West, which can be obtained free of charge by addressing the General Passenger Agent B. &. M. R. R., Burlington,
