By an immense practice, extending through a period of many years, having within that time treated over nine thousand cases of those diseases peculia, to woman, I have been enabled to perfect a most potent and agreeable medicine that meets the indications presented by that class of diseases with positive certainty and exactness.

To designate this natural specific compound, I have named it

Dr. Pierce's Favorite Prescription.

The term, however, is but a feeble expression of my most matured appreciation of its value, based upon actual and witnessed realities. As a close observer, I have while witnessing its positive results in the few special diseases incident to the separate organism of woman, singled it out as the climate or creatming goss of my madical careers. On its merits as a positive, safe, and effectual remody for this class of diseases, and one that will at all times and under all circumstances are kindly and in harmony with the laws which govern the female system. ANTEE. If a benificial effect is not experienced by the time two-thirds of the contents of the bottle, rwo-thirds of the medicine having been taken according to directions, and the case being one for which I recommend it, promptly refund the money paid for it. Had I not the most perfect confidence in its virtues, I could not offer it as I do under these conditions; but having witnessed its truly miraculous circs in thousands of cases, I feel marranted and perfectly safe to raising leak my refatition and my money on its merits.

The following are among those diseases in which my Fanorite Prescription has worked cares—as if by magic and with a containty never before attained by any modicine: Leacorthene, Excensive Flowing, Painfull Monthly Periods, Suppressions when from unnatural causes, irregularities, Weak Back, Prelapsus, or falling of the Uterus, Anteversion and Retroversion, Depression, Dability, Dospondency, Threatened Miscaries, Chemic Congestion, Indammation and Uteration of the Uterus, and very many other chronic dis

vegelable Sicilian Hair Renewer

Has stood the test of seven years before the public; and no preparation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery combining many of the most powerful and restorative agents in the VECET-ABLE KINGDOM. It restores GREY HAIR TO ITS ORIGINAL YOUTH-FUL COLOR. It makes the scalp white and clean; cures dandruff and humors, and falling out of the hair; and will make it grow upon bald heads, except in very oged persons, as it farmishes the nutritive principle by which the hair is nowished and supported. It makes the hair mobst, soft, and glossy, and is unsurpassed as a glossy, and is unsurpassed as a HAIR DRESSING. It is the cheapest preparation ever offered to the public, as one bottle will accomplish more and last longer than three bottles of any other preparation. preparation.

than three bottles of any other preparation.

It is recommended and used by the First Medical Authority.

The Wonderful results produced by our Sietlian Hair Renewer have induced many to manufacture preparations for the Hair, under various names; and, in order to induce the trade and the public to purchase their compounds, they are resorted to falsehood, by elalining they were former partners, or had some connection with our Mr. Hall, and their preparation was similar to cars. Ho not be decived by them. Parchase the original; it has never yet been equalled. Our Treatise on the Hair, with certificates, sont free by mail. You never hear such mon complain of being melancholy, of nervousness, of palpitation of the heart. They are never afraid they cannot succeed in business; they don't become sad and discouraged; they arealways polite and pleasant in the company of ladies, and look you and them right in the face-none of your downcast looks or any meanness about them. I do not mean those who keep the organs inflated by running to excess. Those will not only ruin their constitutions, but also those

How many men, from badly cured discases, from the effects of self-abuse and excess, have brought about that state of weakness in those organs that has reduced the geneal system so much as to produce almost every other disease-Idiocy, lunacy, paralysis, spinal affections, suicide, and almost every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected and have doctored for all but the right one.

Diseases of these organs require the use of a Diuretic, HELMBOLD'S FLUID EXTRACT BUCHU is the great Diuretic, and is a certain cure for diseases of the Bladder, Ridneys, Gravel, Dropsy, Organin Weakness, Female Complaints, General Debity, and all diseases of the Urinary Organs, whether existing in Male or Fomate, from whatever cause originating, and no matter of how long standing.

If no treatment is submitted to, Co. sumption or Insanity may ensue. Our flesh and blood are supported from these sources, and the health and happiness, and that of Posterity, depends upon prompt use of a reliable remedy,
