WOMAN

By animmense practice, extending through a period of many years, having within that time treated over nine thousand cases of those diseases peculian to woman, I have been enabled to perfect a most potent and agreeable medicine that meets the indications presented by that class of diseases with positive certainty and exactness.

To designate this natural specific compound, I have maned it

Dr. Pierce's Favorite Prescription.

The term, however, is but a feeble expression of my most matured appreciation of its value, based upon actual and witnessed realities. As a close observer, I have while witnessing its positive results in the few special diseases incident to the separate organism of woman, singled it out as the climans of excuming the owner, and effectual remedy for this class of diseases, and one that will at all times and under all circumstances are kindly and in harmony with the law which govern the female system, I am willing to stake my reputation as a physician. Nay, even more, so comb dent am I that it will not disappoint the most singuine expectations of a single invalid lady who employs it for any of the alments for which I recommend it, that I ofter and sell it under A POSITIVE GUARANTEE. If a beneficial effect is not experienced by the time two-thirds of the contents of the bottle, are used. I will, on the return of the bottle, two-thirds of the modicine having been taken according to directions, and the case being one for which I recommend it, promptly refund the money paid for it. Had I not the most perfect confidence in its virtues, I could not offer it as I do under these conditions; but having witnessed its truly miraculous curres in thousands of cases, I feel warranted and perfectly safe in visiting but my reputation and my messey an it meetit.

It is the only form of instrument yet invented with which fluid medicine can be carried high up and perfectly applied to all parts of the affected nasal passages, and the chambers or cavities communicating therewith, in which sores and ulcers frequently exist, and from which the catarchal discharge generally proceeds. The want of success in treating Catarrh herotofore has arisen largely from the impossibility of applying remedies to these cavities and chambers by any of the ordinary methods. vegetable Sicilian Hair Renewer

Has stood the test of seven years before the public; and no preparation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the VEGET-ABLE KINGDOM. It restores GREY HAIR TO ITS ORIGINAL YOUTH-FUL COLOR. It makes the scalp white and clean; cures dandruff and hamors, and falling out of the hair; and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a II AIR DRESSING. It is the cheapest preparation ever offered the public, as one bottle will accomplish more and last longer than three bottles of any other preparation.

It is recommended and used by the First Medical Authority.

They are never afraid they cannot succeed in business; they don't become sad and discouraged; they are always polite and pleasant in the company of ladies, and look you and them right in the face-none of your downcast looks or any meanness about them. I do not mean those who keep the organs inflated by running to excess. Those will not only ruin their constitutions, but also these

How many men, from badly cured discases, from the effects of self-abuse and excess, have brought about that state of weakness in those organs that has reduced. the geneal system so much as to produce almost every other disease-idioey, lunacy, paralysis, spinal affections, spicide, and almost every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected and have doctored for all but the right one.

Diseases of these organs require the use of a Diuretic. HELMBOLD'S FLUID EXTRACT BUCHU is the great Diuretle, and is a certain cure for diseases of the Bladder, Kidneys, Gravel, Dropsy, Organle Weakness, Female Complaints, General Debity, and all diseases of the Urinary Organs, whether existing in Male or Fomale, from whatever cause originating, and no matter of how long standing.

If no treatment is submitted to, Cosumption or Insanity may ensue. Our flesh and blood are supported from these: sources, and the health and happiness, and that of Posterity, depends upon prompt use of a reliable remedy.
