Hon. H. B. Swoope is spoken of as a candidate for the United States Senate.

Read the story on first page entitled, "Proclamation of General Election."

William H. Seward left an estate worth in the neighborhood of \$200,000.

The absence of the editor will account for all improvements (?) this week.

That flag still flies from Harlan's hickory pole. Bill I suppose you shut her down for thirty days.

Hackett has got his mill in operation, and we now expect the sidewalks ordered by the Town Council will be put through at once.

If you want to see a model barn, take a look at Capt. Knox's new one. We think it perfect in every respect, being convenient and well filled.

From the appearance of that new suit of clothes on our streets, we believe that it pays better to be beaten for office than to be successful.

Jim. Hulings has opened a barber shop in the Dr. Acemb building, in rear of the Superior Lumber Co. Store. Jim has everything new, neat and clean. Give him a call.

Consult with a woman touching her of whom she is jealous; with a coward concerning war, and bearken unto the counsels of a Greeleyite in matters of Reform.

Mr. G. G. Sickles, of New York, was in town last week looking after his business here, and we suppose among other transactions let the contract for building sidewalks in front of lots.

According to the St. Louis correspondent in a late issue of the New York Tribune, the rooms of the Liberal Republican Committee, in Washington have been closed. No wonder the Liberals find it up-hill business to rally.

Robt. Guyton trapped to very large bears, on Salmon creek, this county, one day last week. They weighed over three hundred pounds each. These birds are said to be quite plenty in that neighborhood this season.

We have received the first number of the Fairview Reporter, published by Messrs. Sam'l Young and R. W. Criswell. It is a seven column paper, has a good advertising patronage and presents quite a neat appearance. Success to the new firm.

As usual, these cold, frosty mornings brought to our town Uncle Billy Grove, Capt. Ridgway and John McFarland, who with Davy Hillands and Sam. Haslet started up the creek for their annual hunt. A jollier set of fellows seldom get together, and we wish them success in their hunt.

From the appearance of the new boxes on the steps, one would think Proper & Reck were getting on a new supply of goods, and, from the appearance inside the store, would know they were. A better stock of Dry Goods, Notions, Clothing, Boots and Shoes, Hats and Caps have not been brought into this town lately.

A little trouble occurred between a couple of boys, at the lower end of town, on Friday last. The old lady saw it, rolled up her sleeves and "went for" the larger one, who, it appeared, was too much for her son. The boy "got," and was heard to remark, as he jumped the last fence, and he left part of his coat tail, "By god! you might as well kill a feller, as scare him to death."

But few of our citizens are aware of the amount of freight received at our station. During the last three months there has been received one million three hundred and six thousand six hundred and thirty-five pounds of freight; or six hundred and fifty-three tons, which would load three hundred and twenty-five two-horse wagons. This does not include express matter, which would amount to from five to eight tons more. This will be increased greatly the next three months, as it is just the time of year now when everybody is laying in for their winter supplies.

Improvements still continue in our town. If not by building new—by tearing down old. Last week Col. Thomas tore down the old wigwam, a building that was christened by Uncle Benj. May. In 1860-61 it was a place of much note in our town. Walkins Bros. had it filled with groceries and provisions, and some say they kept a good article of whisky. One of our townsmen used to go up there every afternoon, and soon he would be marching around by himself—hay foot, straw foot, "I was a soldier in Germany."

Last Monday John Thompson was sworn into office, and took his place in the Board of Co. Commissioners. We feel safe in saying that Mr. Thompson will make a good Commissioner, and one that will attend to his duties promptly. The Commissioners office is one of the most important to the tax payers of this county, and we should elect our best men to fill that office, which we think our citizens have done in this case.

The Clearfield County Times says some of the Greeleyites in that section, are now wearing a plaster of tanner's oil and shoemaker's wax in the region of the abdomen. This is a plaster that will draw liberalism all into a scab, and leave a clean surface of loyalty if anything will. Out here it is almost impossible to find a Greeleyite at all, since the election, and when you do find one, he is following his master at a great distance, like Peter; and cursing and swearing too.

The Union League of Philadelphia has resolved to get along with the November campaign, without the aid of Forney and Curtin, and the rest of the Judasses who fought us so bitterly in the State canvass. Poor Forney! even the Tribune is lashing him now, charging him with oppressing Hartranft, not from principle, but because he hated Simon Cameron.

Under a Recommend of the Grand Jury, our Commissioners have purchased of H. G. Tinker & Co., of Oil City, a first-class Steam Heater, for the jail and Sheriff's house. Hereafter it has been impossible to heat the cells in our jail, and those unfortunate who were in there in cold weather had to suffer.

Senator Fenton, the right bower of Horace Greeley in New York, was once sent to the Albany jail to spend the Sabbath. He spoke for the Liberals, at Carroll, a few evenings since, when he took occasion to say it happened upon "wholly mistaken grounds." A lother "jail bird" to the rescue.

"Be you the man that swears folks?" asked a countryman rushing into one of our justice's office. "Yes, sir, I sometimes take men's oaths. What do you want to swear to," said the justice. "Why I just got a letter from my girl, and she says at the bottom, 'P. S. Please answer the swearer soon.'"

"Corn-shackin' is all the go now, and more particularly on Dutch Hill, where the young chaps husk corn all day for their pumpkin pie, beer, and dancing in the evening.

It is rumored that Horace Greeley will take the stamp for General Grant. He will then have surely been on both sides of every question so far.

Peterson's Magazine for November is on our table, ahead of all others. It is an unusually good number, even for this first class lady's book. The principal Steel Plate, "A Game Two Can Play At," is from an original picture, and is a capital illustration of one of the best stories we have read for months. The Prospectus for 1873 is published with this number, and we find that the prices to Clubs are astonishingly low, viz: Three copies for \$4.00, with a superb Mezz-tint (16 inches by 20), "Christ Weeping Over Jerusalem," to the person getting up the club; or six copies for \$9.00, and a copy of the Magazine for 1873 as a premium to the person getting up the club; or eight copies for \$12.00, and both an extra copy and the premium engraving to the person getting up the club. Single copies only \$2.00 per year. Address, Charles J. Peterson, 306 Chestnut Street, Philadelphia Pa.

Harper's Magazine for November, has the following contents: The Mountains, VI., with twelve illustrations; The Listeners, with one illustration; Down the Danube, concluded, with thirteen illustrations; The Great Mother: An Industrial Experiment at South Manchester, with eight illustrations; The Siren of Science, with eight illustrations; The Republican Movement in Europe, sixth paper; The Visit; Geneva, with nineteen illustrations; Old Kensington, with two illustrations; "After Many Days"; Improvisations; The New Magdalen; The Treaty of Washington; Release; A Simpleton, a Story of the Day; Editor's Easy Chair, Editor's Literary Record; Editor's Scientific Record; Editor's Historical Record; Editor's Drawer, with eleven illustrations. Terms \$4.00 per annum, in advance. Harper Bros., Franklin Square, New York.

We clip the following from the Troy (N. Y.) Whig: Some three months since Dr. R. V. Pierce, of Buffalo, N. Y., commenced advertising in the Whig, an article called "Dr. Sage's Catarrh Remedy." We believed at that time it was one of the many catch penny arrangements to swindle people out of their money, but during the past few weeks have become convinced to the contrary. We know of several prominent citizens who have suffered from that loathsome disease "Catarrh," and they pronounce Dr. Sage's Remedy no humbug, and in several instances have been entirely cured. We desire to give Dr. Pierce the benefit of this same. 598

HOW TO GO WEST.

This is an enquiry which every one should have truthfully answered before he starts on his journey, and a little care taken in examination of Routes will in many cases save much trouble, time and money.

The "C. B. & Q. RR.," running from Chicago, through Galesburg to Burlington, and the "I. B. & W. Route," running from Indianapolis, through Bloomington to Burlington, have achieved a splendid reputation in the last two years as the leading Passenger Routes to the West. At Burlington they connect with the B. & M. R. R. and form the great Burlington Route, which runs direct through Southern Iowa to Nebraska and Kansas, with close connections to California and the Territories; and passengers starting from Tionesta, on their way westward, cannot do better than to take the Burlington Route.

This Line has published a pamphlet called "How to go West," which contains much valuable information; a large correct map of the Great West, which can be obtained free of charge by addressing the General Passenger Agent B. & M. R. R., Burlington, Iowa.

GRAND GIFT CONCERT.

Positively to December 7, 1872. The second GRAND GIFT CONCERT in aid of the Public Library of KENTUCKY, announced for September 8, 1872, became the subject of orders the day before the concerting made it physically impossible to fill them without a few days' delay, and as a short notice was inevitable, it was determined to defer it to a time that would make a full drawing sure by the sale of all the tickets.

The money necessary to pay in full all the deferred tickets is now on deposit in the Farmers' and Merchants' Bank, as will be seen by the following certificate of the Cashier:

GROVER & BAKER

SEWING MACHINES.

The following are selected from those and testimonials of similar character as expressing the reasons for the preference of the Grover & Baker Machines over all others.

"I like the Grover & Baker Machine, in the first place, because it has no other. I would not part with it for any other. I would not part with it for any other. I would not part with it for any other."

"I have had several years' experience with a Grover & Baker Machine, and I can say that it is the best machine I ever used. It is simple, durable, and easy to run. It does not require much oil, and it does not get hot. It is a great improvement over all other machines."

"I have had one in my family for some two years and from what I know of its workings, and from the testimony of many of my friends who use the machine, I can hardly see how any other could be made so perfect. It gives better satisfaction than any other. Mrs. Geo. W. Drumm, Grand Rapids, Mich."

"I believe it to be the best of all things considered, and that I have never seen any other. It is very simple and easily repaired. It does not require much oil, and it does not get hot. It is a great improvement over all other machines."

"I am acquainted with the work of the principal machines, and I prefer the Grover & Baker to them all, because I consider the Grover & Baker more elastic. I have used it in the house, and it has done every kind of work that I have ever had to do. It is a great improvement over all other machines."

"I have had one in my family for the last two years and from what I know of its workings, and from the testimony of many of my friends who use the machine, I can hardly see how any other could be made so perfect. It gives better satisfaction than any other. Mrs. Geo. W. Drumm, Grand Rapids, Mich."

"The Grover & Baker Sewing Machine has revolutionized in every respect, the most perfect of its kind. It is simple, durable, and easy to run. It does not require much oil, and it does not get hot. It is a great improvement over all other machines."

"I find the Grover & Baker Sewing Machine well adapted for the garments that are made in the factory. The stitch will not break on high sewing, when stretched, as the Grover & Baker Machine, to the satisfaction of all concerned. Rev. Stephen H. Tye, N. Y."

"I find the Grover & Baker Sewing Machine well adapted for the garments that are made in the factory. The stitch will not break on high sewing, when stretched, as the Grover & Baker Machine, to the satisfaction of all concerned. Rev. Stephen H. Tye, N. Y."

"The Grover & Baker Sewing Machine Company manufacture both the Elastic and Lock Stitch Machines, and offer the public a choice of the best machines of all kinds, at their establishments in all the large cities, and through agencies in nearly all towns throughout the country. Price lists and samples of sewing in both stitches furnished on application to T. J. VAN GENSEN, Agent, Tionesta, Pa."
